NOTICE.

Delhi, the 6th November 1935.

A competitive examination will be held in Delhi on the 30th March 1936, and subsequent days, for entry to the Indian Military Academy, Dehra Dun, and the Royal Air Force College, Cranwell, in the terms beginning on or about the 20th August and in September 1936, respectively.

2. The examination will be a combined examination for the purpose of filling vacancies in the two Institutions mentioned above. A candidate may apply to be admitted to the examination for both or either. If he wishes to be admitted as a candidate for both, he

should state this on his application form. Separate applications are not required. He will be required to pay the application and examination fees once only. If he proves successful as a candidate for both he will ordinarily be assigned to the one for which he expressed a preference in his application; but the Government of India reserve power to assign him to either.

3. At this examination 15 vacancies will be offered for entry to the Indian Military Academy. The Governor-General in Council, however, reserves to himself the right to fill the last three vacancies by nomination from among those who have qualified but failed to obtain sufficient marks to secure one of the first twelve vacancies. One vacancy will be filled by competition for entry to the Royal Air Force College, Cranwell.

4. The examination will be the same for all arms of the Indian Army, *i.e.*, Cavalry, Artillery, Signals, Engineers and Infantry. Those cadets who wish to elect for the Artillery, Engineers and Signals will be permitted to do so during their course at the Academy, at the discretion of the Commandant, provided they obtained 40 per cent. of the maximum marks in each of the subjects, Lower Mathematics and Physics, at the examination.

5. Candidates must have been born not earlier than the 2nd May, 1916, and not later than the 1st May 1918, and must be unmarried and domiciled in India. These age limits can in no case be relaxed. A candidate who desires to appear at the examination is required to submit his application in the prescribed form with the necessary documents on or before the 20th December 1935, in accordance with the instructions given on that form. Copies of the Rules and the Application Form, etc., may be obtained from the Local Government or Administration or Durbar concerned.

The fact that an application form has been supplied, on whatever date, will not be accepted as an excuse for the late submission of an application. Candidates who delay their requests for forms until a late date will do so at their own risk.

6. Applications should be sent by registered post. If a candidate fails to register his application, he does so at his own risk. If a candidate desires an acknowledgment, he should also send his application "registered, acknowledgment due".

NOTE.—If any candidate has appeared at the examination held in October 1935, and, in the event of his not being successful thereat, wishes to appear at the examination to be held in March/April 1936, he must submit his application by the prescribed date without waiting for the results of the former examination. Should he have been successful, his candidature for the March/April examination will be cancelled.

In most cases, however, it will probably be found advantageous to buy such a set as indicated in the list specially for demonstrating purposes, and subsequently to develop simplified duplicates illustrating the same principles which the boys should be given opportunity, actually to experiment with, on their own individual account or working in pairs.

The following book is recommended for the use of teachers in connection with the teaching of "Sand Modelling" in the lower classes of schools:—

A. F. Frye. The Child and Nature.

N.B.—I. Every school that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list:—

(1) A measuring tape and metre scale and foot-rule.
(2) A magnetic compass.
(3) Squared paper and tracing paper.
(4) Clay, dry sand, paper pulp for modelling.
(5) A globe not less than 14 inches in diameter, with writing surface, and with line of latitude and longitude and outlines only the land masses marked upon it.
(6) A map of the school locality on a scale of 4″ or 6″ = 1 mile.
(7) A map of the district in which the school is situated, 1″ = 1 mile.
(8) A coloured map of the province.
(9) A coloured political map of India.
(10) A physical map of India.
(11) A relief map of India.
(12) A map of the world on Mollweide's equal-area projection and a map of Asia.
(13) A practical Atlas of Modern Geography (George Gill & Sons).

It is essential that the student should be provided with atlases, or with the necessary hand-map, and with a drawing instrument box. Maps for school work should not contain too much detail or crowded with names.

II. The following additional equipment is recommended when it can be provided, but the lack of it is not to be considered as a bar to the recognition of the school in Geography:—

(1) A thermometer.
(2) A mercury barometer.
(3) A rain-gauge.
(4) A small collection of typical rocks, in particular, those of the Province and India.
(5) A small museum of typical products.
(6) A good standard atlas.
(7) Geographical pictures.
(8) Magic lantern and slides.

III. (1) The attention of teachers is invited to the raised maps of Bengal, and Eastern Bengal and Assam made of paper pulp prepared by Babu Kailaschandra Dutt, Head Pandit, Habiganj Government Girls' School, Sylhet, and sold for Rs. 7 and Rs. 5, respectively.

(2) Globes of all kinds are made by George Phillip & Son, London, W. and A. K. Johnston, London, and Messrs. Ruddiman, London. Small hand-globes of German make can be obtained through the Indian School Supply Depot for about a rupee each.

(3) The "Comparative" Series of large wall maps of the continents published by George Phillip & Son is good and up-to-date; as also are the geographical wall maps published by Edward Stanford. Messrs. Ruddiman Johnston publish a series of smaller wall maps which include maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District Maps, also ordinary and relief maps of the province.

Babu L. M. Basu, the Drawing Master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablache French wall maps on strong card-board, name on one side, and the same map without names on the reverse, published by Arman Collin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

(4) The hand maps coloured to indicate relief published by the Diagram Company, West Barnes Lane, New Malden, Surrey, at one penny each, are the best of their kind.

The uncoloured half-penny maps showing river system and a few towns published by the same Company, are excellent for class use.

The autograph hand maps, with hill shading in brown, published by Messrs. Edward Stanford, London, at one penny each, are very good, and are larger than the Diagram Company's hand-maps. The 15" map of the world of Mollweid's equal-area projection is specially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Horns Hacbett of Paris, Messrs. Holzel of Vienna, and Messrs. Longmans, Green & Company. They cost, delivered in India, from two or three rupees each.

Map lantern slides and view slides specially prepared for Geography teaching are sold by the Diagram Company for two or three shillings each. Mr. Sain of Darjeeling also sells good picture slides of the Himalayas at Rs. 15 per dozen.

PART IV

Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 4220L.C.—14th November, 1935.—The following report of the Select Committee on the Bengal Relief of Indebtedness Bill, 1935, with the Bill embodying amendments recommended by them, annexed, is hereby published for general information.

Report of the Select Committee on the Bengal Relief of Indebtedness Bill, 1935.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Relief of Indebtedness Bill, 1935, was referred by a motion carried in the Bengal Legislative Council on the 28th August, 1935, have the honour to submit this our report with the Bill embodying amendments recommended by us annexed. All matter recommended to be omitted by the Select Committee has been printed in *italics* and enclosed in square brackets and all new matter recommended to be inserted has been underlined.

2. The Bill was published in English in an *Extraordinary* issue of the *Calcutta Gazette* of the 12th August, 1935.

3. We do not consider that the Bill has been so altered by our recommendations as to require republication.

4. The Committee met for the first time in Calcutta on the 29th August, 1935, continued its sittings in Darjeeling on the 16th October, 1935, and concluded them on the 28th October, 1935.

5. The changes made in the Bill are as follows:—

In the first paragraph of the Preamble we have considered it desirable to specify clearly that the Bill is intended to provide for the relief of indebtedness of agricultural debtors.

Clause 1.—We have also for similar reasons changed the Short Title.

Clause 2, sub-clause (1).—We have included in this definition dairy farming as we consider this to be a well-recognised branch of agriculture.

Sub-clause (2).—The alteration has been made in view of the insertion of clause 9A regarding joint debts.

Sub-clause (5).—The alteration made here is consequential upon the new proviso to clause 4.

Sub-clause (8).—We have considered it desirable to omit items (*i*) and (*ii*) as we do not see any special reason for excluding these debts from the definition. We have, however, excluded from definition of debt contingent liabilities and share of produce of land payable under the system known as *adhi*, *barga* or *bhag*.

Item (*iv*) has been revised from a drafting point of view to make the intention clearer.

Items (*vi*) *and* (*vii*) have been replaced by new item (*va*) at the suggestion of the Government of India to which we have agreed.

Sub-clause (9).—We have recast the first portion of the definition of debtor to include a *raiyat*, under-*raiyat* or person who cultivates land by himself or by members of his own family or by hired labourers or by *adhiaras*, *bargadars* or *bhagdars*.

We have considered it desirable to include in this definition groups of persons who join in making an application under clause 9A (*1*).

We have omitted the second portion of the existing sub-clause (*9*) in regard to the finality of the decision of the Board and have reproduced it as a new clause 19A as being more suitable.

Sub-clause (15).—The change made here is purely verbal.

Sub-clause (16).—The additions to the expressions "*raiyat*" and "under-*raiyat*" are necessitated by the use of these expressions in the revised definition of debtor in sub-clause (*9*) referred to above.

Clause 3(2).—The omission suggested here is purely consequential to the omission of clause 8.

Clause 4.—We have modified the proviso to clause 4 so as to ensure that when a Board is dissolved, and it is not possible for the Local Government for any reason to appoint another Board, any work in connection with work already undertaken by the defunct Board, other than the making of the award, may be carried out by the Collector. The award, however, shall be made by an officer of judicial experience to be especially appointed in this behalf by the Local Government.

Clause 7.—We have considered it desirable to provide that the Local Government and not the Commissioner should be the authority to invest Boards with special powers. The other change in this clause is purely consequential.

Clause 8.—We have considered it desirable to omit this provision as, in our opinion, if a Board is given power to withdraw applications from other Boards it may lead to undesirable complications. We have, however, inserted a new clause 33A providing for the transfer of applications under clause 9 from one Board to another. We have also considered it desirable to give the Appellate Officer power to transfer applications if he considers it expedient to do so—*vide* new clause 34A.

Clause 9.—We have recast sub-clause (*1*) in order to restrict applications being made to Boards established for the area in which a debtor ordinarily resides.

Sub-clause (2).—We have omitted this sub-clause as being inappropriate. We have, however, inserted two new sub-clauses (*6*) and (*7*) in this clause providing for a further application being entertained by a Board for good and sufficient reasons.

In sub-clause (*7*) we have considered it desirable to make a specific provision to the effect that a Board is not to entertain a further application under sub-clause (*1*) or sub-clause (*3*) in respect of a debt which has been incurred by a debtor after the date of the first application

This important change will ensure that the Bill should be an emergency measure only.

New clause 9A.—We have considered it desirable to include this new provision relating to settlement of debts by joint debtors

In sub-clause (*2*) power is given to the Board to entertain an application by a debtor if he is jointly liable in respect of any debt and if the other joint debtors refuse to join in his application.

Clause 11.—We have revised this clause by including in it provisions for the furnishing of some more particulars in the statement of debt than were included in the original clause.

Clause 12.—We have slightly modified sub-clause (*2*) to provide that notice of the Board's order shall be given to all persons whose names and addresses are given in the application.

A new sub-clause (*3*) has been added providing that the applicant shall be examined on oath or affirmation and that the substance of such examination shall be recorded in writing by the Board. We consider that such a memorandum will be found useful in case of a revision or appeal against the order or decision of the Board.

Clause 13.—We have recast the first paragraph of sub-clause (*1*) to make the intention clearer. We have also altered the period during which the debtor and creditors shall submit a statement of debt under the sub-clause from two months to one month as we think the latter period adequate.

In sub-clause (*2*) we have omitted the proviso and reproduced it as part of the new proviso to sub-clause (*3*).

Sub-clause (3).—We have considered it desirable to include provisions for variation or revision of an order of the Board by review or on appeal. We have added a further proviso to cover the case where a Board has ceased to exist The order under sub-clause (*2*) or sub-clause (*3*) may be varied or reversed by the Appellate Officer on application. In this sub-clause we have also provided for costs being allowed against the debtor if, and to such an extent as, the Board considers reasonable.

Clause 14.—In sub-clause (*3*) we have included the successor in interest of a debtor and have considered it desirable to include in it a provision that documents not submitted previously may be admitted as evidence later if it is proved to the satisfaction of the Civil Court that there were sufficient reasons for their non-production before the Board in the first instance.

Clause 17.—We have considered it desirable to omit the proviso to clause (*b*) in sub-clause (*1*).

We have inserted a general provision in clause 1(*c*) for the dismissal of applications when the Board is satisfied that the debtor is attempting to use the provisions of the Act with a view to defraud any creditor.

We have recast sub-clause (*2*) providing for dismissal of an application in case of transfer of any property by any debtor within two years previous to the date of such application with a view to defraud any creditor.

Clause 18.—The changes made in sub-clause (*1*) are with a view to make the intention clearer.

We have recast the proviso to provide that the decree of the Civil Court shall be conclusive evidence only as between the parties to the decree.

In sub-clause (*2*) we have included a provision that the Board before passing an order will hear the parties and consider the evidence produced.

In sub-clause (*3*) we have omitted the proviso as being undesirable.

The change in sub-clause (*4*) is merely verbal.

Clause 19.—We have omitted from clause (*1*) (*a*) the words "and may dismiss the application in respect of the remaining debts of the debtor" and from (*1*) (*b*) the words "and may dismiss the application in respect of the remaining debts" as being unnecessary.

We have modified sub-clauses (*1*) (*b*) and (*1*) (*c*) in such a manner that the provisions are to apply only when creditors, to whom is owing not less than forty *per cent.* or sixty *per cent.* of the total secured and unsecured debts, have agreed.

In the proviso to clause (*1*) (*c*) we have considered it desirable to add a provision that the terms are fair terms in the opinion of the Board.

Sub-clause (2).—We have omitted this sub-clause and reproduced it as new clause 21A which bars the application of clauses 19, 20 and 21 to debts due in respect of arrears of rent.

We have added an Explanation to this clause as to the meaning of the expressions "secured debt" and "unsecured debt."

Clause 20.—The change in paragraph 2 is to make the intention clearer.

Clause 21.—We have considered it desirable to revise clauses (*1*) (*a*) and (*1*) (*b*) giving power to the Board to reduce the debts of a debtor to such amount as may be paid within a period not exceeding twenty years and fixing the principle upon which each instalment is to be fixed. In case the Board considers it undesirable or impracticable to reduce the debt as above the Board shall specify what portion of the immovable property of the debtor (including not more than one-third or less than one acre of his land to be left as provision towards his maintenance) shall be excluded from the sale and what of the remainder shall be sold for the payment of the debt.

We have considered it desirable to include a new sub-clause (*1a*) authorising the Certificate-officer to sell the property of the debtor in the manner provided in the Bengal Public Demands Recovery Act, 1913.

Sub-clause (2).—In the proviso we have considered it desirable to include properties which are declared by a civil court or are discovered to belong to the insolvent debtor. The other alterations are verbal.

Clause 22.—The changes in sub-clauses (*2*) and (*3*) are consequential. We have omitted sub-clause (*4*) as unnecessary.

Clause 23.—We have inserted a new sub-clause (*1*) (*a1*) to provide for the inclusion of a list of the movable properties of the debtor on which there is a mortgage, lien or charge.

In sub-clause (*1*)(*d*) we have included a proviso regarding the payment of the amount according to the order specified in the proviso.

New clause 23A.—We have considered it desirable to make a special provision regarding the inclusion of arrears of rent (included in an award) in a suit instituted by the landlord for the recovery of the arrears of rent accruing during the continuance of the award.

We have also considered it desirable to give power to any creditor to whom any amount is due under the award to pay to the court arrears of rent to prevent the sale of the debtor's land in execution of rent decrees.

Clause 24.—The alteration in this clause is purely consequential upon the inclusion of new clause 24A.

Clause 24A.—We have considered it desirable to provide by this clause that the provisions of Chapter XIV of the Bengal Tenancy Act, 1885, shall apply to lands sold by a Certificate-officer under this Act.

Clause 25.—The change in sub-clause (*1*) is intended to provide for the case of joint-creditors. We have recast sub-clause (*2*) in order to give power to the Certificate-officer, in a case where he allows time to the debtor within which to pay any amount due under the award, to direct that a similar period of time shall be given to the debtor after the time fixed in the award for payment of any other amount payable thereunder.

Sub-clause (*2a*) repeats certain provisions of original sub-clause (*2*) of clause 25 as in the Bill as introduced

We have recast sub-clause (*3*) to enable the Certificate-officer to sell only such portion of the property of the debtor as will be sufficient to pay all amounts payable under the award.

The changes in sub-clause (*4*) are consequential.

Clause 26.—The changes in sub-clause (*1*) are consequential. We have inserted a new sub-clause (*1a*) requiring the Certificate Officer to pay out of the distribution of sale-proceeds first any amount payable as costs of sale in execution of the Certificate. We have also revised sub-clause (*1*) (*a*) in view of the insertion of clause 24A.

In sub-clause (*1*) (*b*) the reference to a decree passed by a Civil Court has been omitted as being undesirable

We have recast sub-clause (*3*) to make the intention clearer

In sub-clause (*4*), we have omitted the opening reference to clause 21(*2*) as being unnecessary.

We have considered it desirable to add a proviso that in case the sale-proceeds are insufficient to meet the payment of the amounts payable under the award the Board may pass an order declaring the debtor to be an insolvent.

New clause 27A.—By this clause we have given an opportunity to the debtor to apply to the civil court to set aside an *ex parte* decree referred to in the proviso to sub-clause (*1*) of clause 18.

Clause 28.—The alteration made in this clause is to mak on clearer.

Clause 29.—We have recast the proviso in view of the proviso added to clause 26(*4*). The other changes in this clause are purely verbal.

Clause 30.—In sub-clause (*ii*) we have considered it desirable to alter the period of six months to three months.

In sub-clause (*iii*) we have for similar reasons changed the "date of the signing of an award made" to "the date of an application under clause 9."

Clause 31.—The alterations are to make the intention clearer.

Clause 32.—The alterations are purely verbal.

Clause 33.—The alteration here is consequential upon the change made in sub-clause (*1*) (*a*) of clause 34.

Clause 34.—The change in sub-clause (*1*) (*a*) is to make the intention clearer. We have omitted sub-clause (*1*) (*d*) as being unnecessary.

In the proviso we have altered "an officer" to "a person" in order to enable the Local Government to appoint any person it considers suitable. The other changes are of a consequential character.

We have inserted a new sub-clause (*1a*) to provide that an appeal shall lie if made within thirty days.

In sub-clause (*3*), the addition is intended to provide that the appellant shall be given an opportunity of being heard.

A new sub-clause (*7*) has been added to prevent an appeal against a decision passed by the Board with the consent of the debtor and the creditor.

Clause 34A.—See the remarks under clause 8.

Clause 34AA. This new clause will give power to the Appellate Officer to give his opinion, advice or direction to a Board seeking the same.

Clause 36.—The small emendation in this clause follows the change made in clauses 33 and 34.

New clause 36A.—We have considered it desirable to bar the application of the Indian Evidence Act and the Code of Civil Procedure to proceedings before a Board. The procedure is to be laid down by rules to be made under the Act.

Clause 37.—We have recast this clause by omitting the reference to persons who are proclaimed touts as being unnecessary in view of the provision that the Board's permission is required before any agent can appear.

We have added a proviso authorising a son or husband of a party to appear before a Board even if he is a legal practitioner.

Clause 44.—We have considered it desirable to alter this clause to provide that an award shall be assignable in the manner prescribed by rules under this Act and not as a decree of a civil court.

Clause 45.—The alterations in sub-clauses 1(*a*) (*b*) and (*2*) are with the desire to guard against abuse and to make the intention clearer.

We have reduced the maximum penalty under this clause from seven years to three years.

Clause 46.—In sub-clause (*c*) we have included the Appellate Officer in order to enable his allowance to be fixed by rules. The other alterations in this clause are purely consequential, except that by the insertion of a new sub-clause (*3*), the power of making rules is subject to the condition that the rules are to be made after previous publication.

We recommend that the Bill, as reported on by us, be passed.

The official members of the Committee desire to make it clear that as the changes made in clauses 9, 14(*a*), 23A (*b*), 24A and 36A require the previous sanction of the Governor General, they are unable to accept responsibility for them in the absence of such sanction.

NOTE.—The signature of Dr. Naresh Chandra Sen Gupta, Mr. H. S. Suhrawardy, Khan Bahadur A. F. M. Abdur Rahman, Khan Sahib Maulvi Mohammad Bashiruddin and Babu Hem Chandra Roy Choudhuri had not been received up to the time of publishing the Report.

Joint minute of dissent (by way of reservation) by the Hon'ble Khwaja Sir Nazimuddin, Mr. F. A. Sachse and Mr. H. P. V. Townend.

Government reserve the right to move any amendments to the changes proposed in the following clauses, after further consideration, *viz*:—

Clauses 2(*a*), 2(*9*), 9(*7*), 9A, 18(*3*), 19(*1*) (*b*) and proviso, 21, 23(*1*) (*d*), 23A, 24A, 25(*2*), 26(*1*) (*a*) and 34AA.

Minute of dissent by Mr. Narendra Kumar Basu, M.L.C.

I dissent from several of the provisions of the Bill as settled by the Committee.

When at the start of the proceedings, I asked the Hon'ble Member-in-charge if he could give us time or when the Bill came before the Council an idea as to the policy of Government in carrying out the measure, whether they were willing to find some money for the purposes of the Bill the Hon'ble Member declared that Government would not *advance any money* and was not prepared to give any financial help. That in my judgment is enough for the Council to throw the Bill out altogether. To provide for compulsion and not to provide any funds would in my opinion be tantamount to wrecking the whole system of agrarian and rural credit and to head straight for an economic revolution.

The official viewpoint was stated to be that creditors might be compelled but debtors not. If the debtor does not think it advantageous to come in for a settlement of the debts, he must not be compelled.

It is from this point of view that the provisions of clauses 9 (*3*) and 13 (*3*) have been framed.

I shall only mention here that the principal provisions to which I object are—

(*1*) Clauses 3 (*2*) and 34—regarding the qualifications of the Chairmen of Boards having the compulsory powers and of the Appellate officers.

(*2*) Clause 13 (*3*) and if that is retained the inadvisability and inconsistency of retaining clause 9 (*3*).

(*3*) The retention of clause 20 and more specially the last sentence thereof postponing execution of a decree for ten years *even where there is no award.*

(*4*) Clause 37 prohibiting the employment of lawyers before Boards which would exercise such wide powers as are contemplated.

I may mention that the opposition to my proposal for fixing the court-fees for applications by *debtors* under clause 9 at a nominal figure throws the intentions of the Government and its supporters into strong and lurid relief. One wonders if leaving everything to the executive even in fiscal matters would be tolerated in any other atmosphere. I am sorry that for personal reasons I am unable to make this note as full as I had intended but I reserve liberty to move amendments to the clauses not mentioned herein, in Council.

Minute of dissent by Mr. S. M. Bose, M.L.C.

In this note of dissent I shall only deal with certain general questions of principle, matters of detail being left to be dealt with by amendments at the proper time.

2. **Clause 3(2).**—In the case of Boards exercising powers under clause 7, it is very necessary that the Chairman, at any rate, should be an experienced judicial officer of at least ten years' standing. The Board may have to deal with difficult questions of civil law, and the Chair should have a thorough knowledge of such law. Under the Central Provinces Debt Conciliation Act, as appears from a report in the *Statesman* (Dák Edition, dated 24th October last) a Conciliation Board has been established at Sohagpur under the Chairmanship of a Sub-Judge. It is to be remembered that under the Central Provinces Act, debt conciliation is on an entirely voluntary basis, and even then, a judicial officer has been appointed Chairman. The argument that there are not enough judicial officers for the purpose is unsound, as the work of the civil courts will be very greatly diminished when this Act comes into operation. It is also possible as in the Central Provinces, for the Government to establish two Boards with a common Chairman. In any event, the qualifications of the Chairman should be laid down in the Act itself, and not left to be regulated by rules. Further, the services of retired judicial officers may be availed of.

3. **Clause 13(3).**—This clause says that if on the application of a creditor, notice is issued on a debtor calling upon him to submit a statement of his debts within one month, and if he fails to do so, the creditor's application is to be dismissed. This is against all principles of justice and equity, and the clause should be deleted Under clause 9, either the debtor or the creditor may apply to the Board for debt-conciliation.

If the debtor applies, and the creditor fails, after notice, to submit a statement of debt, then under clause 13(2) the amount stated in the debtor's application is to be taken as correct, and no debt of which the creditor has failed to submit a statement (unless admitted by the debtor) is to be payable. But in the case of the creditor's application, if the debtor defaults, the application is to be dismissed. In all fairness, in such a case, the amount stated in the creditor's application should be taken as correct, on the analogy of clause 13(2). There are only two alternatives on principle. Either the creditor should not be allowed to apply at all under clause 9; or if he is allowed, then the same rule should prevail as in the case of the debtor's application.

The principle embodied in this sub-clause is reminiscent of archaic law where the plaintiff had to drag the defendant to the court before the court would assume jurisdiction in the matter.

4. **Clause 20.**—This, to my mind, is the most objectionable clause in the whole Bill and should be entirely omitted or radically modified. It negatives the principle underlying clause 19, namely, that where a large proportion of the creditors agree (40 per cent. or 60 per cent. as the case may be), and the offer seems fair to the Board, then the composition may be put through and gentle compulsion applied to the other creditors. It is understood that it is not the intention of the Government to enforce absolute compulsion, but clause 20 in effect compels the creditors to accept whatever terms are considered fair to the Board (even though not a single creditor accepts them) for otherwise their claims cannot be enforced for many years (the period of postponement may extend upto 20 years) which means practically that their claims cannot be enforced at all. If the object of the Government be to enforce naked compulsion then clause 19 is superfluous, and the Bill might then consist of a single clause 20. Attention is invited to section 20 of the Punjab Act of 1934, which provides for a certificate being given by the Board to a debtor in respect of a debt where the terms offered are (1) considered fair by the Board, and (2) are accepted by creditors holding 40 per cent. or more of the total debts. Attention is also invited to the Report of the Commission appointed to consider the question of agricultural indebtedness in the Protectorate of Zanzibar which was presided over by the Chief Justice of the Protectorate. The main step suggested in the Report was the adjustment of debts by amicable settlement through Conciliation Boards similar to those established under the Central Provinces Act and the Punjab Act. The Zanzibar Commission recommended that a Conciliation Board should consist of a Resident Magistrate, an Indian and an Arab, and should have the power to impose on the parties any adjustment which is acceptable to the debtor and to 60 per cent. in value of his creditors. In any event, the provision at the end of the clause that even if there is no award, the creditor's claim may be postponed upto ten years, is inequitable, and against all principles. Arbitrary power is given to the Board, which may instead of making an award, penalise a particular creditor by imposing an offer on him at its entire discretion, without any reference to the views of the creditors, be they secured or unsecured, and if he does not agree, his claim is postponed for a period upto ten years. There is no justification for this.

5. **Clause 27.**—Joint-stock Banks and Co-operative Societies should be placed exactly on the same footing, as both lend out money received from depositors. There is no exemption under the Punjab Act or under the Central Provinces Act of co-operative societies from the scope of these Acts; in fact, Central Provinces Act expressly includes such societies within the definition of a creditor. The rate of interest to be allowed may be prescribed as originally proposed in clause 2(3) (*vii*) of the Bill when introduced in the Council.

6. **Clause 34(1)—Appellate Officer.**—The qualifications of this officer should be laid down in the Act itself. It is very necessary that he should be an experienced civil judicial officer of several years' standing, and not below the rank of a Subordinate Judge. Retired judicial officers with this qualification should be eligible. Reference is invited to the remarks made in paragraph 2 above.

7. **Clause 37.**—There is no reason why legal practitioners should not be allowed to appear at any rate before Boards having power under clause 7 of the Bill, and before the Officer appointed under the proviso to clause 4. Intricate questions affecting the rights of various parties will have to be considered by them and lawyers will be of great assistance.

Minute of dissent by Babu Khetter Mohan Ray, M.L.C.

I still adhere to my view that the rent should not be included within the purview of this Bill. Rent is payable by instalments and generally rents are not sued for till the arrears are about to be barred, i.e., on the eve of expiry of the 4th year, thus the tenants have sufficient opportunities to pay by instalment. If further instalments are allowed for payment of arrears of rents and rent decrees, it will be very difficult for the landlords to pay revenue and rents to the superior landlords.

2. Joint-stock Banks should not be included in the Bill. These Banks are public Banks registered under the Company's Act. Several crores of rupees have been invested in these Banks by the public by way of share capital and deposits,

If these Banks are included, it will hit hard the general credit and trade and commerce of the country. Most of these Banks are financing trade and industry as well as agriculture.

3. In the Bill itself no provision has been made as to personnel of the Board. These Boards will be called upon to decide important questions of facts and sometimes of law. Village people such as we generally find in the Union Boards should not be appointed members of the Boards. From our experience of the Union Boards, we are of opinion that the constitution of the Boards should avoid this class of persons who are very often amenable to the influence of village factions and other undesirable influences. These Boards should be presided over by persons having judicial experience, who should be paid by fees, if non-official. The Board should sit at the headquarters of a subdivision. Lawyers should be allowed to appear. I do not see any reason for excluding lawyers from the Board. Appearance of lawyers will check many irregularities, illegalities and even corrupt practices.

4. There are stringent provisions in various forms to compel the creditors to appear before the Board on the application of the debtor and after his appearance, if he refused to accept terms offered by the debtor which in the opinion of the Board are fair, harsh and inequitable provisions are made in the Bill for punishing the creditor for his refusal. But there is no provision to compel the debtor to appear before the Board on the application of the creditor and have the debt settled. This is one-sided arrangement. I am of opinion that similar provisions should be made to compel the debtor to appear before the Board. The question of losing revenue on account of court-fees should not enter into consideration in providing compulsory measures for appearance of the debtor on the application of the creditor. For, the effect of the passing of the present Bill will have the effect of decreasing revenue on court-fees.

To my mind, legislation should proceed on the voluntary basis as in the Central Provinces. In order to make the debt conciliation successful without injuring rural credit, compulsory provisions should be omitted.

The Appellate Officer should in all cases be the District Judges or his Subordinate Officers to whom he may delegate his powers. Executive officers should not be appointed Appellate Officer.

Clause 20.—Provision for granting certificate should be omitted. At least in cases decided under clause 19 (*1*) (*a*) clause 20 should not be made applicable.

When the debt can be settled at any amount, it is not necessary to retain provisions for insolvency. These provisions do not exist in similar Acts, passed in other provinces. I am of opinion, clauses 21 and 22 should be deleted. Other objections will be preferred by way of amendments to the Bill.

Minute of dissent by Mr. Saileswar Singh Roy, M.L.C.

I beg to submit the following note of dissent on the report of the Select Committee on the Bengal Relief of Indebtedness Bill, 1935:—

1. **Clause 3(2).**—In the case of Boards exercising powers under clause 7, the Chairman should be an officer of judicial experience of not less than 10 years, and not below the rank of a senior Munsif. The Chairman's qualifications should be provided in the Act itself, and not left to rules.

2. **Clause 13(3).**- This clause should be deleted. Under clause 9, either the debtor, or the creditor may apply under this Act to the Board. If the debtor applies and the creditor fails to comply with the notice to supply a statement of debt, then the amount stated in the debtor's application is to be deemed correct, and no debt excluded from the creditor's statement is to be payable. But in the case of the creditor's application, it is to be dismissed if the debtor defaults. This is against all principles of equity. In such a case, the amount stated in the creditor's application should be taken to be correct, on the lines of clause 13(*2*).

Either the creditor should not be allowed to apply at all, or if he is so allowed, the same rule should prevail as in the case of the debtor's application.

3. The provisions of clause 14(*3*) and clause 31(*b*) seem to be rather contradictory. Clause 31 should be re-drafted in the light of clause 14(*3*) to remove any further controversy on the point.

4. **Clause 20** should be entirely omitted or radically altered. This clause negatives the principle underlying clause 19, namely, where a large proportion of the creditors agree (40 per cent. or 60 per cent., as the case may be), and the offer to the Board seems fair, then the composition may be put through, and gentle compulsion may be applied to the other creditors. It is understood that it is not the intention of Government to enforce absolute compulsion but clause 20 is in effect intended to compel the creditors to accept whatever terms are considered fair by the Board, for otherwise their claims cannot be enforced for many years (the period of postponement may extent up to 20 years). If the policy of Government is to enforce out and out compulsion, clause 19 is meaningless. In any event, the provision at the end of clause 20 that even

if there be no award, the creditor is to be postponed for a period up to ten years is inequitable and is opposed to all principles of law. This is the most objectionable clause in the whole Bill.

5. **Clause 34(1)—The Appellate Officer.**—His qualifications should be prescribed in the Bill. It is very necessary that he should be one with considerable judicial experience and not below the rank of a Subordinate Judge either in service or retired.

6. **Clause 37.**—There is no reason why legal practitioners should not be allowed to appear at any rate before the Appellate Officer. Intricate questions affecting the rights of parties have to be settled by such tribunals, and lawyers will be of considerable help to them. The bar should therefore be removed.

Constituted Attorneys of parties irrespective of the fact whether they are lawyers or not, should be allowed to appear before the Board having powers under clause 7 of the Bill and also before the Appellate Officer.

Minute of dissent by Maulvi Abdul Hamid Shah, M.L.C.

I signed my name with the note of dissent on the clauses 27 and 37, which I shall put forward as amendments in the discussion in the Council.

Minute of dissent by Khan Bahadur Maulvi Alimuzzaman Chaudhuri, M.L.C.

Owing to my illness I could not attend the Select Committee meeting. I reserve my right to place amendments at the time of reconsideration of the Report.

Minute of dissent by Maulvi Syed Majid Baksh, M.L.C.

I sign the Report of the Select Committee of the Bengal Relief of Indebtedness Bill, 1935, subject to the following note of dissent.

The provision to make the sureties jointly liable to the fullest amount of debt although the share of debt of a debtor is reduced is unjust because it may be in many cases the sureties out of a disinterested motive and merely to help a debtor lent his name to the joint debt. In such a case it would be too harsh to penalise a surety. Hence to clause 9A (*1*) a further sub-clause (*c*) should be added for the protection of such sureties as mentioned above. Moreover, if the share of debt of an agriculturist is reduced, the others should not be saddled with more than their share. Clause 2 (*8*) (*iv*) (*b*) is ambiguous. It is not clear what sort of arrears of rent is meant. It should be cleared up by an amendment.

Clause 17 (*2*) (*b*) is unnecessarily harsh on the debtor because there may be such cases where the debtor not knowing that the Bengal Agricultural Debtors Act is coming to existence may have made a transfer of the property for self-protection. Such cases should be provided for.

In clause 19A there should be provision that the decision of the Board shall be final.

The exclusion of three *bighas* of land for the maintenance of an insolvent debtor should be in addition to his homestead.

Minute of dissent by Raja Bahadur Bhupendra Narayan Sinha, of Nashipur, M.L.C.

So far as the object of the Bill is concerned it is laudable. We appreciate the motive which has inspired the Government to introduce the Bill and to take up this vital question of the province. We cannot but be thankful to the authorities for recognising the necessity of tackling this problem of Rural Indebtedness.

But the methods that have been adopted are likely to be of doubtful utility. The Hon'ble Member has cited the case of Bhawnagore State. Amongst other measures adopted to relieve the debt-oppressed *khedu* (agriculturist), the Bhawnagore Durbar sanctioned a debt redemption scheme depending for its application on the voluntary co-operation of the *sowcars* (money-lenders) and the indebted *khedu*. But the Durbar was not satisfied by merely passing a new law, but as a measure of practical relief, the Durbar had sanctioned some money to pay off the debts. The nominal outstanding arrears shown as owing by *khedus* in *sowcars'* books amounted to Rs. 86,38,000, and the same have been compounded and compromised under the scheme by the Durbar, paying on behalf of the indebted *khedus* Rs. 20,59,000. This is the practical way of solving this great problem of problems. If the Government want to give the full benefit of the Bill to the indebted agriculturists they must provide a loan from the Government of India at the usual interest of 3 per cent. and then they can lend the money to the agriculturists by way of settling their debts, at a higher rate of interest. If the loan from the Government of India cannot be secured, the next course would be to organise

rural banks in each subdivision which can advance money on the security of the landed property. But mere passing of the Bill will not achieve the object fully and successfully.

It is further admitted that the Chandpur Boards had success. But there is much difference between the method adopted at Chandpur, and the one provided in the Bill. Three types of Boards are proposed to be set up under this Bill. But only the first type resembles the Boards as set up at Chandpur subdivision whose duty had been to amicably settle debts on the lines of the Central Provinces and the Punjab Boards. The power of compulsion given to the other Boards is admittedly wider than what was recommended by the Board of Enquiry. Secondly, the Chandpur Board has selected a few cases, whereas the Bill would apply to all without exception. So these factors should be considered seriously before we launch the Bill.

I would like to make a few observations with regard to some of the clauses.

Rent should not be included within the purview of the Bill. Ever since the permanent settlement and the passing of the Bengal Tenancy Act of 1885, rent has been enjoying a special form of sanctity, and the civil courts are not empowered to allow instalments in decree for arrears of rent. The inclusion of arrears of rent can only be considered as a measure of temporary emergency and not as a permanent one. In the Central Provinces and the Punjab Acts arrears of land revenue are excluded. If the analogy of the Central Provinces and the Punjab Acts are strictly followed in all their implications, the claim for arrears of rent to be excluded from the category of debt becomes irresistible.

In the award some provision should be made for the payment of current rent. From the standpoint of debtor this should be done. If no provision be made, naturally the debtor will make default and his holding is liable to be sold and the object of the Bill will be frustrated.

A certificate as to the satisfaction of the arrears of rent due by a debtor should be a condition precedent to the granting of an award at the instance of the debtor or creditor as recommended by the Enquiry Committee.

Under clause 13, if any creditor fails to comply with a notice under sub-clause (*1*), the Board will declare that "the amount of any debt due to him from a creditor on the date of such order shall, for the purposes of this Act, be deemed to be the amount stated in the statement of debt submitted by the debtor, and that no debt of which the creditor has failed to submit a statement, other than a debt which the debtor has included in his statement of debt, shall be payable;"

"and such order shall not be questioned in any civil court or in any manner."

"If any debtor fails to comply with a notice under sub-section (*1*), the Board shall dismiss the application."

There should not be an invidious distinction between a debtor and a creditor.

Clause 2(*8*)(*III*) brings rent accruing after the filing of the application till the date of determination within the definition of debt. This will directly interfere with the collection of rent, as the time between the application and the date of determination will necessarily be a long one and the debtor will naturally withhold payment of such rent on the ground that it will form part of the award. So some provision should be made to realise rent which has not been mentioned in the application during the pendency of the application.

In clause 2(*8*)(*III*) after the word "when" the following words be added, namely, "An application is made under section 9 or 9A" and the words "A Board determines the amount of debts under section 18" be deleted.

In clause 9(*6*) in the last line the words "Sub-section (*2*) of" be deleted.

In clause 13(*3*) substitute the word "Shall" for the word "May."

In clause 18, the following proviso be added after sub-clause (*4*):—

"Provided that if a debtor does not pursue the application after such determination, the Board shall, upon the application by a creditor, make an award for the entire amount so determined or else such determination of debts will cease to subsist and the parties will be relegated to the original position."

At the end of clause 20 the word "Two years" be substituted for "Ten years."

At the end of clause 22 the following explanation be added:—

"The words 'unsecured debt' in this clause have the same meaning as in the explanation under clause 19."

Clause 28.—At the beginning of the clause add the following words:—

"Except as provided for in section 23A."

At the end of the clause 31(*b*) add the following:—

"Unless it is proved to the satisfaction of the civil court that there were sufficient reasons for non-production of the documents before the Board."

Minute of dissent by Mr. Ananda Mohan Poddar, M.L.C.

I send my note of dissent on some of the provisions of the Bill as settled by the Select Committee. I reserve the right to deal with the other provisions at proper time.

Public opinion as we find in the circulated papers is strongly against the various provisions of the Bill. Before introducing a measure comprising so many important changes in the existing civil law, it would have been proper if the opinion of the Hon'ble High Court, the highest Judiciary in the land, as well as of the District Judicial Officers, had been ascertained. This should be done even at this stage and before the Bill is put on the Legislative anvil.

The Government would have done better if it had examined the recommendations of the Central Banking Enquiry Committee regarding debt conciliation and ascertained how far the Government are in a position to act in accordance with these recommendations. I would quote a few observations made by the said Committee in this connection:—"The general experience recorded in all these provinces has been that any scheme of debt conciliation could not succeed until adequate organisation for carrying out debt clearance has been built up, and unless some agency like the Government or the co-operative credit societies or land mortgage banks where they exist is forthcoming to make cash advance to the debtors, in order to enable them to pay the compound debt, at least in part, to the creditor. The Central Provinces Committee are satisfied that many creditors would readily agree to accept in full satisfaction of their dues considerably less sums if paid down in cash. They also express the hope that the District Development Boards and those assisting in the campaign of rural reconstruction would be able to help in evolving a scheme of debt redemption. The Punjab Committee report that their evidence leads them to believe that in many cases the money-lender is finding recovery increasingly difficult and is more disposed than ever before to compound his claims It is thought, they say, that he would agree to substantial reductions if he were given an assurance that the amount finally settled would be repaid by a fixed date without further effort on his part; and it is suggested that the best way of giving him this assurance would be to allow him to transfer his debt, or such part of it as could not be paid at once, to the co-operative society as a deposit which would be repayable *pari passu* with the instalment fixed for the debtor, subject to a maximum period of, say, ten years." (Paragraph 90 of the Report.) It is the duty of the Government to give effect as far as possible to the recommendations of the Committee set up by the Government for the purpose. So far as we have been able to ascertain from the Hon'ble Member in charge of the Bill, the Government of Bengal are not prepared to shoulder any financial responsibility for the successful working of the proposed Act. This makes me very diffident as to the success of debt conciliation measures in Bengal.

The Government of Bengal in asking the creditors to make sacrifice in order to give relief to the debtors are themselves keeping aloof and refuse to find out money for the purpose. This is simply to rob Peter to pay Paul. I am sorry to have to observe that this attitude of the Government will kill the rural credit of Bengal.

Clause 1, sub-clause (3).—The Bill being an emergency measure, the duration of its application should be restricted accordingly. It should be provided that the Act shall remain in force in a notified area for a limited period only.

Clause 2, sub-clause (8).—I object to the inclusion of a decree or order of a Civil Court to the definition of debt except for the purpose of Clause 19 (*1*) (*a*), i.e., for amicable settlement.

Clause 2, sub-clause (8) (ii).—Debt incurred by an agriculturist for the purpose of trade should not be included in the definition of debt. I want to retain the original sub-clause (*8*) (*i*).

Clause 3.—The Boards should be established in district towns and at the subdivisions and not in the interior. In these days of easy communication there would be little or no difficulty for the parties to attend such Boards in towns. This will prevent the parties from falling into the clutches of the village touts. If the Boards are situate in the towns away from the rural areas they will be free from any local influence that may be exercised upon them for either party, whereas on the other hand, if they require, they may avail of legal help or of the help from the intelligentsia of the town.

Clause 3, sub-clause (2).—It is nowhere suggested in the Bill that the Chairman or the members of the Board will be men of judicial or legal experience. Many intricate questions of law arise in rent suits and mortgage suits as well as on suits on promissory notes. The Bill as a whole proposes to oust the civil courts of their jurisdiction in these days when people cry hoarse for the separation of executive and judicial functions. It is certainly undesirable to divest the civil courts of their jurisdiction and to place civil matters in the hands of laymen or executive or revenue officers who are generally devoid of legal training. The contemplated Boards that will be vested with arbitrary powers may not be immune from abuses that are rampant in union courts in rural areas. For these reasons, the Chairman at least should be a person with some judicial experience, and the qualifications of the Chairman should be laid down in the Act itself, and not left to be regulated by rules.

Clause 12.—The manner of serving the notice should be embodied in the Act itself and should not be left for rules. The notice must be by registered post under this clause as well as under clauses 13 and 23.

Clause 13, sub-clause (3).—Under clause 9 either the debtor or the creditor may apply to the Board; in the case of the creditor's application if the debtor defaults, the application is to be dismissed; but in the case of the debtor's application, if the creditor defaults, the latter will be made to suffer inasmuch as under clause 13(2) the amount stated in the debtor's application is to be taken as correct.

This is against all principles of equity or justice. If you allow the creditor to apply, then in all fairness, the same rule should be allowed to prevail and if the debtor defaults, the amount stated in the creditor's application should be taken as correct on the analogy of clause 13(2).

I strongly object to this sort of discrimination.

Clause 19.—This clause provides for the settlement of debts either amicably or otherwise. So far as the settlement is amicable or agreed there is nothing to object to. But this clause contemplates compulsion inasmuch as the non-agreeing creditors can be made bound by the terms offered by the debtor under certain conditions. The compulsion introduced under sub-clauses (*b*) and (*c*) of this clause should be made milder by providing the percentage referred to in clause (*b*) to be at least fifty per cent. and in clause (*c*) seventy-five per cent. instead of forty per cent. and sixty per cent. respectively.

Clause 20.—The grant of certificate under this clause is intended to penalise the recalcitrant creditor. It negatives the principle of the milder form of compulsion provided under clause 19(*1*) (*b*) and (*c*) inasmuch as it gives the Board most arbitrary powers by which an offer may be imposed upon the creditor at its discretion without any reference to the views of the creditor and if he does not accept that offer his claim is postponed up to ten years. It means that under the threat of the infliction of clause 20 the creditor will be made to agree to the terms offered by the debtor or by the Board, as the case may be. This is out and out compulsion without any restriction and is a most objectionable clause in the whole Bill and with this retained, the colour of conciliation is gone.

It should be deleted.

Clause 21.—Not only the dwelling house of the insolvent debtor will be exempted from sale but immovable property to the extent of not more than one-third or less than one acre of land shall be exempted for his maintenance.

Provision of this nature is not justifiable. There is no such provision under the ordinary law of insolvency. Its inclusion will only defeat the object of insolvency procedure and with this safeguard the debtor will readily welcome insolvency.

Even if this is to be retained, it should not be more than one-third which in no case would exceed one acre of land.

Clause 27.—Joint stock banks and co-operative credit societies should be placed exactly on the same footing, as both lend out money received from the depositors.

Clause 34 (1).—The qualification of Appellate Officer should be laid down in the Act itself. It is necessary that he should be an experienced judicial officer not below the rank of a Subordinate Judge.

Clause 37.—The legal practitioners will be debarred from appearing before the Board and the Appellate Officers. Intricate questions affecting the rights of various parties will have to be considered by the Board and the Appellate Officers and the lawyers will be of great assistance to them. Without the help of the lawyers, the parties will not be properly represented and the door will be wide open to village touts.

Clause 46.—The Bill leaves many things with the Local Government under the rule-making clause. The functions of the Legislature should not be usurped in this way. This is undoubtedly very drastic as placing the rights of the creditors and debtors at the discretion of a few executive officers of the Local Government.

Minute of dissent by Haji Badi Ahmed Chowdhury, M.L.C.

Clause 1 (2).—It should extend to the whole of Bengal; if Calcutta is to be excluded, I suggest that other municipalities should also be excluded

Clause 3 (1).—The Local Government may by notification establish at least one or more Debt Settlement Boards in each of the thanas.

(2) Of the four members to be appointed two must be non-official—one district board or local board member who is elected by the agriculturists, creditors, debtors and others.

Clause 21(1) (b).—Before passing orders for sale of two-thirds of immovable properties the consent of the debtor should be obtained; if no consent be given, Board should order for repayment of his debts by sale of half of the produce of his properties.

Minute of dissent by Maulvi Abul Quasem, M.L.C.

I do not agree with all the provisions contained in clause 9A (2), particularly the proviso. An agricultural debtor is being granted relief all right but the person, a non-agriculturist, who by standing surety for him helped him to get a loan and tide over his difficulty, is being left to shift for himself. The creditor will proceed against him and realize all his dues from him but he (the surety) will never be able to reimburse himself for what he will have to pay on account of the principal debtor. The curious and unfortunate result will be that the man who befriended the agricultural debtor when he was in dire need of money will be penalised. This is, to say the least, most unfair. The Bill is designed to help the agricultural debtor, not to punish his friends in need. I am strongly of opinion that the relief which is being granted to the debtor should be extended to his surety also.

The other points on which I differ from the recommendations of the Select Committee I will bring up in the Council in the shape of amendments.

(*c*) particulars, so far as they are known to the creditor, of the debtor's property, as in clause (*c*) of sub-section (*1*);

(*d*) particulars, so far as they are known to the creditor[*s*], of any supplementary income of the debtor; and

(*e*) a declaration that agriculture is the primary means of livelihood of the debtor.

Procedure on receipt of application.

12. (*1*) On receipt of an application under section 9 the Board shall pass an order fixing a date and place for examining the applicant, unless the application is dismissed forthwith under section 17. [*Cf.* C. P. Act II of 1933, s. 7.]

(*2*) The Board shall, in the prescribed manner, give notice of such order to the debtor (if he is not himself the applicant) or (if the debtor is the applicant) to [*the creditors named*] all persons whose names and addresses are given in the application.

The Bengal [Relief of Indebtedness] Agricultural Debtors Bill, 1935.

(Clause 13.)

(*3*) The applicant shall be examined on oath or affirmation on the date fixed under sub-section (*1*) or on such other date as the Board may fix and a memorandum of the substance of the statement made by the applicant shall be recorded in writing by the Board.

Further statements of debts.

[**13.** (*1*) *If, after examining the applicant, the Board considers it desirable to effect a settlement of debts, it shall issue and publish in the prescribed manner a notice that, within two months of the date of publication of such notice, the debtor (unless the debtor is himself the applicant) and every creditor shall submit a statement of debt in the prescribed form* :] [*Cf.* C. P. Act II of 1933, s. 8.]

13. (*1*) If after examining the applicant, the application is not dismissed forthwith under section 17, the Board shall, in the prescribed manner, serve a notice on the debtor (unless the debtor is himself the applicant) and on every creditor named in the application and also publish a general notice requiring the debtor and all creditors to submit a statement of debt in the prescribed form within one month of the date of service of the notice, or publication of the general notice, whichever is later :

Provided that, if the Board is satisfied that the debtor or any creditor [*was*] is for good and sufficient cause unable to comply with such notice, it may extend the period for the submission of his statement of debt.

(*2*) If any creditor fails to comply with a notice under sub-section (*1*), the Board, if so empowered under section 7, may pass an order in writing declaring that the amount of any debt due to him from the debtor on the date of such order shall, for the purposes of this Act, be deemed to be the amount stated in the statement of debt submitted by the debtor, and that no debt of which the creditor has failed to submit a statement, other than a debt which the debtor has included in his statement of debt shall be payable ;

and such order shall not be questioned in any Civil Court or in any manner :

[*Provided that an order made under this sub-section may be varied or reversed by the Board on an application for review or by the Appellate Officer on appeal if the creditor proves to the satisfaction of the Board or of the Appellate Officers, as the case may be, that the creditor had no knowledge of the notice under sub-section* (*1*) *or that he has complied with it.*]

(*3*) If any debtor fails to comply with a notice under sub-section (*1*), the Board shall dismiss the application and may allow against the debtor such costs as the Board considers reasonable :

Provided that an order made under sub-section (*2*) or sub-section (*3*) may be varied or reversed by the Board on an application for review or by the Appellate Officer on appeal if it is proved to the satisfaction of the Board or of the Appellate Officer that the creditor or debtor, as the case may be, had no knowledge of the notice under sub-section (*1*) or that he has complied with it or that he had sufficient reason for non-compliance :

Provided further that when a Board has ceased to exist an order made under sub-section (*2*) or sub-section (*3*) may be varied or reversed by the Appellate Officer on an application if it is proved to his satisfaction that the creditor or

debtor, as the case may be, had no knowledge of the notice under sub-section (*1*) or that he has complied with it or that he had sufficient reason for non-compliance.

Production of documents.

14. (*1*) When a creditor has submit[*s*]ted to the Board a statement of debt under sub-section (*2*) of section 11 or sub-section (*1*) of section 13, the Board shall fix a date for the production of all documents (including entries in books of account) by which the creditor intends to prove any debt owing to him together with a true copy of each such document. [*Cf.* C. P. Act II of 1933, s. 9.]

(*2*) The Board shall mark in the prescribed manner each original document so produced, keep the copy after verifying its correctness, and return the original to the creditor.

(*3*) No document relating to a debt regarding which a creditor has failed to submit a statement under sub-section (*2*) of section 11 or sub-section (*1*) of section 13, and no document which being in the possession or under the control of the creditor has not been produced by him as required by sub-section (*1*), shall be admissible in evidence against the debtor or his successor in interest in any suit by the creditor or by any person claiming under him for the recovery of the debt to which such document relates unless it is proved to the satisfaction of the Civil Court that there were sufficient reasons for non-production of the document before the Board.

Board to attempt amicable settlement.

15. Subject to any rules made under this Act, the Board shall call upon the debtor and each creditor to explain his case regarding each debt, and shall use its best endeavours to induce them to arrive at an amicable settlement. [*Cf.* C. P. Act II of 1933, s. 10.]

Power of Board to require attendance of persons and production of documents and to receive evidence.

16. (*1*) Subject to rules made under this Act, a Board may exercise all such powers connected with the summoning and examining of parties and witnesses and with the production of documents as are conferred on a Civil Court by the Code of Civil Procedure, 1908. [*Cf.* C. P. Act II of 1933, s. 11; Pun. Act VII of 1934, s. 16.] Act V of 1908.

(*2*) Any person present may be required by a Board to furnish any information or to produce any document then and there in his possession or power.

Dismissal of applications.

17. (*1*) An application under section 9 may be dismissed by the Board, at any stage of its proceedings, in respect of all or any of the debts to which it relates,— [*Cf.* C. P. Act II of 1933, s. 14; Pun. Act VII of 1934, s. 18.]

(*a*) if, for reasons to be stated in writing, the Board does not consider it desirable or practicable to effect a settlement of debts, or

(*b*) if, in the opinion of the Board, the applicant fails to pursue his application with due diligence, or

[*Provided that, when such applicant is a creditor, the Board, instead of dismissing such application, may substitute the debtor or any other creditor, who shall thereafter be deemed to be the applicant for the purposes of this Act.*]

(*c*) the debtor is attempting to use the provisions of this Act with a view to defraud any creditor.

[(*2*) *The Board shall dismiss an application under section 9 if it includes a claim which, in the opinion of the Board, is collusive and intended to defraud any creditor.*]

The Bengal [Relief of Indebtedness] Agricultural Debtors Bill, 1935.

(*Clauses 18, 19.*)

(*2*) An application under section 9 shall be dismissed by the Board, if in its opinion—

(*a*) such application includes a claim which is intended to defraud any creditor ; or

(*b*) there has been transfer of any property by the debtor within two years previous to the date of such application with a view to defraud any creditor.

Determination of amounts of debt.

18. (*1*) If [*the debtor and a creditor are unable to agree*] there is any doubt or dispute as to the existence or amount of any debt, the Board shall decide whether the debt exists and determine its amount :

Provided that a decree of a Civil Court relating to a debt shall be conclusive evidence as to the existence and amount of the debt as between the parties to the decree.

(*2*) Before passing any order under section 19, 20, or 21 the Board, after considering the statements of debt submitted under section 11 and sub-section (*1*) of section 13 and after hearing the parties and considering the evidence produced shall, in accordance with rules made under this Act, determine in respect of each debt the amount of the principal and the amount of the arrears of interest due thereon up to the date of such determination.

(*3*) In determining the original principal of a debt for the purposes of proviso (*ii*) to clause (*b*) of sub-section (*1*) of section 19, the Board shall determine the amount of the original loan, after excluding any amount of interest on such loan which may at any time have been included as principal; and the difference between the original principal and the amount of the debt shall be deemed to be the arrears of interest due thereon.

[*Provided that where there is no independent proof of the amount of the original principal of the debt and the debtor and creditor are unable to agree as to such amount, the amount shown as the principal in the bond, if any, relating to the debt shall be determined to be the original principal, unless the recital in the bond indicates that the principal mentioned in the bond includes any arrears of interest.*]

(*4*) When the Board has determined under this section the amounts of the principal of a debt due from a debtor and of the arrears of interest due thereon, the decision of the Board in this respect shall not be questioned in any Civil Court or in any manner other than that provided in this Act.

Settlement of debts.

19. (*1*) Subject to rules made under this Act—

(*a*) when any creditor agrees in respect of any debts owing to him to an amicable settlement with the debtor, the Board shall embody such settlement in writing [*and may dismiss the application in respect of the remaining debts of the debtor*] ; or

(*b*) when creditors to whom is owing not less than forty *per cent.* of the [*total debt is owing*] total secured or unsecured debts, as the case may be, agree to an amicable settlement with the debtor, the Board, if it is so empowered under section 7 and if it considers that an offer made by the debtor for the settlement of any debt not included in the amicable settlement is a fair offer which the creditor concerned ought reasonably to accept, may pass an order that the debt to which the offer relates shall be settled in accordance with such offer : [*and may dismiss the application in respect of the remaining debts :*]

The Bengal [Relief of Indebtedness] Agricultural Debtors Bill, 1935.

(Clauses 19A, 20.)

Provided that for the purpose of this clause an offer shall not be considered by the Board to be a fair offer—

(*i*) if its terms are less favourable than the terms of the amicable settlement relating to [*a debt of the same description,*] secured or unsecured debt, as the case may be, or

(*ii*) if it contemplates the reduction of any debt to an amount which is less than the original principal of the debt as determined under sub-section (*3*) of section 18 ; or

NOTIFICATION.

No. 997L.—15th November, 1935.—His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

THE BENGAL WAKF (AMENDMENT) BILL, 1935.

A

BILL

to amend the Bengal Wakf Act, 1934.

WHEREAS it is expedient to amend the Bengal Wakf Act, 1934, in the manner hereinafter appearing ; Ben. Act XIII of 1934.

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (3) of section 80A of the Government of India Act to the passing of this Act ; 5 & 6 Geo. V., c. 61 ; 6 & 7 Geo. V., c. 37 ; 9 & 10 Geo V., c. 101

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Wakf (Amendment) Act, 1935.

Insertion of new section 43A in Bengal Act XIII of 1934.

2. After section 43 of the Bengal Wakf Act, 1934 (hereinafter referred to as the said Act) the following section shall be inserted, namely :—

Commissioner to decide if a property is wakf property or a wakf is wakf-al-al-aulad.

"43A. Any question whether a particular property is wakf property or not or whether a wakf is wakf-al-al-aulad or not shall be decided by the Commissioner whose decision, unless revoked or modified by a competent Court, shall be final."

Amendment of section 93.

3. In section 93 of the said Act, for the words " twelve months " the words " two years " shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

Before the Bengal Wakf Act, 1934 (Ben. Act XIII of 1934) is brought into force in whole, certain amendments appear to be necessary.

The Act does not state who shall decide, in the event of dispute or doubt, whether a particular property is a wakf or not, or whether a wakf is wakf-al-al-aulad or not. It is desirable that this defect should be remedied.

Section 93 of the Act empowers the Local Government to remove unforeseen difficulties within twelve months from the date on which this Act in whole or in part first came into force. The Act came into force in part in December, 1934, only for the purposes of the survey contemplated in section 2. The twelve months will expire in December, 1935. As unforeseen difficulties may arise when the whole Act is enforced, it is expedient to extend the period from twelve months to two years.

NOTIFICATION.

No. 1002L.—16th November, 1935.—His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

THE BENGAL LAND REGISTRATION (AMENDMENT) BILL, 1935.

A

BILL

further to amend the Land Registration Act, 1876.

WHEREAS it is expedient further to amend the Land Registration Act, 1876, in the manner hereinafter appearing; Ben. Act VII of 1876.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Bengal Land Registration (Amendment) Act, 1935.

Amendment of section 28 of Bengal Act VII of 1876.

2. For the proviso to section 28 of the Land Registration Act, 1876 (hereinafter referred to as the said Act), the following proviso shall be substituted, namely:—

"Provided that, except when changes are made in the general register of revenue-paying lands or in the *mauzawar* register in order to bring the entries in these registers into accordance with a record-of-rights finally published under the provisions of the Bengal Tenancy Act, 1885, notice shall be given to the recorded proprietors and managers of any estate or revenue-free property before any change is made in any way affecting such estate or property, and to every person whose name the Collector is about to register as proprietor or manager of any estate or revenue-free property, before such registration is effected; and any objections which may be made to the proposed change or registration shall be duly considered by the Collector before he orders such change or registration to be made." VIII of 1885.

Amendment of section 78.

3. The second paragraph of section 78 of the said Act shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

1. When records-of-rights were prepared for whole districts, many changes were made in the unit of survey of *mauza*. These units which generally dated from the Revenue Survey in some cases consisted of a number of disconnected blocks or *chaks*, and in others were too small or too large for administrative convenience: many also had names which were not even known to the majority of the residents. The rules for the determination of the new units are given in Appendix Rp 217 of the Survey and Settlement Manual, 1917, and rule 225 of that Manual prescribes that proceedings will be drawn up in each case of a proposed change. No changes were therefore made without issuing notices to the landlords and tenants and disposing of objections and the publication of a notification in the *Calcutta Gazette* under section 3(*19*)(*b*) of the Bengal Tenancy Act, 1885. After the records-of-rights had been finally published, revised jurisdiction lists were drawn up to act as an index to the village maps and new registers in the forms prescribed in the Land Registration Manual for the Collector's Registers A and C were prepared in the Settlement Offices. It has been found convenient to use these registers in the collectorates instead of the out-of-date registers prepared years ago but this, as the law now stands, cannot be done without issuing notices to every co-sharer in a revenue-paying or revenue-free estate. Hence it is proposed to amend section 28 of the Land Registration Act, 1876, so as to avoid the expense of issuing notices to every landlord about changes in the register which have no effect on his interest in the estate as recorded in Register D.

2. The second paragraph of section 78 of the Land Registration Act, 1876, exempts *ijmali* tenants from paying rent to the different co-sharer landlords except in proportion to the shares of those landlords as recorded in Register D.

This paragraph is universally ignored in practice, because there are a large number of cases where co-sharer landlords by mutual arrangement or for some other reason collect rents disproportionate to their real shares. There is no advantage in leaving this unpracticable provision in the Act and it is accordingly proposed to delete it.

BENGAL LEGISLATIVE COUNCIL
DEPARTMENT.

NOTIFICATION.

No. 4240L.C.—18th November, 1935.—The following minute of dissent on the Bengal Relief of Indebtedness Bill, 1935, is hereby published for general information:—

Minute of dissent by Babu Hem Chandra Roy Choudhuri, M.L.C., on the Bengal Relief of Indebtedness Bill, 1935.

Sub-clause (1) (a) of clause 9A.—As the ancestral assets only, not the personal properties of the heirs are liable for the debt, there is no cogent reason for extending relief under the provisions of the Bill to the heirs of the ancestors, who were not debtors as defined in the Bill, simply because one of them happens to be an agriculturist. To grant any relief to somebody who is not a debtor within the meaning of this Bill is against the principle of the Bill. I therefore cannot subscribe to this provision of the Bill.

Clause 26 (1) (a).—The word "or" should be substituted by "and" for payment of the amounts is not alternative. One will follow the other in order of priority.

Proviso of clause 26 (2) (b).—The meaning of the proviso is not clear. I am not in favour of giving priority to any instalment of an unsecured creditor when sale proceeds are insufficient to meet the whole dues of all of them. They should rank equally among themselves for purposes of payment.

Clause 29.—The Board is authorised under the clause to stay a suit or other proceeding pending before a Civil or Revenue Court and it has also been provided that the suit or proceeding shall abate so far as its claim is covered by the decision of the Board. But there is no clause in the Bill entitling the deserving creditor to the costs of the suit or proceeding and prescribing the procedure to be followed for its realisation. Before a decree is passed for the costs, it will not be a debt, and in that case it will be outside the jurisdiction of the Board: even if it be a debt, the amount, incurred after the date of the application under clause 9, will not be taken cognisance of by the Board. The Civil or Revenue Court cannot give a decree for costs as the suit or proceeding will abate. I would, therefore, suggest to empower the Board to take the amount of cost into consideration in giving the award.

Clause 34.—I do not want to have two sets of appellate officers with two sets of qualifications. All appellate officers must have qualification of civil judicial experience.

Sub-clause (*6*) refers to revision, but there is no provision in the Bill for applying for revision.

Clause 36.—Provision for review of the decision or order of the appellate officer should also be made.

Clause 37.—One should not be debarred from appearing before a Board simply because he happens to be a legal practitioner. It may so happen that a brother may be in charge of the money-lending business of his widow-sister or of some brother serving at a distant place or that a father or a cousin brother may be guardian of his minor son or brother as the case may be for the management of the properties of the minor and if they are not allowed to appear before the Board simply because they are legal practitioners, interest of the widow or the minor may suffer. It should, therefore, be provided that for good and sufficient reason legal practitioners may be permitted by the Board to represent a party before it.

PART VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

Report of the Select Committee on the Bill further to amend the Cantonments Act, 1924, for certain purposes.

We, the undersigned, members of the Select Committee to which the Bill further to amend the Cantonments Act, 1924, for certain purposes was referred, have considered the Bill and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

2. Having examined the provisions of the Bill, we have come to the conclusion that radical alterations in its structure are necessary before we can recommend its acceptance by the Legislative Assembly.

3. Apart from a number of minor changes which are briefly explained in notes on individual clauses, there are four questions of major importance which we propose to discuss at greater length.

(1) *Constitutional position of Local Governments.*

4. While accepting the necessity for making it clear that with the inception of Provincial Autonomy, the authority of the Central Government must remain paramount as regards military administration, we consider that the present allocation of duties to Local Governments under the Cantonments Act is suitable, and will remain so, from the point of view of practical convenience.

5. The existing powers of superintendence, direction and control vested in the Governor General in Council depend on section 45(1) of the present Government of India Act, and we feel that we could not do better than to reproduce the wording in that section so that it will operate under the new constitution in respect of cantonment matters. The practical result will be to maintain the present relation between the Central and Local Governments under the new constitution in respect of cantonment matters only. We have, therefore, in place of old clause 75 of the Bill inserted a new clause 66 which introduces into the Act a new section 285A on the lines of section 45(1) of the present Government of India Act. At the same time we have

removed from the Bill the following old clauses, which were designed to transfer specific functions of the Local Government to the Governor General in Council:—

Clauses 3, 4, 5, 8(*b*), 8(*c*), 9(*b*), 10, 11, 12, 13(*a*), 13(*b*), 14, 15(*a*)(*i*), 15(*b*)(*ii*), 15(*c*), 16(*b*) (*ii*), 17, 23, 24(*b*), 27 (second amendment), 29, 30(*a*), 30(*c*), 31, 32, 34, 42, 44(*a*), 44(*b*) [second amendment], 45, 47, 49(*b*), 52, 63, 64(*c*), 66 and 73.

(2) *Cantonment Boards.*

6. While agreeing that military interests in cantonments must predominate, if the area of each cantonment is taken as a whole, and that therefore the local bodies responsible for the administration of cantonments must continue to contain an official majority, we consider—

(*a*) that statutory provision should be made for some representation of non-official interests in all cantonments, instead of only in a limited number as at present—in other words, that there should be a Board containing an elected element in every cantonment; and

(*b*) that statutory provision should also be made whereby the detailed administration of bazaar areas (other than small regimental bazaars) should be left as far as possible to the elected representatives of the civil population, thereby relieving the official members of the Board of much work in which they are not directly interested.

7. We have given effect to these conclusions in clauses 4 and 16 of the Bill. Clause 4 substitutes five new sections for sections 10 to 14 of the Act. In proposed section 10, we have laid down the general principle that in every cantonment there should be a Board incorporated under proposed section 11. Proposed section 13 provides that in cantonments with a civil population of 2,500 upwards the membership of the Board, while retaining the official majority of one, should vary from 9 to 15 in proportion to the civil population. In smaller cantonments the section provides, in place of the "corporation sole" now prevailing, for a Board of three members, one of whom is to be elected.

We recognise that, in the case of—

(*a*) military operations; or

(*b*) serious administrative troubles,

it may be difficult to continue the administration of cantonments under the normal system of Boards proposed by us, and we, therefore, have made provision in proposed section 14 that, in the former case, the Governor General in Council on his own initiative, and, in the latter case, the Governor General in Council after consultation with the Local Government, may replace the Board in any cantonment by a Board consisting of 2 official members and one non-official nominated member. This arrangement, however, is limited to a normal term of one year, subject to extension by periods of not more than one year at a time after review by the Governor General in Council, and subject also to the condition that the Governor General in Council shall be bound forthwith to restore the normal regime if the extraordinary reasons necessitating its abrogation cease to exist.

8. These changes necessitate certain amendments throughout the Act and the Bill. Some are purely formal. Thus, the word "Board" has been substituted for "Cantonment Authority" throughout the Bill and the Act (*vide* new clause 68). Similar purely consequential changes are embodied in the following clauses of the Bill as re-drafted:—

Clauses 2(*b*), 3, 6, 7, 8, 9, 13, 17(*a*) (*i*), 17(*a*) (*ii*) (*2*), 17(*a*) (*ii*) (*3*), 17 (*b*), 24, 30, 34, 37, 38, 39, 52, 54 and 58.

Of the above-mentioned new clauses, some are not entirely consequential:—

9. *Clause 3.*—The special power in section 9 of the Act of modifying the Act in its application in certain instances is now confined to cases where a Board is superseded under section 54 (when it is obviously essential) and to cantonments in Presidency-towns, which were previously regulated by the provisions of section 10(2)—now repealed—the interpretation of which was open to some doubt.

10. *Clause 6.*—It is obvious that the provision for a Vice-President in section 20(2) of the Act cannot apply to the new Boards of three members only.

11. *Clause 9.*—Provision has been made for an authority to prepare the electoral roll where the first Board has not as yet come into being.

12. *Clause 13.*—Clearly a special quorum is required for Boards of three members only.

Other amendments, not entirely consequential seem to us necessarily involved in the existence of a Board in every cantonment. They are:—

13. *New clause 11(b)(i).*—It is not clear that the mere substitution of "Board" for "Cantonment Authority" by clause 68 of the Bill as re-drafted would perpetuate the disability at present contained in section 28(2)(a) of the Act, which is a penal clause. Hence the amendment.

14. *New clause 14.*—Section 40, which relates to the appointment of a presiding officer in emergencies, is clearly inapplicable in its present form to a Board of three members only and we have suggested an appropriate modification.

15. *New clause 62.*—This is consequential on the omission by clause 4 of the Bill as re-drafted of existing section 10(2) of the Act.

16. *New clause 16* of the Bill, as already stated, is designed to secure that the administration of bazaar areas should, as far as possible, be left to the elected members of Boards. We recognise that it is inappropriate to attempt to divest a statutory body like a Board of any of its responsibilities. We have however, made mandatory provision for the constitution of Bazaar Committees consisting of elected members only, trusting that their decisions will, in practice, be respected and upheld by the official majority. We also desire to express our hope that the Board as a whole, operating with an official majority, will delegate the widest possible duties and powers to these Committees. We have added a provision that such Committees may co-opt such *ex-officio* members as the Health Officer and Executive Engineer, if they desire their expert advice.

(3) *Sanction to erection of buildings.*

17. On the understanding that the intention of Government is not to assert its rights to cantonment lands in bazaar areas, we consider it reasonable that a service of Military Estates Officers should be maintained to manage other Government lands in cantonments and to protect the rights of Government therein. We are not, however, prepared to accept the provisions of clause 56 of the Bill as introduced. Proposed sub-sections (3) and (5) of section 181 of the Act, as inserted by that clause, are open to the criticism that the Military Estates Officer, by lodging an objection, can preclude the Cantonment Authority from granting sanction to build. We consider that it would suffice if proposed sub-section (3) is replaced by a provision, on the lines of section 193 (2) of the Punjab Municipal, Act, 1911, that the Cantonment Authority *may* refuse such sanction where the site concerned belongs to Government and the consent of Government is not available, or where Government disputes the title to the site; and if proposed sub-section (5) is modified so as to provide that the Board should, in cases where the site is not under its management, make a previous reference to the Military Estates Officer in order to ascertain whether Government has any claim to urge. The Military Estates Officer, in our opinion, should be required to submit his reply within 15 days, and we have made provision to that effect (*vide* new clause 45).

(4) *Bulk water-supply by Government.*

18. We accept the general principle that, where Government supplies water through the Military Engineer Services or the Public Works Department, such supply should be in bulk. We consider, however, that it should be optional for the Board to provide its own supply, whereas clause 67 of the Bill as introduced enabled the officer of Government to require the Cantonment Authority to take a bulk supply of water from Government. We have, therefore, in new clause 57 secured this option, with the proviso that such a supply, if taken, shall be in bulk. Whilst securing an option to the Board as a whole, we desire to express the hope that in practice the official majority will not overrule the wishes of the elected members.

19. We think, also, that some limitation should be placed on the cost to the consumer of water so supplied and have provided that it shall not exceed the corresponding cost in the nearest municipality, the rate paid for the water by the Board to Government being scaled down to admit of this. Proposed sub-section (2A) provides the necessary machinery for adjusting disputes which are likely to arise in connection with a technical subject of this nature.

20. Other changes made by us in the Bill are discussed clause by clause:—

New clause 2(a).—We consider it desirable to qualify the word "structure" by the word "roofed". Otherwise its application would be altogether too comprehensive.

New clause 2(c).—We are satisfied that the redraft of the definition of "entitled consumer" is more workable from the administrative point of view than that in the Bill as introduced.

New clause 2(g).—We do not accept the principle of constructive occupation of premises through domestic servants, and have omitted references thereto.

Old clause 2(h).—The definition of "tax" in the Bill as introduced is likely to lead to complications in respect of the power to impose rates, and we have deleted it, replacing it by an amendment of section 102 of the Act (*vide* new clause 32).

New clause 4 (proposed section 12).—We accept the proposal that Executive Officers should in future be appointed from a Service of Executive Officers to be constituted and controlled by Government. We consider, however, that Government should share equally with the Boards the expense of the salaries of these officers; especially as, even if this recommendation is accepted, there will still be a substantial saving to Government as against the existing system.

We desire also to express the hope that Government, in framing rules for this new service under proposed section 280 (2) (*cc*)—new clause 64 of the Bill—will provide that, so far as possible, disciplinary effect will be given to the expressed wishes of a Board as regards its Executive Officer.

New clause 5.—We understand that the intention was to prolong the term of office of the elected members of a Board all together, not individually. We also consider that such extension should be limited to a period of one year. We have provided accordingly.

Old clauses 13 (c), 15 (a) (ii), 18, 19, 20, 35 and 55.—We understand that Government do not attach importance to these provisions of the Bill, and recommend their deletion.

New clause 10.—We see no reason why the electoral qualification laid down in section 27 (1) (*b*) (*iii*) should not be extended to persons who have passed the Matriculation or equivalent examination of any University. We have also shortened the period of disqualification under the proposed second proviso to section 27 (2) from five to three years.

New clause 21.—We consider that a decision of a Board should not be cancelled or modified without opportunity being given to the Board for showing cause against such cancellation or modification.

New clause 22.—In our opinion the initiating authority for taxation in cantonments should, as in most municipalities, be the Board with the previous sanction of the Local Government, and not the Local Government.

New clause 32.—See note on old clause 2(*h*)

New clause 53(c).—We have provided that the fee for a licence should not exceed the actual cost of issuing the licence.

New clause 56.—This supplies an omission in the Bill to provide an amendment to section 234 of the Act consequential on the proposals contained in new clause 57 of the Bill.

21. The Bill was published in the Gazette of India, dated the 6th April, 1935.

22. We consider that the alterations made by us in the Bill necessitate its republication and circulation for public opinion. We recognise that, in view of the radical revision of the Bill in Select Committee, modifications thereof may be required in the light of opinions obtained in the process of circulation.

NOTIFICATION.

No. 2246S.R.—15th November 1935.—The following extracts from the Report on the Administration of the Stamp Department in Bengal during the three years ending the 31st March 1935, are published for general information.

Report on the Administration of the Stamp Department in Bengal, for the triennium ending the 31st March 1935.

I am directed to submit for the information of the Government of India the following report on the administration of the Stamp Department in Bengal for the three years ending the 31st March 1935.

* * * * * * *

3. *Financial results.*—The receipts during the last year of the preceding triennium, viz., the year 1931-32, were Rs. 2,78,52,961. The receipts rose to Rs. 3,20,15,466 in 1932-33 but fell to Rs. 2,93,54,114 in 1933-34. During 1934-35, the last year of the period under review, the receipts amounted to Rs. 2,93,97,106, including Rs. 5,63,159 paid to the Calcutta Improvement Trust, being the collection of the increased stamp duty leviable under section 82 of the Calcutta Improvement Trust Act, 1911. This was an increase of Rs. 42,992 or ·15 per cent. as compared with receipts in 1933-34 and a decrease of Rs. 26,18,360 or 8·18 per cent. as compared with those of 1932-33. The increase as compared with 1933-34 was wholly on account of non-judicial stamps and the decrease as compared with 1932-33 was wholly on account of judicial stamps.

* * * * * * *

5. *A.—Judicial Stamps.*—As during the previous triennium the sale proceeds of Court-fee stamps (excluding stamps for copies) were the highest during the first year of the triennium; the receipts during 1934-35 were Rs. 2,07,86,977 against Rs. 2,09,56,904 in 1933-34 and Rs. 2,41,88,510 in 1932-33. Compared with 1933-34 there was a decrease in 1934-35 of Rs. 1,69,927, which was shared by all the Divisions except two, viz., Burdwan and Rajshahi, which yielded a net increase of Rs. 1,47,511 and Rs. 46,797, respectively. Amongst the districts in the other three Divisions which were responsible for this decrease, a heavy fall amounting to Rs. 4,41,987 occurred in Calcutta, which was chiefly due to a decrease in receipts on account of probate duties as compared with the preceding year and also to a certain extent to a fall in litigation. The decline in general, was attributed to a large drop in the number and value of money suits owing to the continuance of the general economic depression.

The receipts from the sale of stamps for copies fell from Rs. 6,62,042 in 1932-33 to Rs. 6,26,462 in 1933-34, but rose to Rs. 6,50,711 in 1934-35.

6. *B.—Non-judicial stamps.*—The revenue derived from the sale of non-judicial stamps during 1934-35 amounted to Rs. 79,62,833. This showed an increase of Rs. 2,12,201 or 2·8 per cent. as compared with 1933-34 and of Rs. 8,30,175 or 11·7 per cent. as compared with that of the first year of the triennium. The increase occurred under almost all kinds of stamps.

7. *Impressed stamps.*—The receipts from the sale of impressed stamps (the most important item among non-judicial stamps) fell from Rs. 32,58,990 in 1932-33 to Rs. 32,34,632 in 1933-34, but in 1934-35 rose to Rs. 34,32,579. The increase in revenue during the last year of the triennium was shared by all the divisions.

8. *Hundies or inland bills of exchange.*—The revenue derived from the sale of hundi or bill-of-exchange stamps continuously increased during the three years under review. It amounted to Rs. 40,552 in 1934-35 against Rs. 37,209 and Rs. 35,985 in 1933-34 and 1932-33, respectively.

9. *Impressed labels or special adhesive stamps.*—The receipts from the sale of these stamps rose from Rs. 16,42,575 in 1932-33 to Rs. 19,03,200 in 1933-34 and to Rs. 20,68,768 in 1934-35. The sale of these stamps is almost confined to Calcutta which contributed 99·9 per cent. of the total revenue from this source.

10. *Foreign bill stamps.*—The receipts from these stamps, which are sold mainly in Calcutta, amounted to Rs. 1,49,642 in 1934-35 against Rs. 1,46,984 in 1933-34 and Rs. 1,61,173 in 1932-33.

11. *Half anna, one anna, two annas and four annas revenue stamps.*—The sale proceeds of these stamps amounted to Rs. 8,79,995 in 1934-35, whereas the assignment previously made to Bengal on account of unified stamps estimated to be used for revenue purposes was Rs. 11,30,000 per annum.

12. *Share transfer stamps.*—The sale of these stamps, which are used for payment of stamp duty on the transfer of shares of public limited companies, is practically confined to Calcutta. The receipts showed a continuous increase during the triennium. The revenue which amounted to Rs. 3,09,394 in 1932-33 rose to Rs. 4,80,272 in 1933-34 and to Rs. 6,93,077 in 1934-35.

13. *Stamps for legal practitioners' licenses.*—The receipts from the sale of these stamps rose from Rs. 2,43,886 in 1932-33 to Rs. 2,55,350 in 1933-34 and to Rs. 2,65,014 in the last year of the triennium.

14. *Notarial stamps.*—These stamps were sold only in Calcutta and Chittagong during the triennium. The sale in the year 1934-35 amounted to Rs. 4,756 as compared with Rs. 4,314 and Rs. 5,497 in the two preceding years.

15. *Forms for agreements and contracts chargeable with two-anna coloured impressions.*—The revenue from this source, which is confined to Calcutta only, fell from Rs. 8,364 in 1932-33 to Rs. 7,685 in 1933-34, but in 1934-35 rose to Rs. 9,185.

16. *Forms for cheques and receipts.*—The revenue derived from the sale of these forms, which are stamped with one-anna coloured impressions, fell from Rs. 47,474 in 1932-33 to Rs. 45,674 in 1933-34, but it rose to Rs. 47,969 in the last year of the triennium.

17. *Miscellaneous receipts.*—The receipts under this head were mainly derived from the duty and penalty realised under sections 32, 35, 37, 40 and 41 of the Stamp Act, 1899. The income from these sources rose from Rs. 2,89,320 in the first year of the triennium to Rs. 4,75,125 in 1933-34 but fell to Rs. 3,71,296 in 1934-35. The bulk of the revenue under this head is contributed by Calcutta.

18. *Arrangement for the sale of stamps.*— * * * * * * *. The total number of vendors engaged in the sale of judicial and non-judicial stamps during the year 1934-35 was 4,259 against 4,608 and 4,905 in the previous two years. The expenditure on discount allowed to stamp vendors during 1934-35 was Rs. 2,78,573; this was an increase of Rs. 12,945 and Rs. 10,471, respectively, compared with the two previous years. The increase was due to the increased sale of non-judicial stamps. The average discount per vendor during the triennium under report was Rs. 59 against Rs. 56 in the preceding period.

NOTES ON CLAUSES.

Clauses 2, 3, 6(*a*) and 8 of the Bill.—These amendments are designed to make it clear that the Commissioners can raise more than one loan for carrying out the works specified in clauses (*a*) and (*b*) of section 5 or for repaying any loan previously taken under the Act.

Clause 4 (3) of the Bill.—Section 8 of the Howrah Bridge Act, 1926, empowers the Local Government to cause to be levied a tax of not more than one half *per cent.* on the annual valuation of all lands and buildings within the Calcutta municipal area. The passing of the Garden Reach Municipality Act, 1932, makes it necessary to provide specifically for the area which has been excluded from the Calcutta municipal area and constituted a separate municipality under that Act. This clause proposes to give Government the power to cause to be levied a tax of not more than one quarter *per cent.* on the annual valuation of lands and buildings within the Garden Reach Municipality, as in the case of the other separate municipalities concerned.

Clauses 4 (4) and 4 (5) of the Bill.—Under section 8(*v*) of the Howrah Bridge Act, 1926, Government are empowered to cause to be levied a tax on single journey tickets held by passengers travelling by the ferry service, but there is no provision in the Act for the levy of a tax on season tickets. Clause 4(*5*) of the Bill proposes to make good the omission. Clause 4(*4*) is consequential on the abandonment by the Port Commissioners of their management of the ferry service.

Clause 9 of the Bill.—Government have been advised that the Howrah Bridge would be liable for assessment of municipal taxes under section 124 of the Calcutta Municipal Act, 1923, and also under the same section extended to the municipality of Howrah. The assets of the Howrah Bridge will not suffice for the payment of municipal taxes, which might amount to as much as Rs. 1½ lakhs per annum. Proposed section 18A is therefore intended to exempt the Bridge and its adjuncts from such taxation if no income is derived either by letting out to tenants or otherwise.

Other Clauses of the Bill.—The provision of the Calcutta Municipal Act, 1923, have been extended to the municipality of Howrah, and in consequence the corresponding provisions of the Bengal Municipal Act of 1884, which were in force in the municipality before, stand repealed. This necessitates the amendment of those clauses of the Howrah Bridge Act which refer to the Bengal Municipal Act as applicable to the Howrah municipality.

Municipal Account Rules.

CHAPTER I.

Preliminary.

1. These rules may be called the Bengal Municipal Account Rules.

2. In these rules unless there is anything repugnant in the subject or context:—

(*i*) "the Act" means the Bengal Municipal Act, 1932;

(*ii*) "Government" means the Local Government;

(*iii*) "head of the office" means—

(*a*) the Chairman;

(*b*) the Vice-Chairman, in respect of any department the control over which has been delegated to him under section 52;

(*c*) the Executive Officer in respect of any department the control over which has been delegated to him under section 51;

(*d*) the Health Officer, in respect of vaccination, sanitation and conservancy establishments when such officer is employed under section 67;

(*e*) the Engineer, in respect of the Department of which he is in charge; and

(*f*) the Secretary on a pay of not less than Rs. 200 per mensem in respect of the general or any other department which may be placed under his control;

(*iv*) "treasury" means a Government treasury or sub-treasury and includes a bank or branch bank used as a Government treasury into which money received on account of the Municipal Fund is paid;

(*v*) "treasury officer" means the officer in charge of a "treasury".

3. Whenever under these rules any specific duty is assigned directly or by implication to any Inspector or clerk, that duty may be assigned by the Commissioners at a meeting to any officer otherwise employed under them, and that officer shall thereupon be deemed to be the Inspector or clerk mentioned under the rule.

4. The powers conferred by these rules on an Inspector may be exercised by the Executive Officer, by the Secretary or by the tax-collector so long as an Inspector is not appointed.

5. Whenever, in rules 76 to 94 the tax-collector or other officer is directed to submit periodical statements of any facts, he is not thereby relieved from the duty of reporting those facts as soon as they come to his knowledge.

6. Whenever under these rules a duty is imposed but the designation of the officer or servant who is to perform that duty is not specified in the rule, the duty shall be performed by that officer or servant, who is in charge under the orders of the Chairman, or Vice-Chairman or the Executive Officer or of the Commissioners at a meeting, as the case may be, of the work to which such duty relates.

7. In all matters not expressly provided for by these rules, the rules, forms, registers and returns prescribed in the Civil Account Code, or in force for the time being under the orders of the Government or other competent authority, shall, in so far as they are consistent with these rules and with the Act, apply to the accounts of the municipality, and shall be observed, used, kept, and submitted by the officer appointed under section 54 of the Act.

Receipt and Crediting of money.

8. All money transactions to which any Commissioner, or any officer or servant of the Commissioners in his official capacity is a party, shall without any reservation be immediately brought to account and all the money received shall be lodged in full in the Treasury to be credited to the appropriate account.

9. Moneys pertaining to the Municipal Fund, with the exception of authorized advances, shall not be kept apart from the general balance at the credit of the Commissioners but shall at once be credited to the appropriate head of account.

Note.—Persons connected with the Treasury are forbidden to assist in any way in collecting municipal revenue or in posting the municipal books.

Payment of Money.

10. Claims against the Commissioners shall ordinarily be discharged by cheques drawn upon the treasury but amounts not exceeding Rs. 20 may be paid in cash from the permanent advance.

Note.—*See* rule 138.

11. No expenditure shall be incurred unless such expenditure has been sanctioned by the competent authority and unless provision has been made for the same in the original and revised budget estimate of the year or by the variation or alteration of the budget under section 112(3) of the Bengal Municipal Act.

12. Whenever it is proposed to incur expenditure not provided for in the original budget or the revised budget estimates for the year, necessary funds to meet this expenditure shall simultaneously be provided under the proper head by necessary reappropriation sanctioned by the Commissioners at a meeting under sub-section (3) of section 112 of the Act. If the total expenditure under any head is found at the close of the year to exceed the budget allotment the fact shall be reported to the Commissioner of the Division through the District Magistrate with reasons for the excess and action will be taken as decided by him.

Loans, Endowments and Provident Funds.

13. Funds held by the Commissioners as Provident Fund deposits and endowments, as well as those raised by loans or contributions for special purposes and grants-in-aid received for specific purposes shall on no account be used by any municipal officer or servant for the general purposes of the municipality.

Note.—*See* rule 202.

Cash and Account Branches.

14. The cash and account branches of the municipal office shall be kept distinct from each other and under distinct officers, who, for the purpose of these rules, will be termed respectively tax-collector or cashier and accountant.

In no case shall the same person compile the municipal accounts and superintend the collections of the rates and other municipal income.

In small municipalities the tax-collector or cashier shall be in charge of the collection and cash branches, but in larger municipalities where it is found necessary the two branches may be placed under different officers to be styled tax-collector and cashier respectively.

15. The municipal cash-book and all other accounts and registers as far as possible shall always be kept in English, and vernacular headings may be used in the collection books, receipts, etc., if so required.

All books of account and registers shall be substantially bound and paged before being brought into use, and no accounts shall be prepared on loose sheets or in loosely bound volumes.

16. All corrections and alterations in accounts shall be made by neatly scoring through in red ink and writing the correct figures or words above, and shall be attested by the initials of the Chairman or Vice-Chairman.

Similarly all alterations and corrections in a voucher shall be duly authenticated by the payee.

Erasures shall on no account be permitted in registers, statements, vouchers or accounts of any description.

17. A sufficient supply of all forms, registers, guard files and stationery required shall always be kept and a fresh supply ordered at least three months before the stock of any forms, etc., is exhausted, and care shall be taken that the issue of tax bills is not delayed through want of forms. All such forms, registers and stationery shall be entered in a Stock and Store Register (Form 62) by the accountant, the yearly estimated consumption being noted in the remarks column.

The stock of bill receipt and license forms shall be kept in the custody of the Vice-Chairman or the Executive Officer or Secretary.

Classification of Transactions.

18. No change shall be made in the prescribed list of major and minor account headings without the consent of Government, and the same headings shall, except as provided in the rules, be used in all accounts prepared or issued by the Commissioners.

Facsimile Stamp and Common Seal.

19. The facsimile stamp shall always be kept in the personal custody of the officer whose signature it represents and shall never be used except in his presence and actually in his sight. The common seal of the Commissioners shall also be kept in the personal custody of the Chairman, Vice-Chairman, Executive Officer or Secretary and shall be used only in their presence.

Audit.

20. The accounts of the Municipal Fund will be examined and audited by the Examiner of Local Accounts in Bengal as far as possible not less often than once a year.

In auditing the accounts the Examiner or Local Auditor will see that they have been kept and are presented in proper form, that the particular items of receipts and expenditure are stated in sufficient detail, that the payments are supported by adequate vouchers and authority, that all sums received or which ought to have been received are brought into account, and also that the receipt and expenditure are in all cases such as are authorized by law. He will also ascertain the total unpaid liabilities of the Commissioners, and also whether these can be met out of the Municipal Fund when falling due.

The reports of such examination will be forwarded by the Accountant-General, Bengal, to the Chairman, and copies to the Commissioner of the Division and the Magistrate of the district.

21. The Chairman, Vice-Chairman, Executive Officer, or Secretary shall, at the time of audit, cause to be produced all accounts, registers, documents and subsidiary papers which may be called for by the Examiner or Local Auditor to assist him in his investigation. He shall also produce the cash balance and the balance of imprest before the Examiner or the Local Auditor for verification.

22. The Chairman shall, as soon as possible after the receipt of the objection statement and the audit report from the Accountant-General, Bengal, convene a special meeting of the Commissioners to consider the objections and suggestions made by the Examiner, and to decide upon the action to be taken in regard thereto. The Chairman shall recover without delay all illegal or unauthorized payments pointed out by the Examiner or Local Auditor. The Chairman shall remedy any defects or irregularities that may be pointed out by the Examiner or Local Auditor and within three months of the date of the receipt of the report he shall submit a statement giving particulars of action taken thereon to the Accountant-General, Bengal, through the District Magistrate and Commissioner of the Division. But the objection statement shall be sent by the Chairman direct to the Examiner of Local Accounts, Bengal.

Loss of money by embezzlement, theft or otherwise.

23. Whenever any loss of money by embezzlement, theft or otherwise is discovered, the fact shall be promptly reported by the Chairman to the Commissioner of the Division through the District Magistrate and to the Examiner of Local Accounts, Bengal. When the matter has been fully enquired into he shall submit to those officers a further and complete report showing the total sum of money lost, the manner in which it was lost, and the steps taken to recover the amount and punish the offenders.

No money or irrecoverable value of stores lost by theft, fraud, the negligence of individuals or other cause, shall be written off from the accounts, except with the sanction of the Commissioner of the Division, when the amount of the loss exceeds Rs. 500, or when the loss is due to any defect in the system of accounts, collection, etc., the sanction of Government is necessary.

CHAPTER II.

Preparation of Budget Estimate.

24. The Education, Waterworks and the Sewerage and Outfall Works Standing Committees, if any, and the Dispensary Committee shall report to the Chairman or the Finance Standing Committee, as the case may be, their estimates in Forms Nos. 1(*a*), 1(*c*), 1(*d*) and B.C.M.D. Form No. 22 by the 1st December for incorporation in the general budget. The general budget estimate shall be laid before the Commissioners at a meeting to be held not later than the 15th of December each year.

25. The budget estimate shall be accompanied by a Schedule in Form 1 (*b*) for each major head, in which shall be entered full details of the estimated expenditure under that head in the budget estimate.

26. In preparing the budget estimate, what is expected to be paid during the year shall be provided for and not the liability likely to be incurred or to fall due within the year. All existing liabilities which cannot be liquidated before the commencement of the year for which the budget estimate is being prepared shall also be ascertained and provided for.

Notes.—(1) Ordinarily the average of three years' receipts and expenditure may be taken to be the required estimate under each head. A statement explaining, where necessary, the variations in the estimated receipts or expenditure compared with the actuals of the previous year and the revised estimates of the current year shall be appended to the budget.

(2) The details of the outstanding liabilities, if any, at the commencement of the current year shall also be shown in the budget.

27. (1) After the entire budget estimate of the municipality has been sanctioned by the Commissioners it shall be submitted to the Commissioner of the Division through the District Magistrate not later than the 15th of January each year.

(2) A copy of the educational budget estimate of the municipality as sanctioned by the Commissioners shall be forwarded to the Divisional Inspector of Schools. The Divisional Inspector shall, after referring, if he considers it necessary to do so, any question for advice to the Director of Public Instruction, shall forward his remarks on the budget estimate to the Commissioner of the Division on or before the 15th of February and shall at the same time send a copy of his remarks to the Chairman. The Commissioners may vary or alter the educational budget estimate in accordance with the advice of the Divisional Inspector of Schools under the provisions of sub-section (*3*) of section 112.

(3) Copies of the waterworks budget and sewerage works budget, if any, of the municipality as sanctioned by the Commissioners, shall be submitted in triplicate to the Chief Engineer, Public Health Department, not later than the 15th of January each year for any remarks which he may consider necessary. The Chief Engineer shall communicate his remarks to the Chairman not later than the 15th of February, and shall also send a copy of the budget with a copy of his remarks to the Commissioner of the Division for his information.

(4) In the case of an indebted municipality in respect of which an order under section 116 has been made, the Commissioner of the Division shall sanction the budget before the 15th of February.

In such indebted municipalities the Commissioners shall have power to vary or alter the budget under sub-section (*3*) of section 112 subject to the following condition, viz., that transfer from one major head to another shall not be made without the previous sanction of the Commissioner of the Division.

(5) Proposals for sanction of reappropriations whether submitted to the Commissioners at a meeting or, under clause 4 of this rule to the Commissioner of the Division shall be in Form 2.

28. The minimum closing balance of each municipality shall not ordinarily be less than one-sixth of the aggregate expenditure on account of the establishment and fixed monthly charges for the whole year, *i.e.*, charges on account of establishment, scholarships, contributions, rents and other recurring charges other than loan, or the total average charges for two months.

Subsidiary accounts of special rates.

29. A separate account shall be prepared in Form 5 showing the receipt, charges and balance on account of each of the following rates, namely, the water-rate, lighting rate and conservancy rate.

In the form of budget estimate and the quarterly and annual accounts to be prepared for publication all sums received by the Commissioners shall be treated as forming one Municipal Fund. In appropriating the funds at their disposal the Commissioners shall conform to the special provisions as contained in section 111.

30. The credit balance of each of these accounts shall, except as provided in section 111, be carried forward and not appropriated for general purposes, but if there is a continuous debit balance, it may be cleared by adding the deficit to the receipts as a contribution from the general fund. The direct receipts and charges for the quarter will be transcribed from the quarterly and annual accounts. The proportionate share of the annual cost of collection and supervision and of the keeping of accounts worked out on the ratio fixed by the Commissioners at a meeting under section 111 of the Act, shall be entered in column 7 of Form 5, without disturbing the classification in the quarterly and annual accounts. For example if a proportionate share of the cost of collection is to be charged against the water-rate, it will be entered in column 7 of Form 5, but the full cost of collection shall continue to be shown in Form 90 under the head "32—Collection of taxes," and not proportionately under that head and "C1—Water-supply." The same rule applies to the proportionate distribution of receipts to the credit of the subsidiary funds.

Note 1.—For the determination of the proportionate share of the collection and supervision charges the following heads of expenditure shall be taken into account:—

(1) office establishment, including provident fund contribution and contingencies;

(2) establishment for collection of taxes including provident fund contribution;

(3) other charges on account of collection of taxes;

(4) printing charges;

(5) law charges;

(6) Public Works Department establishment or Sanitary Inspector's pay according as the Public Works Department staff or the Sanitary Inspector supervises the work of water-supply/lighting;

(7) charges for the Health Officers and Sanitary Inspectors for conservancy fund.

Note 2.—The term "proportionate" occurring in section 111 is interpreted to mean that the shares of the cost of collection and supervision should be based on the ratio which the income of the fund bears to the total revenue from all sources.

31. An abstract account in Form 5 showing the estimated opening and closing balances and receipts and expenditure pertaining to each rate as shown in the estimates for the ensuing year, shall be annexed to the budget. Similar figures showing the estimated balances and expenditure out of any loan granted by the Government shall also be shown in this abstract. When a proportion only of certain receipts and charges is taken into the account of any particular rate or fund, the necessary information shall be furnished in the "Remarks" column of the form.

CHAPTER III.

COLLECTION OF TAXES.

General.

32. The duties assigned to the Vice-Chairman in these rules may under the written order of the Chairman, be performed by the Executive Officer or the Secretary.

33. The municipality shall be divided by the Chairman, with the approval of the Commissioners at a meeting, into collecting circles by a calculation based on the ground to be traversed and the number of bills to be delivered. Each circle shall be numbered and to each circle shall be appointed a sarkar. The collecting circles shall be as compact as possible, and so arranged as to distribute the work of tax collecting evenly among the sarkars. No collecting circle shall contain more houses than can be visited by one sarkar during the working days of a month.

Whenever rates, rents or other dues are not received in the Municipal Office as contemplated in section 152, the Commissioners shall arrange for the verification of at least ten per cent. of the receipts granted to the payers with the duplicate copies filed in the office and for the enquiry in not less than 10 per cent. cases in which taxes have been outstanding. This verification shall, in no case, be entrusted to the Collection or Assessment Department.

34. The circles having been determined and the assessment list under section 147 having been published, the Assessment Register and the Demand and Collection Registers shall be opened, separate books being used for each circle.

35. All changes in the demands shall be entered in an Assessment Register from which the Demand and Collection Register shall be posted. The bills shall be prepared from the Demand and Collection Register in which the satisfaction of the bills by collection or remission shall be noted. The details of the totals of the bills on completion shall be compared with the entries in the Assessment Register for the quarter. For each officer entrusted with the collection of "rates" an account or ledger is to be kept in which he will be debited with the demand for the quarter as shown in the Demand and Collection Register and credited with the collections and remissions. These accounts are to be closed and balanced monthly and the totals of the several accounts are to be brought together in the form of a progress statement to show the state of the entire collections.

36. If there is a separate Assessment Department, Assessor or any other officer in charge of the Assessment Department shall keep the Assessment Register and the Mutation Register and prepare the progress statement while the Collection Department shall deal with collections, remissions and warrants and post the settlement of demands in the Demand and Collection Register. The sarkars who are employed on the actual work of collection shall not, however, be allowed to have access to the Assessment Register and the Demand and Collection Register. The Accountant or Head Clerk shall in every case check the remissions and the progress statement. The Vice-Chairman shall so apportion the duties between the Head Clerk or Accountant and the tax-collector as to provide for a cross-check over the Collection Department. Where there is no separate Assessment Department the Assessment and Mutation Registers shall be kept by the Head Clerk or Accountant.

37. No collecting sarkar should be in charge of a circle for a continued period of more than two years. When a sarkar is changed the outgoing sarkar shall prepare a list of outstandings which, after check by the tax-collector, will be made over to the relieving sarkar. Once the latter receives this list the responsibility for the collections will be entirely his.

Assessment List.

38. The assessment list shall be prepared in Form 3, and kept in bound volumes. As soon as a revision of valuations is made in a municipality columns 1 to 8, and 10 to 12 of the assessment list shall be filled in. Notices of assessment shall at the same time be issued to all concerned under section 147 (2). The dates of (*i*) service of the notice, (*ii*) receiving objections against new assessments, (*iii*) the disposal of the objections by the Assessment Review Committee and (*iv*) the correction of the Assessment Register and the final valuation fixed by the Assessment Review Committee shall be duly noted in columns 13, 14, 15, 17 and 9, respectively.

Assessment Register.

39. The Assessment Register shall be in Form 4. A separate volume shall be assigned to each collecting circle. Columns 1 to 5 shall be filled up from the assessment list. Sufficient space shall be left between each name for entering revisions and spaces may also be left at the end of each street or mahalla or other convenient interval for the insertion of new holdings brought under assessment.

40. The columns showing the annual value and quarterly demands in the Assessment and Demand and Collection Registers shall be totalled at least a month before the beginning of the first quarter of the year from which the revised assessment will take effect. The totalling may, if it be found convenient, be made by subdivisions, but these subsidiary totals must be carried forward or summed on a separate page of the Assessment Register and the Demand and Collection Register, so as to arrive at the total of the circle. When the total has been struck, the Vice-Chairman, Secretary or a Commissioner appointed for the purpose shall carefully compare the entries in columns 1 to 5 with the assessment list and with the orders of the Assessment Review Committee under section 149 and shall sign the register in token of having made the comparison.

41. Any reduction allowed after the writing up of the Assessment Register and before the totalling up of the quarterly dues shall be entered in the assessment list and the entries relating to the annual value and the quarterly instalment shall be duly corrected in the Assessment Register but all subsequent alterations decided upon by the Assessment Review Committee shall be noted in the columns for subsequent revisions.

42. The Assessment Register is the principal record of the Assessment Department and the officer-in-charge of the department shall be responsible for seeing that it is correctly prepared, and that all alterations therein are attested by the proper authority.

43. The Vice-Chairman shall see that the Assessment Register and Demand and Collection Register are free from erasures; no alterations shall be made in them except under the initials of the Vice-Chairman or other officer empowered to sign for him.

Abstract of Demand.

44. (1) The total originally struck in the Assessment Register in accordance with rule 40 shows the demand for the first quarter of

the assessment. For subsequent quarters the demand shall be arrived at and agreement effected thus:—

	Annual value.	Quarterly rates.			
		House.	Latrine.	Lighting.	Water.
	Rs.				
Demand for first quarter of—as per columns 4 and 5 of Assessment Register ..					
Add—New and enhanced assessment					
Total ..					
Deduct—Reduction ..					
Demand for the second quarter					
Total demand as per Demand and Collection Register ..					

and so on, from quarter to quarter, until the assessment is revised. These entries may be made in continuation of the original total struck in the Demand and Collection Register or this may be noted in an abstract on the opening page. The total of all the circles may also, if desired, be brought into one view in a separate abstract.

(2) If the percentage on the valuation at which the tax is levied is changed under section 135 during the currency of the assessment the Assessment Register shall be corrected in accordance with section 138.

Petitions.

45. Petitions for review of assessment under section 148 shall, if possible, be presented in forms of a uniform pattern and Form 6 may be used for the purpose.

46. Such petitions shall be registered in Form 7 by means of which the progress made in dealing with them shall be watched.

Note.—The Assessment Review Committee shall try to dispose of expeditiously all petitions against assessments. A report showing the number of petitions filed, the number disposed of and the number pending with reasons for the delay in their disposal, if any, shall be submitted by the tax-collector before the Commissioners at a meeting every month.

47. All applications for reduction or remission of rates under section 141, all proposals submitted by the Collection Department for remission of irrecoverable taxes under section 163 shall, after entry in Form 7, be made over for enquiry to the Chairman or to a Commissioner or to any other officer duly authorised by the Commissioners at a meeting to conduct such enquiry. The nature and results of the enquiry and the orders passed thereon by the Assessment Review Committee appointed under section 149 or by the Commissioners at a meeting, as the case may be, shall be recorded in Form 7 under the initials of the Chairman, Vice-Chairman, Executive Officer or Secretary.

Changes in the Demand.

48. All permanent alterations in the demand, whether by increases by new assessments or the enhancement of the existing assessments or as decreases by the cancellation or reduction of existing assessments, shall be recorded in the Mutation Register in Form 8.

49. This register shall be written up from the orders passed by the revising authority or from the intermediate assessment lists or orders issued under clauses (*c*), (*d*), (*f*) and (*g*) of sub-section (*1*) of section 138 of the Act, and shall be totalled at the close of each quarter. The total of the increases shall then be added to the previous quarter's demand and from the sum shall be deducted the total of decreases so as to work out the demand of each quarter.

Note.—When the percentage on the annual value at which any rate is to be levied is altered under section 138 (*1*) (*e*), a list showing the number of holdings, annual value and the revised quarterly tax shall be prepared and totalled. To minimise clerical labour the total amount of this list instead of each individual holding may be shown in the Mutation Register or directly in the abstract of demand referred to in rule 44(*1*).

50. As soon as the revising order has been passed and registered it shall be made over to the assessor or other officer in charge of the Assessment Register, who shall correct the demand and shall give a certificate on the order to the following effect:

"Certified that the corrections in the demand directed by these orders have been entered in the Assessment Register."

The order shall then be placed in file with the other orders of the same quarter.

50A. The alteration in the demand to be entered in the Mutation Register (Form 8) will not be retrospective, except in the case of general or intermediate assessment of holdings when the alteration will take effect from the quarter from which the assessment was made.

51. If the valuation finally settled upon by the Assessment Review Committee be greater than the old valuation, the difference between the quarterly rates now fixed and the old rates realised, if any, under section 151 shall be realised from the quarter from which the assessment was given effect to. The supplementary bills for the arrear dues shall be entered in the "Demand and Collection Register" of the circle below the totals of the quarter in which these supplementary bills are issued. On the other hand, if the quarterly rates finally fixed by the Assessment Review Committee be less than the rates realised, if any, the amounts realised in excess shall be noted in the Register of rates refundable (Form 19) and set off by adjustment with the consent of the payee against his dues, if any, by debit to A5—Refund and credit to the proper receipt head or refunded to him on his presenting a bill.

Bill Forms.

52. Bills for municipal rates shall be in Form 9. The totals of the bills shall be entered both in words as well as figures. The bills shall be in duplicate and they shall be filled up in the Collection Department or in the Assessment Department by the carbon process

from the Demand and Collection Register. Before the bills are issued they shall be compared with the Assessment Register by the Secretary or Accountant who shall record a certificate in the fly-leaf of each book that the comparison has been made and that the details shown in the bills are correct.

Receipt Forms.

53. When the tax is paid the tax-collector or sarkar shall grant a receipt in Form 10. The sarkar shall fill up the form in duplicate by the carbon process and shall retain the duplicate copy. Part payment of quarterly taxes shall not be accepted. When an objection to an assessment or valuation has been made under section 148 and has not been finally determined, rate shall be paid on the previous assessment or valuation. In case of new holdings rates shall be realised on the new assessments and refunded, if necessary, under sub-section (*2*) of section 151, after the disposal of the objection by the Assessment Review Committee.

54. The forms shall be numbered consecutively for the year and shall be bound up in books of 100 duplicate forms each. Both the original and the duplicate shall bear the same number which shall be printed. The Vice-Chairman or the Secretary shall sign on the back of each receipt book, a certificate stating the number of forms contained in it. Only one book shall be given to a sarkar at a time and until the book thus issued has been used up no new book shall be given out. Receipt forms should not generally be printed in a local firm. If in special cases they are printed in a local firm, particular care should be taken to see that extra forms may not be printed and used improperly by the collecting staff.

55. If it is considered undesirable to empower sarkars to sign receipts on behalf of the municipality the receipts shall be in triplicate, of which one would be a temporary receipt signed by the sarkar and printed with a caution that the tax-payer should complain to the Chairman or Vice-Chairman if the formal receipt signed by the proper authority did not reach the tax-payer in a reasonable time, say a week. The permanent receipt would be signed or stamped by the Chairman or Vice-Chairman after the sarkar's accounts have been checked and delivered to the tax-payer in the course of the sarkar's daily rounds. The third portion would be the counterfoil for record in the office.

Demand and Collection Register.

56. The Demand and Collection Register shall be prepared in Form 12 from the Assessment Register and shall also show any outstanding dues noted in the previous Demand and Collection Register. The total of all outstanding dues shall be agreed with the total of the old arrears and the arrears for the previous year as shown in the sarkar's ledger of the circle.

The column "Amount of quarterly tax" shall be totalled and checked with the demand for the same quarter through the abstract of demand and until these agree and their agreement has been certified to by the Vice-Chairman, Executive Officer or Secretary in both registers, the bill shall not be issued for collection.

The satisfaction of the dues current or in arrears by payment or remission shall be posted daily in the Demand and Collection Register by the tax-collector or his assistant and the Vice-Chairman shall see that the work does not fall into arrears. Collecting officers other than the tax-collector or his assistant shall not have any access to these registers. At the end of each quarter all the money columns showing the collections and remissions in the Demand and Collection Register shall be totalled, after posting all collections and remissions and the total collections, remissions and balances of each quarter shall be checked and agreed with the total collection, remission and balances in the sarkar's ledger of the circle and the agreement shall be certified by the Vice-Chairman himself on both the registers. If any differences are found they must be reconciled immediately either by tracing the error or recovering from the tax-collector or sarkar any deficiencies for which they are unable to account. If the scrutiny lead to the detection of any embezzlement the facts shall be immediately reported to the Examiner of Local Accounts in accordance with rule 20 of these rules.

Remission Register.

57. Every remission of taxes, rates, fees or tolls sanctioned under the Act shall be entered in a register in Form 21. The period for which remission is granted shall always be clearly stated. If many remissions are granted by one order, either as a legal reduction on account of vacancy, or any other cause, or to clear the account of irrecoverable demands, the amounts to be remitted shall be entered in remission orders in Form 20. The total of these lists shall be given both in words and figures when they are passed by the revising authority. The revising authority shall certify on the list in Form No. 20 the total amount remitted both in words and figures and only the total amount of each class of rates and taxes will be entered in Form No. 21. Irrecoverable taxes shall be remitted periodically, say once in every quarter of a year and not towards the close of the year when proper enquiry as to the merits of each case is rendered impossible owing to insufficiency of time.

58. All remissions or reductions of rates granted by the Commissioners at a meeting on account of excessive hardship under section 141 shall be noted in the Register of cases of excessive hardship (Form 16) to see that the remissions or reductions are not continued beyond one year without the fresh sanction of the Commissioners at a meeting.

Note.—Remissions or reductions on account of excessive hardship under section 141 shall not be granted with retrospective effect.

59. All remission orders shall be numbered serially in accordance with the serial number of Form 21 and shall be kept in a guard file and an index to the file of remission order shall be kept in the Remission Register. Copies of the Remission Register shall be supplied to each sarkar for correcting the bills.

Daily Register of Collections.

60. The sarkar shall maintain a register in Form 14 (with the counterfoil left out) in duplicate in which the details of collection of the day shall be entered by the carbon process and the total of each day's collection struck. As an alternative the chalans (Form 14) may be bound in books with blank counterfoils. Each sarkar shall maintain a separate chalan book in which the details of collection shall be entered every day by the collecting sarkar and the total of each day's collection struck. Collections made by cash and by cheques shall be separately entered and totalled.

Collection of taxes.

61. A bill shall be presented for payment as soon as possible within three months of the date on which the sum to which it relates became due. No bill will contain a sum which became due three months or more before the date of presentation. The tax-collector shall commence the service of the bills at the beginning of the quarter by making over to each of the sarkars one or more bill books of his circle for delivery to the rate-payers. The sarkar shall go round with the bill books and also with a bound book of receipt forms and shall serve the original bill, after adding the date, on the tax-payer and note on the duplicate also the date on which the bill was served. As soon as the tax is paid he shall fill in the printed receipt and make over the original copy to the tax-payer. He shall at the same time note the fact and date of payment against the demand in the duplicate copy of the bill. The sarkar shall return to the municipal office either every day or, if permitted by the Vice-Chairman, every alternate day and shall deliver to the tax-collector all the money he has collected, together with the Daily Collection Register, and the receipt book in his possession. The tax-collector or his assistant shall check the account by comparing the credits with the duplicate of receipts and after initialling the latter, he shall cursorily run through the books and see that there are no duplicates from which the original receipts are missing which have not been initialled by him or his assistant. He shall then total the register and see that it corresponds with the money given to him by the sarkar and if all is in order he shall furnish a receipt on the duplicate or the counterfoil of the chalan stating in both words and figures the amount actually received by him with his dated signature and retain the chalan which shall be filed in a guard file after the Demand and Collection Register has been posted. The duplicate chalan or the counterfoil shall be handed over to the sarkar. The tax-collector shall then post the amount received from each sarkar into his cash book.

62. Every item of collection or of remission shall be posted daily in the Demand and Collection Register from the sarkar's daily collection chalans—Form No. 14—or from the order of remission relating to the various holdings, and the Vice-Chairman shall be responsible for seeing that the postings of collection or remission of taxes in that register do not fall into arrears. The collecting sarkar shall not be allowed to have access to the Demand and Collection Register.

Stock Account of Receipt Forms.

63. The Vice-Chairman or Secretary shall keep the stock of receipt books in his personal custody and under lock and key and they shall only be issued under his orders.

64. All the receipts and issues shall be entered in a register in Form 13. When a receipt book is made over to a collecting sarkar, the Vice-Chairman or Secretary shall take his signature in the register.

65. When a receipt book has been used up the sarkar shall return it to the Vice-Chairman or Secretary who before issuing a fresh book shall see (1) that no page has been extracted, and (2) that in the case of cancelled forms the original and duplicate copies are in the book and have been cancelled. For each book returned the officer receiving it shall grant a receipt to the sarkar. The surplus forms which will be few in number if proper care is taken in making the estimate and indents, shall be destroyed under the personal supervision of the Vice-Chairman or Secretary at the end of each year. If, however, any entire books of forms are unused, they may be used in the next year.

Sarkar's Ledger.

66. The sarkar's ledger shall be kept in Form 17 and shall be posted by the tax-collector or head clerk. One such register shall be kept for each circle of collection. The entries under the heading "Collections" shall be filled up from the daily total in the Daily Collection Register under the various quarterly columns and the monthly totals of remissions posted in the appropriate columns from the Remission Register.

Progress Statement.

67. The sarkar's ledgers shall be closed and balanced at the end of each month and the totals of the collection and remission shall then be posted into the progress statement, in Form 18. If there is only one circle, however, this will not be necessary, as Form 17 may be made to serve the purpose.

68. The demand shown in this statement will be the aggregate demand up to date of the current year and the balance of demand of previous years outstanding at the end of the last year. The collections and remissions shall be taken from the sarkar's ledger and the previous months' progress statement. The collections of the month shall be verified by the accountant with the Abstract Register of Receipts and the cashier's cash-book, and the remissions with the Remission Register or file of remission orders. If any discrepancies are noticed, the accounts of the month shall be re-checked until the errors are detected and rectified. As soon as the correctness of the progress statement has been proved by the accountant he shall sign it and lay it before the Vice-Chairman and when it has been passed and signed by the Vice-Chairman, it shall be placed with the sarkar's ledgers before the next ordinary meeting of the Commissioners.

69. The progress statement represents the state of the collection accounts as a whole and sarkar's ledgers of each circle separately.

Warrants.

70. If the tax, rate, fee or toll is not paid on the presentation of a bill a Notice of Demand in Form B prescribed by Notification No. 6131 M., dated the 11th November 1933, under clause (*c*) of section 215, with a copy of the bill shall be served on the person liable to pay the same. If a demand is realized at this stage, a receipt in Form 10 or in Form 42 will be granted by the person serving the Notice of Demand if he be authorized to receive any money.

When 15 days shall have elapsed after the delivery of a Notice of Demand and the sum due is not paid within this period or sufficient cause is not shown to the Commissioners for not paying the same, the Commissioners should issue a warrant of distress under section 156 of the Act which will be taken to the defaulter's house by an officer charged with its execution by them and if the demand as well as the fee prescribed by law for the warrant expenses be not then satisfied, the said officer shall make an attachment of the defaulter's property in the manner laid down in section 157 preparing an inventory of all goods and chattels so attached and proclaiming a notice of sale by beat of drum. Every warrant issued for this purpose shall be recorded in a register in Form 22. The Chairman or Vice-Chairman shall initial the register when signing the warrants. One Notice of Demand may cover several bills which have been duly presented, provided a copy of each bill is attached to that notice. An item included in one Notice of Demand may not be included in any subsequent demand notice and no Notice of Demand may be presented twice.

71. All outstandings shall be regularly reviewed and systematic action taken to issue warrants within the time limit prescribed by section 156. Where, however, for special reasons it is considered that warrant should not be issued, the Vice-Chairman's written order shall be taken and serially filed in a guard file.

72. The officer charged with the execution of warrants shall put his initials in the warrant register in token of having received the warrants in question. When he credits realization or returns any warrants the tax-collector or the officer in charge of the Warrant Department shall credit him with the amount of the warrants returned or the collections credited. All warrants should be returned to the office within one month from the date of receipt by the officer charged with the execution with his remarks thereon. The Vice-Chairman or the officer in charge of the Collection Department shall consider the remarks recorded on the unexecuted warrants and direct what further action should be taken for the realization of the dues. If it be deemed necessary to file civil suits for recovery of the dues, a list of such cases with reasons for not being able to recover the same without suits should be submitted before the Commissioners at a meeting for orders.

73. Amounts realized by the seizure and sale of property shall be entered in the Register of Distraints in Form 23.

Warrant Department.

74. The procedure prescribed in the preceding rule presupposes the service of warrants by the sarkar. If there is a separate Warrant Department the arrear demands transferred to that department shall be deducted from the balance of the sarkar's ledger and be treated as a

separate circle or circles of collection. Each warrant sarkar or the officer charged with the execution of a warrant shall keep a collection register in Form 14 and the progress of his work shall be embodied in a ledger in Form 17, the monthly totals of which will be embodied in the progress statement in Form 18. The remissions and collections shall either continue to be shown in the original Demand or Collection Register or separate registers may be opened for the Warrant Department, the letter "W" being entered in the original Demand and Collection Register against the demand transferred. The latter course need be adopted only when there is a complete division between the Collection and Warrant Departments.

Taxes paid at office.

75. The tax-collector assisted by a sufficient number of clerks shall remain in the municipal office at a counter each day during the office hours fixed by the Commissioners under section 152. In the event of the taxes being paid at the municipal office, the tax-collector shall deal with the transaction precisely as the collecting sarkar does. For this purpose a separate receipt book in Form 10 shall be kept by the tax-collector from which a receipt shall be furnished for each payment. All collections thus made shall be entered in a daily collection chalan (Form 14) and credited to the cashier's cash-book on the very day of collection.

To facilitate compliance with the provisions of section 171, which requires that description of carriages, horses and other animals for which licenses are to be taken shall be forwarded to the Commissioners, printed statements in Form 28 shall be distributed to owners of such carriages, horses and other animals. Such forms shall be sent by post or hand to all persons who paid the tax during the preceding half-year.

In other respects, the procedure outlined in the previous rules in this chapter for collection of taxes by the license system shall be followed.

95. When the collection of revenue is leased out for fixed amounts the recoveries shall be watched by means of the Demand and Collection Register of rents in Form 38 or any modification thereof as approved by the Accountant-General to suit the requirements of the municipality.

Note.—The following sources of revenue are usually leased out :—

(1) Market rents.
(2) Rent of buildings and lands.
(3) Ferry rents.
(4) Fishery rents.
(5) Slaughter-house fees.
(6) Produce of lands and gardens.
(7) Cattle pounds.

96. A separate page or sets of pages of the register shall be set apart for each of the above kinds of revenue for which there is a fixed monthly, quarterly, half-yearly or annual demand.

97. The register shall show all demands due on account of rents arranged in serial order—

(1) on expired leases of the previous year,

(2) on unexpired leases of the previous year, and

(3) on leases granted for the current year.

The entries under (1) and (2) shall be taken from the register of the previous year. In the former case the demand due will appear in columns 9 and 11 and in the latter in columns 9, 10 and 11. The Accountant shall fill up the current year's register in respect of these demands in the manner indicated above and lay it with the register for the previous year before the Vice-Chairman, the Executive Officer or the Secretary who after comparing the entries shall place his initials in column 13.

In respect of (3) when the agreement with the lessee has been signed and security deposit paid, the Accountant shall fill up columns 1 to 12 and post the amount in the deposit ledger. He shall then lay the agreements, the register, the deposit ledger and the chalans (or the cashier's cash-book) before the Vice-Chairman, the Executive Officer or the Secretary who shall—

98. Bills shall be prepared in Form 41 from the Register of Fixed Demands as soon as rents fall due. One copy of this Bill shall be served by the collecting sarkars on the parties and the other copy kept by them for watching realisation. A receipt in Form 42 shall be granted to the parties when money is actually realised. The bills shall be compared with the Demand and Collection Register of rents (Form 38) kept by the Accountant before they are issued to the collecting sarkars for realisation.

A separate Daily Collection chalan book (Form 15) shall be kept for such collections and the Collection Register shall be posted by the Accountant from it.

Note.—A bill must precede the notice of demand and the warrant of distress prescribed in sections 155 (*2*) and 156.

99. Payments made in satisfaction of the demand shall be posted by the Accountant from the Daily Collection chalan or the cashier's cash-book in the column for the month in which the money is credited in the Accountant's cash-book, *e.g.*, a payment credited in June on account of May will appear in the column for June and not May.

When all the receipts of the month have been entered they shall be totalled and checked with the credit for the month in the abstract register of receipts.

100. When the monthly posting of the receipts has been completed the register shall be laid before the Vice-Chairman, the Executive Officer or the Secretary who shall compare the total for the month with the abstract register of receipts and after a check of 5 per cent. of the credits with the daily collection chalan shall initial below the monthly total.

Such credits in the register may be made in red ink to distinguish them from cash payments made during the same month.

102. But in no case shall any sum be removed from the deposit and transferred to another head except under the orders of the Chairman or Vice-Chairman or Executive Officer or Secretary who shall at the time initial the debits made in the Deposit Ledger.

(b) Miscellaneous Revenue managed departmentally.

103. When the collection of revenue is managed departmentally, that is collected through municipal subordinates instead of being leased out to renters, it shall be collected by means of bilingual tickets in Form 39.

Before issue to the collecting officers, the tickets shall be stamped with the common seal of the Commissioners in the presence of the Vice-Chairman or the Executive Officer or the Secretary. The stock of tickets shall be kept in the custody of the Vice-Chairman or the Executive Officer or of the Secretary, and a stock account of their receipts, issues and balance shall be kept by the Accountant in Form 30 and the tax-collector shall give his receipt in the proper column for tickets made over to him periodically.

105. The number of tickets issued to the sarkar by the tax-collector shall be counted and entered by him in the sarkar's debit and credit account of tickets (Form 31) which shall be posted whenever tickets are issued or returned or collections deposited.

The Accountant shall check this account when verifying his cash-book (*see* rule 222) and the Vice-Chairman or the Executive Officer or the Secretary shall check it fortnightly like other subsidiary registers.

The cancelled tickets, if any, after being entered in the debit and credit account shall be produced before the Vice-Chairman, or the Executive Officer, or the Secretary for destruction, who shall record a certificate to that effect in the stock register (Form 30).

106. The sarkar shall date each ticket with a rubber stamp as he issues it and shall make the collections under the supervision of the Secretary, or other responsible officer appointed for the purpose by the Commissioners at a meeting.

107. The Vice-Chairman, Executive Officer, Secretary, or other officer appointed in this behalf by the Commissioners at a meeting shall at irregular intervals inspect the tickets of the stall-holders.

The inspecting officer shall satisfy himself that only persons having a ticket of the current date are allowed to hold a stall, or shop, in the bazar, market or to kill an animal in the slaughter-house.

108. At the end of the day or at such other time as may be fixed by the Chairman or Vice-Chairman, the sarkar shall bring his collection money and the balance of tickets in hand to the municipal office, and make them over to the cashier, who shall check the cash and the balance of tickets in hand with the sarkar's debit and credit account of tickets (Form 31). After necessary check, the amount shall be entered in the cash-book in the usual way.

Miscellaneous demands.

109. For demands not otherwise provided for in these rules the Commissioners shall maintain a Miscellaneous Demand Register in Form 40.

Columns 1 to 7 of the register shall be posted when the bills are signed, and the entries regarding payment shall be made in columns 8 to 12.

The money shall then be credited into the cashier's cash-book (Form 78) in the usual way.

110. Bills shall be prepared in Form 41 and shall be entered in the appropriate columns of the register and their satisfaction noted in the proper column. A receipt in Form 42 will be granted in such cases.

111. A receipt in Form 42 shall be granted by the Vice-Chairman, Executive Officer, or Secretary, for any money received by the Commissioners under these rules or the Act for which no receipt form has been prescribed. The total amount received shall be written in words both on the receipt itself and on the counterfoil.

112. The bill and receipt forms shall be bound in counterfoil books. Each book shall contain 100 forms and no book shall be brought into use until all the forms and counterfoils have been consecutively machine numbered. The numbers shall, if possible, be printed.

A separate book in the same form shall be used for any head of revenue, the receipts on account of which are numerous and until the book thus issued has been used up, no new book shall be given out.

113. The receipt and issue of all forms shall be recorded in the stock book (Form 11) and on no account shall loose unnumbered forms be kept in the office.

Recoveries for services rendered to private individuals.

114. No work shall be undertaken by the Commissioners for a private individual other than that executed in default of compliance with notice under section 519 or in pursuance of a deposit under section 516. If a sum of money is received under section 516 it shall be credited to the service head and a special account shall be opened in a separate register in Form 72 in the name of the individual concerned. The amount received shall be entered on the debtor side and the charges incurred on account of the service rendered including the supervision charges, shall be drawn on proper bills and entered on the creditor side, as soon as the amount is paid, with a quotation of the number and date of the voucher. On the completion of the work if there is a balance at his credit, it shall be refunded to him and a note of the fact made in the register.

Subscriptions and donations.

115. Subscriptions and donations for special purposes shall be recorded in Form 43. These shall not be appropriated for any other purposes and to prevent this a separate account shall be kept in Form 72.

Note.—*See* rule 202.

Contributions.

116. The realisation of amounts due on account of contributions shall be watched by means of the Miscellaneous Demand Register (Form 40). As soon as the demand can be ascertained and the amount becomes due, a bill shall be prepared by the Commissioners in Form 41 and accounted for in the way laid down in rules 109 and 110.

CHAPTER VI.

Monthly pay bills.

117. The salary bill of the municipal establishment shall be drawn in Form 44 and the certificate at the foot of the form shall be signed by the Chairman or Vice-Chairman. When salary is drawn for a portion of a month only, the rate at which it is drawn and the number of days for which it is claimed shall be stated either against the name of the employé in the body of the bill or in a note at the foot of the page.

When an employé is absent from duty and acting arrangements are made in consequence of his absence, the absentee statement on the reverse of Form 44 shall be filled in and signed by the Chairman or Vice-Chairman.

Pay not distributed shall be refunded by short drawal in the next monthly pay bill.

118. No deduction not authorised by the Act, these rules or a competent court or authority, e.g., library fee, association fee or co-operative dues shall be shown in the pay bill.

119. If a Provident Fund has been opened, the headings of the establishment bill may conveniently be in Form 45, but the absentee, increment and other certificates prescribed in rule 117 shall not be changed.

The total of the bill will be the joint total of columns 6 and 13. The amount of column 10 (net amount payable) will be disbursed in the municipal office. The total of the Provident Fund shown in column 14 will be remitted to the Savings Bank by a cheque drawn in favour of the Post Master where accepted by him, in other cases cash should be sent, and the income-tax shown in column 9 will be paid by cheque to the Income-tax Officer of the district. If the amount be less than Rs. 20, payments may be made in cash.

120. To the first bill in which a periodical increment is drawn by any officer a certificate in Form 46 shall be appended.

121. The pay of all temporary employés who are entertained under sanction shall be billed for separately in the same form, the sanction being quoted.

122. One bill whether for establishment or other charges shall ordinarily only contain details of charges to be taken against one of the budget heads. If in any case a bill be presented which contains charges against more than one head, the Accountant shall enface in red ink on the bill itself above the payment order the details of the apportionment of the charges. These details shall be also shown in the cash-book (Form 83) in the column "Head of account in Abstract Register."

123. The last payment of an employé's salary, travelling allowance, Provident Fund deposits, gratuity or security deposits shall never be made until it has been ascertained that there are no demands outstanding against him. A certificate to this effect signed by the Chairman or Vice-Chairman shall be attached to each such bill.

Distribution of salaries.

124. Every municipal employé shall give a receipt with date in the appropriate column on the form for the sum paid to him and shall in the case of sums exceeding Rs. 20 affix a receipt stamp before signing. The cost of such receipt stamp must be borne by the person who received the money and not by the Commissioners. Employés unable to write shall give their thumb impression and shall be paid in the presence of the Vice-Chairman or some responsible officer, who shall record a certificate to that effect.

125. The head of the office is personally responsible for every salary drawn on a bill signed by him until he has paid it to the persons entitled to receive it, and has had the acquittance roll signed and, if necessary, stamped by the payee. The undisbursed amount shall not be kept in hand for over two months and shall be refunded by short drawal either in the next monthly bill or in the bill for the month next following. It can be drawn anew under rule 127 when it is required again for disbursement. Pay shall not in any circumstances be placed in deposit.

126. The head of the office shall not readjust the salaries of the establishment by giving one officer more, and another less, than the sanctioned pay of his post, nor shall he distribute the pay of an absentee otherwise than as provided by any general or special rules or orders of the Commissioners at a meeting.

Arrear bills.

127. Arrear pay shall be drawn not in the ordinary monthly bill, but in a separate bill, with a quotation of the bill from which the charge was omitted or withheld or on which it was refunded by deduction, or of any special order granting a new allowance. Such bills may be presented at any time and may include as many items as are necessary, but they shall be supported by a certificate from the head of the office that the amount was not paid before.

When the bills are paid the number and date of the voucher shall be noted on the original bill from which the charge was withheld or omitted or in which it was refunded, against the item concerned in order to prevent a second claim from being entertained.

Leave and acting allowances.

128. Leave and acting allowances may be granted to municipal employés within the limits prescribed in the Fundamental Rules or other similar rules for the time being in force as regards similar officers in Government service. No leave or allowance in excess of those admissible under these rules shall be granted without the express sanction of the Local Government.

Record of service.

129. A Service Book in Form 47 printed in English and the vernacular shall be supplied at his own cost to every subordinate employé holding a substantive appointment on the permanent establishment of a municipality.

In the case of heads of offices, e.g., Health Officer, etc., this record shall be kept in the "History of Services" in Form 48.

It shall be kept in the custody of the Chairman or the Vice-Chairman whose signature as well as that of the employé on the first page shall be attested every five year.

The Service Book shall contain a contemporary record of the employé's official life including leave of every description, every period of suspension from employment and every other interruption of service with full details of its duration. And every entry relative thereto shall be written across the page and attested by the Chairman, Vice-Chairman, or the Executive Officer or the Secretary.

130. The Chairman or Vice-Chairman is primarily responsible that every necessary entry is made, especially in regard to leave or suspension. The Service Books shall be shown once a year to the employés to enable them to see that all entries relating to their services, leave, etc., have been duly made and attested. The Service Books shall then be kept by the proper authority. Service Books shall be introduced and kept up whether rules for the grant of pension and gratuity have been framed or not.

131. A character roll in Form 49 which will be in the nature of a confidential report shall be maintained for the Executive Officer, Secretary, Engineer and Health Officer and other officers and kept in the personal custody of the Chairman. Unfavourable remarks, if any, made against any officer shall be communicated to him confidentially.

Pensions and gratuities.

132. The Accountant shall prepare the pension papers and certify the amount of pension or gratuity admissible under the rules framed by the Commissioners and approved by Government under section 69 of the Bengal Municipal Act. The grounds on which pension or gratuity is to be awarded shall always be recorded on the pension papers. The amount of pension or gratuity certified to be admissible shall be checked by the Vice-Chairman and the same shall be sanctioned by the Commissioners at a meeting. These documents together with the service books and other connected records shall be placed before the local auditor when he next visits the municipal office and he will post-audit the admissibility of the amount of pension or gratuity sanctioned and paid.

Security.

133. No person shall be appointed to be the Secretary, Accountant, tax-collector, cashier, tax and license fee collecting sarkars and other employés entrusted with the receipt, expenditure or custody of municipal money or property unless he furnishes security to an amount to be fixed by the Commissioners at a meeting, in accordance with the rules framed by them under clause (*ii*) of section 75 in each instance with due regard to the responsibility of the officer.

Such security must be either a deposit of cash or Government promissory notes, or Post Office Saving Banks deposits. In exceptional cases the Commissioners at a meeting may accept payment of the required security by deductions from salary. Such deductions shall be at not less than one-fourth of his pay or at not less than such sum as would make up the security in a maximum period of five years. In such cases personal securities shall be obtained until the full amounts of the cash securities required have been recovered, the solvency of the sureties being ascertained from time to time:

Provided that the Municipal Commissioners may, if they so desire, accept fidelity bonds from such employees, in lieu of security in monthly instalments, in accordance with the principle laid down in the notes appended to rule 40 of the Bengal Financial Rules.

134. In the case of every employé affected by the preceding rule, a security bond in Form 50 shall be executed. All such bonds shall be kept under lock and key in the custody of the Chairman, Vice-Chairman or Secretary.

A security bond executed in a particular capacity is not valid when the duties and responsibilities are added to or changed.

Travelling allowance.

135. Travelling allowance may be granted to municipal employés for journeys undertaken in the interests of the municipality. The travelling allowance paid to such officers shall not, without the express sanction of the Local Government, exceed what would be admissible to similar officers in Government service under Part III, Chapter V, of the Fundamental Rules.

Contingent expenditure.

Contingent bills.

137. All recoupments of contingent charges shall be drawn on a bill in Form 52.

Note.—Contingent expenditure includes all charges other than those for establishment or travelling allowances.

Imprest accounts.

138. A sum of money specified from time to time by the Commissioners at a meeting but not exceeding Rs. 100 without the sanction of the Commissioner of the Division may be placed as a permanent advance at the disposal of an officer whose duties cause him to incur petty expenses which require to be paid at once before money can be obtained on a contingent bill (Form 52). Similar advances may also be made to schools, dispensaries and other municipal institutions.

Payments exceeding Rs. 20 shall not ordinarily be made from the imprest.

139. The holder of the permanent advance shall make payments from his permanent advance from time to time as may be required, and for each payment he shall obtain and hold a bill receipted by the payee, or in the case of petty office expenses a written detailed statement of the sums spent.

These bills or statements shall be numbered consecutively, enfaced or stamped "paid in cash" and entered in the expenditure columns of the permanent advance account in Form 53, the classification of the charges being carefully entered in the columns provided for the purpose.

140. The permanent advance may be recouped whenever necessary, and it shall always be recouped on the last working day of the month and it shall be recouped in the following manner:—

(*i*) The officer holding the advance shall compare the sub-vouchers with the entries in the permanent advance account and he shall deface them by stamping them "cancelled" so that they cannot be used again. He shall total and initial the column "amount of sub-voucher" in the permanent advance account and also the amounts in the classification columns, the cross total of which should agree with the total of the column "amount of sub-voucher" and shall rule a red ink line across the page.

(*ii*) The bill for recoupment shall then be drawn out and sent to the municipal office for payment. After the bill is enfaced with the usual payment order in the form prescribed in rule 214, a cheque shall be drawn out in favour of the officer holding the advance.

The recoupment shall always be in full of expenditure from the last recoupment to date so that the balance in hand after recoupment will always be the full amount of the advance.

141. The serial number of the sub-vouchers shall always recommence with No. 1 after each recoupment.

142. Sanction of the Commissioners at a meeting shall be obtained for the purchase of books, periodicals, newspapers, official publications, for unusual contingent charges, such as typewriters, fountain pens, furniture, etc., and for all recurring contingent charges which bind the Commissioners beyond a single payment.

Stamps and Postage.

143. Stamps and postage charges shall ordinarily be met from the permanent advance. But, in order to enable a check to be kept upon the number of stamps expended by each department using stamps upon the business of the municipality, a Stamp Register shall be maintained in Form 54. The same register shall be used for receipt or other stamps, separate pages being allotted for each description, columns 5 and 6 being modified as required.

This register shall also serve as the despatch register.

144. The balance of stamps in hand shall be verified once a month by the head of the office who shall make a note of the verification in the remarks column under his signature.

Note.—See rule 258.

Stationery Accounts.

145. The stationery accounts shall be maintained in Form 55. The purchases shall be made annually or half-yearly on indents duly sanctioned by the Chairman and showing the stock in hand at the time, the actual consumption of the previous year and the quantity required. The issues shall be acknowledged in the register under the initials of the officer supplied. The balances shall be struck at the end of the half-year and verified with the actual stock by the head of the office, who shall record a certificate to this effect on the register.

CHAPTER VIII.

Public works.

146. To facilitate the preparation of estimates, a schedule of rates of each kind of work commonly executed shall be kept up. The Chairman, the Vice-Chairman, the Executive Officer, the Secretary, or the Municipal Engineer shall periodically ascertain the market rates and place them before the Commissioners at a meeting to consider whether the schedules of rates should be revised. The schedule shall be passed at least once a year by the Commissioners at a meeting in March of each year. Any change in the rates during the currency of the year shall likewise be sanctioned and the number and date of the resolution quoted against the item concerned, under the initials of the Chairman or the Vice-Chairman.

Estimates.

147. Except in cases of emergency or to prevent damage or loss, no work shall be put in hand until a properly detailed estimate in Form 98 has been prepared and sanctioned.

All estimates for new works and repairs, the amount of which is not more than Rs. 200, may be sanctioned by the Chairman or the Vice-Chairman if empowered to do so, and those which amount to more than Rs. 200 shall be sanctioned by the Commissioners at a meeting and signed by the presiding officer.

In large municipalities, this limit may be raised with the sanction of the Commissioner of the Division.

In the case of the following classes of estimates or projects the sanction of the Commissioners shall be subject to the approval of the authority indicated:—

(*a*) All projects for new works, the estimated cost of which exceeds Rs. 10,000, but does not exceed Rs. 25,000.	Approval of the Commissioner of the Division.
(*b*) All projects for new works, the estimated cost of which exceeds Rs. 25,000.	Approval of the Local Government in the Local Self-Government Department to be obtained through the Commissioner of the Division.

The sanction of the Commissioners to an estimate for an original work which forms part of a contemplated scheme although such estimate may in itself be within the limit up to which the Commissioners can sanction, shall be subject to the approval of the same authority as the estimate for the whole scheme would be, and no such estimate for a part of a scheme shall be sanctioned unless the nature and the approximate cost of the entire scheme is fully set forth in the report of the estimate.

A revised estimate shall be prepared when an estimate is likely to be exceeded by more than 10 per cent. of its total amount or when considerable alterations of the original estimate are desired; and it shall be submitted for the approval of the authority whose sanction would be necessary if it were an original estimate.

148. The estimates shall be filed in order of sanction and indexed.

Measurement Book.

149. The overseer or other officer deputed for the duty of periodically measuring the works shall keep up a Measurement Book in Form 56.

150. The pages of the book shall be machine-numbered, and no page shall on any account be torn out, nor shall any entry be erased or effaced so as to be illegible. If a mistake be made, it shall be corrected by crossing out the incorrect words or figures, and the correction thus made shall be initialled.

The entries in the Measurement Book should, if possible, be made in ink, but when this is not possible and the entries have to be made in pencil, the pencil entries shall not be inked over but left untouched. The contents or area shall, however, be invariably inked in.

151. (*a*) The Measurement Book shall be the basis of all accounts of quantities whether of work done by daily labour or by piece or by contract or of materials received which have to be counted or measured.

(*b*) Before the bill of a contractor is prepared the entries in the Measurement Book relating to the description and quantities of work

or supplies shall be scrutinised by the Municipal Engineer or by the officer selected by the Commissioners at a meeting and the calculation of the "contents or area" shall be checked arithmetically under his supervision. The bill shall then be prepared from the measurement entries in Form 57 or 58, as the case may be, and the rates shall be taken from the agreement or tender accepted. The pages of the Measurement Book in which the detailed measurements are recorded shall invariably be quoted on the bill The bill shall be signed with date by the officer in charge of the work and by the contractor in token of its correctness.

(*c*) Before signing the bill, the Municipal Engineer or the officer selected by the Commissioners at a meeting shall compare the quantities in the bill with those recorded in the Measurement Book and see that all the rates are correctly entered and that all calculations have been checked arithmetically. When the bill is on a running account, it should be compared with the previous bill. The memorandum of payment shall be checked and any recoveries which shall be made on account of work or supply or on other accounts shall be shown therein. Every page containing the detailed measurements shall then be scored out by a diagonal red ink line.

(*d*) The Accountant shall then check the bill with the Measurement Book, estimate, agreement, previous payments (in case of running bills), balance of allotment available and the arithmetical calculations, and shall submit the same before the Chairman or the Vice-Chairman (*vide* rule 214). The number and date of the payment voucher shall be noted on the abstract of measurements in the Measurement Book and also on the pages containing the detailed measurements.

152. To enable the overseer or other officer in charge of works to submit his Measurement Book with the bills or accounts to the municipal office two or more books for his use shall be provided. The Measurement Books after they are completed shall be returned to the municipal office for record.

153. When note or Measurement Books are issued, the name of the subordinate to whom they are issued and the date of issue will be noted on the book and attested by the signature of the head of the office. All the Measurement Books shall be numbered serially. A list of all books issued shall be kept in the municipal office in view of their being promptly called in and filed when done with.

Works executed by contract.

Tenders.

154. In the case of all works executed by contract, tenders shall be invited in the most open and public manner possible whether by advertisement in the local newspapers or by notices in the vernacular posted in public places. Where lowest tenders are not accepted the reasons for the same shall be stated.

Agreements.

155. For every work given out on contract an agreement on stamped paper shall be taken in Form 97 and executed in accordance with section 103.

Security.

156. As a safeguard against possible loss to the Commissioners the Chairman shall as a rule take security for the due fulfilment of a contract and this shall be either in the shape of a lump sum or a deduction of 10 per cent. made from the payments due from time to time on account of work done.

The securities so taken will also serve to cover possible over-payments which may be detected on check-measurement.

Note.—See rule 187.

Contract Certificates.

157. Payments for work done or materials supplied by contractors shall be made as a rule monthly on a Contract Certificate in Form 57, showing quantities and value of work executed up to date, the quantities entered being duly attested by the overseer. Such payments shall be treated as payments on account. On the completion or cessation of the work, the final adjustment of the contractor's claim shall be made on bills printed on yellow paper and the payment shall be made on the contractor adding on the bill a certificate in his own hand-writing or attested by his thumb impression that the payment is in full settlement of all demands.

158. When contractors or suppliers are paid up at once on completion of the work or supplies, Form 58 may be used for the bill. In this form the accounts of several works and if necessary of more than one payee may be included.

Payments to contractors.

159. Payments to contractors and suppliers shall be made by means of cheques drawn in their favour. Such cheques shall be delivered to them direct and not through the overseer. When, however, the payee is a firm carrying on business outside the district the procedure laid down in rule 230 shall be followed.

Works executed through departmental agency.

Muster Roll.

160. When work is done by daily labour through departmental agency the basis of the account shall be the Muster Roll and when payments are not made daily the Muster Roll shall be a nominal one, *i.e.*, names of the labourers shall be entered in it. This shall be kept in Form 59. The nominal Muster Roll being the initial record of the labour employed each day on a work, shall be written up daily by the subordinate deputed for the purpose each morning before the labourers begin work.

161. An extract from the Measurement Book shall ordinarily be endorsed on the Muster Roll and the quantity of work turned out shall be compared with the cost of the labour employed so as to afford satisfactory evidence that the outturn of work gives a sufficient return for the money spent. Any deficiency in this respect shall be noticed by the paying officer.

162. If, however, the work is of a petty nature, and in consequence not susceptible of measurement, a certificate in lieu of the above shall

be furnished by the officer in charge of the work to the effect that the work turned out is worth the amount paid for it.

163. The Muster Roll shall be closed immediately after the close of the week or other period for which it is kept and the labourers paid as soon after as possible.

The payment shall be made in the presence of the Chairman, Vice-Chairman, Executive Officer, Secretary, an officer appointed by the Municipal Commissioners at a meeting, or a Ward Commissioner, who shall initial with date against the group of labourers paid on that date. The amount paid on each date shall be noted in words as well as figures at the foot of the Muster Roll (Form 59). The disbursement certificate at the foot of the Muster Roll shall then be signed by the officer witnessing the disbursement.

164. Wages not claimed within three months of their falling due shall not be paid without the written orders of the Chairman or the Vice-Chairman or Executive Officer. Claims preferred six months after their becoming due shall however be supported by a certificate from the head of the office that the amount was not paid before.

Completion certificates.

165. Before final payment for a work is made, a completion certificate shall be submitted by the Vice-Chairman, Executive Officer or a Commissioner appointed by the Commissioners at a meeting in this behalf, to the effect that he has examined the work, and that it has been properly carried out in accordance with the sanctioned plans and estimates. If it has not been so carried out, an explanation of the difference shall be given.

Check-measurements.

166. All important works executed under the supervision of the municipal authorities shall be check-measured by the Vice-Chairman, or other officer appointed by the Commissioners at a meeting in this behalf. The fact of check-measurement shall invariably be noted under his signature with date or dates of check-measurement both against the measurement entries in the Measurement Book and in the contract certificates on which final payment is made.

Register of Works.

167. A Register of Works shall contain a record of every original work or repair estimated to cost more than Rs. 200, showing the expenditure incurred in comparison with the estimate and the arrears due on accounts for which part payments have been made. When the work is estimated to cost under Rs. 2,500, the record of outlay need not be kept by sub-heads, and Form 56 will be used. But a record shall be kept by sub-heads and Form 61 used where the outlay is estimated to cost not less than Rs. 2,500, provided that sub-heads under Rs. 200 need not be separately detailed in the register.

For works the cost of which is estimated not to exceed Rs. 200 expenditure against the estimate shall be watched by noting on the estimate itself the number of each payment voucher and the amount thereof.

Stock and Store Accounts.

168. For stock and store accounts, registers shall be kept in Form 62 with any additional details or columns which may be found requisite.

A separate set of pages shall be assigned to each description of stock. The figures entered in column "balance" shall be certified half-yearly by the Vice-Chairman or Executive Officer or the Secretary as representing articles found by actual counting or measurement, and if any excess or deficiency be found, the register shall be corrected accordingly.

Note.—See rule 258.

169. When there is a large balance of stores for use by the Engineering Department, registers of daily receipts and issues in Form 63 with inner columns for each kind of stores may be kept instead of Form 62. This register shall be balanced monthly in a separate abstract in Form 64 and a half-yearly return in Form 65 showing the receipts and issues month by month and the balance shall be prepared for stock-taking.

Note.—See rule 261.

170. A separate account shall be kept of tools temporarily lent to contractors or in use by the municipal subordinates. When no longer required they will be received back by the store-keeper and transferred to the account of articles in store.

Indent Register of Stores.

171. All orders for supplies required for miscellaneous work to be executed shall be issued in Form 66. The Vice-Chairman shall see that the persons or firms concerned furnish bills for payment immediately after the close of the month or the completion of the work, as the case may be, supported by the order. But one bill shall ordinarily be submitted for all orders received by the same person during the month. A list of unpaid liabilities, if any, shall be prepared from this Register at the end of each quarter.

Note.—See rule 220.

Workshop.

172. The Engineer, or officer in charge of the workshop, shall keep up a stock book (Form 62) of stores, apparatus, fittings, etc., received for use in the shop. This register shall be balanced and the stock, etc., in hand verified by the officer in immediate charge of the shop at such intervals as the Commissioners at a meeting may prescribe, but not less than once a year.

Note.—See rule 258.

Work Register and Muster Roll.

173. To enable a check to be kept upon the work done in the workshop the officer in charge shall keep up a Work Register in Form 67. He shall also keep up a Muster Roll (Form 59) of the workmen.

174. The Workshop Stock Book and the Work Register shall be examined not less often than once a month by the Municipal Engineer or other officer in charge of Public Works, who shall sign the register in token of his having made this examination. This officer shall also at frequent and unexpected intervals check the Muster Rolls.

Contribution works from the Road Development Fund.

175. When any work is to be carried out from contribution from the Road Development Fund, the project will have to be first approved by the Government of India. The grant sanctioned for each project may be paid by the Local Government in instalments from time to time and the work will be subject to inspection by the Executive Engineer or the Superintending Engineer of the Public Works Department of the Government of Bengal who will report whether it complies with the approved specifications. The final instalment of the grant will not be paid by the Local Government, nor shall the final payment for the works executed be made to the contractor by the Commissioners, until the Superintending Engineer furnishes a certificate that the work has been completed according to the approved specifications.

176. All contributions received from the Central Road Development Fund through the Local Government for reconstruction of roads and all expenditure incurred therefrom or from the Municipal Fund exclusively on those works shall be entered in the Appropriation Register (Form 76) for each sanctioned estimate separately. The unspent balance of contribution for one work shall not be appropriated towards the expenditure on any other work but shall be refunded to the Local Government by debit to the head "Extraordinary and Debt—Subvention from the Road Development Fund." A progressive statement in Form 77 showing the contributions received, the amounts expended out of them, and the balance left unspent in respect of each sanctioned estimate shall be submitted quarterly to the Local Government through the Commissioner of the Division and the Superintending Engineer and a copy of the same shall be forwarded to the Accountant-General, Bengal, and the Chief Engineer, Public Works Department. The copy forwarded to the Accountant-General, Bengal, shall be duly countersigned by the Superintending Engineer before it is sent. The total unspent balance of this statement shall agree with the outstanding balance of "Deposits—Subvention from the Road Development Fund."

Note.—*See* rule 177.

177. As soon as the money is received by the Commissioners it shall in the first instance be credited to a separate sub-head "Subvention from the Road Development Fund" under "(F) Extraordinary and Debt—Deposits." The actual expenditure on the works shall be debited to the head "C—Public Health and convenience—14—Public Works—Reconstruction of roads from the Road Development Fund." At the same time an amount equivalent to the amount of expenditure incurred in a month on these projects, shall be adjusted month by month by debit to the deposit head "Deposits—Subvention from the Road Development Fund" and credit to a separate detailed head "Contribution from Government for Road Development" under "D—Grants and contribution for general and special purposes." The outstanding balance of the deposit head "Deposits—Subvention from the Road Development Fund" will represent the net liability of the Commissioners to the Local Government.

CHAPTER IX.

Dispensary Accounts.

General.

178. The accounts of Dispensaries included in Class III-A under rule 28 of the Dispensary Rules shall not be entered in those of the municipality, which is only concerned with them as an agency for the realization of endowments in the municipal area, and as paying a regular subscription from Municipal Funds. Dispensaries of Class III-B being a municipal asset and liability, their accounts shall be entered in those of the municipality. The following rules apply to either class.

Class III-A.

179. Class III-A Dispensaries, *i.e.*, those whose accounts are not incorporated:—

(1) The income from the endowments and investments will be realized by the Commissioners and remitted to the Treasury for credit to the account of the Dispensary Fund, an intimation being at the same time sent to the Managing Committee.

(2) The periodical contribution to be made out of the Municipal Fund shall be paid by cheques, to be drawn in favour of the Chairman or Secretary of the Dispensary Committee and credited to the ledger account of the Dispensary kept at the Treasury by transfer.

Class III-B.

180. All subscriptions and donations and other miscellaneous receipts collected by Managing Committees of Municipal Hospitals and Dispensaries in Class III-B shall be deposited intact in the Postal Savings Bank in the name of the Chairman or Secretary of the Managing Committee, who is authorized to withdraw therefrom such amounts as may be required for expenditure within budget limits. The Chairman of the Managing Committee shall send monthly *pro forma* account in Form 68 showing separately the charges paid from the municipal office and those paid in cash by the Chairman or Secretary. The latter amount will be brought to account in the municipal office through the Adjustment Register (Form 88) by debit to the head "4—Hospitals and Dispensaries—Charges to be met from special receipts and by credit to D—Grants, etc., 3—From other sources for medical purposes." Care shall be taken to make this adjustment for the month of March before the accounts of the year are closed. But for each institution vested in the Commissioners, a subsidiary balanced account shall be kept in Form 69 in which shall be credited (*a*) all endowments, funds and contributions received by the Commissioners on its behalf; and (*b*) all sums allotted in the budget estimates for its establishment and maintenance which are chargeable to the general revenues of the Municipal Fund and in which all expenditure incurred shall be charged. The balance of

this account which shall be struck at the close of each month shall not be appropriated to any object other than the establishment and maintenance of the institution to which it belongs.

The monthly *pro forma* accounts submitted by the Managing Committee shall be checked by the accountant with the balanced account kept in the municipal office.

181. Any hospital, dispensary, school, library, museum or such other properly constituted body vested in the Commissioners under section 97 shall submit to the Commissioners a copy of their sanctioned budget for approval.

CHAPTER X.

Debt Heads.

Advances.

Permanent Advance.

182. Whenever the Commissioners at a meeting decide that a permanent advance may be granted to any officer for payment of petty charges, the following procedure shall be adopted:—

(1) On first receiving or taking charge of the permanent advance the holder shall sign and file an acknowledgment in these terms:—"I acknowledge to have in my possession a permanent advance of Rs. (rupees) which sum is due from me to the Commissioners, and I am personally accountable for the amount."

(2) A similar acknowledgment shall also be given by the holder on the first working day of each year.

(3) The permanent advance when first drawn shall be charged in the Cash-book to the head "Advances" and shall be debited to the holder's account in the Advance Ledger.

There will be no further entries in the ledger account until the advance is finally repaid. A portion of a permanent advance shall never be refunded. If the amount originally fixed for the permanent advance is subsequently increased or decreased by the Commissioners at a meeting, the original advance shall be repaid and a fresh advance drawn.

OTHER ADVANCES.

183. All moneys advanced to contractors or to the Chairman, Vice-Chairman, Commissioners or other individuals under whose personal superintendence a work is being executed, all sums paid without proper vouchers, and any other advance that may be made shall in the first instance be charged to the head "Advances" and entered in the Advance Ledger (Form 70). A separate account

shall be opened in this ledger for each person to whom an advance has been given and this account shall be credited with the amount of any repayments that may be made.

Advances for works to be carried out departmentally should not be for the full sanctioned cost of the work, but should be restricted to the amount actually necessary to meet immediate payments; and as this amount is exhausted it can be recouped by submitting detailed bills for the expenditure incurred.

184. In the case of advances made to contractors or others for the execution of works, the account shall be credited with the actual value of work done upon receipt of detailed bills and proper vouchers for the expenditure incurred out of the advance. These adjustments shall be carried through the Adjustment Register in the manner prescribed in rules 244 to 246. Before the order for adjustment is made, the bills and vouchers put forward in support of the expenditure shall be passed by the Chairman or Vice-Chairman if authorized under section 52 or both in the same manner as other bills are passed. The passing order shall run thus:—

"Passed for rupees . Adjust Rs. by credit to advance account of , and debit to ."

185. The different accounts in the Advance Ledger shall be balanced quarterly and signed by the Vice-Chairman, Executive Officer or Secretary. The postings in the Advance Ledger shall be checked with the accounts at the end of each quarter.

The officer who signs the accounts shall at the same time satisfy himself that steps are being taken to recover or adjust advances which have been outstanding for more than three months. At the close of every quarter a list in Form 71 shall be prepared of outstanding advances.

Deposits.

186. All sums of money received by way of security deposit from contractors or others and all sums received which are not the property of the Commissioners and have been placed with the municipal authorities for a temporary purpose only shall be credited to the head "Deposits received" in the Abstract Register of Receipts (From 86) and shall be entered on the credit side of the Deposit Ledger (Form 72). As in the Advance Ledger a separate account shall be opened for each depositor and the accounts shall be balanced quarterly and signed by the Vice-Chairman or Secretary.

187. In cases where deductions are made from the bills of contractors as security for the due performance of work the bills shall be passed by the Chairman or Vice-Chairman or both for the full amount due on the bill, but only the net amount paid shall be entered in the Cash-book (Form 83). The amount deducted as security shall be brought upon the municipal accounts and into the Ledger of Deposits (Form 72) through the medium of the Adjustment Register in the manner described in rules 244 to 246. The payment order shall run thus:—

"Passed for Rupees

Pay Rs. by cheque and adjust Rs. by debit to and credit to deposit account of ."

188. At the close of every quarter a list of outstanding deposits shall be prepared in Form 73. The postings in the Deposit Ledger shall be checked with the accounts at the end of each quarter.

Register of Security Deposits other than Cash.

189. Security deposits in cash shall be entered at once in the Cash-book of the municipality and the Deposit Ledger and paid into the Treasury like revenue. All other forms of security such as Government paper, Post Office Savings Bank deposits and the like shall be recorded in a register in Form 74. When the security is surrendered the depositor shall give a receipt in the column provided for the purpose.

Government Security Register.

190. All Government securities which shall become, by purchase or otherwise, the sole property of the Commissioners shall be accounted for in Form 74. They shall not be written off this form unless disposed of absolutely by sale or otherwise, *e.g.*, Government securities merely made over to the Reserve Bank of India, Calcutta, for safe custody on payment of usual commission (*vide* G. O. Nos. 2055-59M., dated the 14th March 1935, to all Commissioners of Divisions) shall not be written off this account.

Annual verification of Securities.

191. The total amount of securities which are in the safe custody of the Reserve Bank of India, Calcutta, shall be verified annually by the Vice-Chairman, Executive Officer or the Secretary with the list published by the Reserve Bank of India in the *Calcutta Gazette* at the close of each calendar year and a certificate of verification given in the remarks column of the register against each entry therein.

Securities which are in the custody of the Chairman himself will be verified by the Local Auditor at the time of audit.

Loan Register.

192. The transactions in regard to any loan contracted by the Commissioners shall be recorded in Form 75.

When a loan is raised in the open market under the condition that a Sinking Fund is to be formed for its payment, the payments to the Sinking Fund as they fall due shall be made to the Commissioner of the Division and the Collector of the District, who will hold the Fund in trust for the redemption of the principal of the loan. On receipt of the money the Trustees will lodge it in the Treasury for credit to a personal ledger account to be opened in their names, and as soon as a sufficient balance is available they will invest the same in Government securities for retention in the custody of the Reserve Bank of India. When any loans or debentures fall due, the Trustees will realize the whole or a sufficient portion of the securities held in their names and apply the sale-proceeds thereof, so far as they will extend,

to satisfy such loans or debentures. The interest accruing on the investment will be added to the balance of the trust account until the Sinking Fund is complete.

The transactions of the trust account will be recorded in a cash-book in Form I of the Account Rules for the guidance of the Administrators of Trust Fund issued by the Government of Bengal. As soon as possible after the 31st March in each year the Trustees may forward to the Chairman an abstract of the account in Form II of the Trust Fund Rules and obtain from him a written acknowledgment of the correctness of the account. The Trustees may bring to the notice of Government any default in payment to the Sinking Fund which is not immediately remedied.

Depreciation Fund for Waterworks and Sewage Works.

193. When a waterworks or sewage works is maintained by the Commissioners, they shall make an annual contribution to a fund called Waterworks/Sewage Works Depreciation Fund, for defraying the cost of renewal of parts of the plant, which are liable to rapid deterioration, as detailed in rule 194.

194. For the purposes of these rules, the average life of parts of plant shall be calculated from the assumed lines of the items mentioned below:—

	Years.
Small light oil engines	... 8
Light engines of bigger size	... 12
Crude oil heavy engines	... 20
Light high speed steam-engines	... 15
Heavy high speed steam-engines	... 20
Heavy slow speed steam-engines	... 30
Light reciprocating pumps	... 15
Heavy reciprocating pumps	... 30
Small high speed centrifugal pumps	... 15
Large high speed centrifugal pumps	... 20
Slow speed centrifugal pumps	... 25
Lancashire or cornish boilers	... 30
Small tubular boilers	... 15
Steel filter shells	... 20
Tube-wells	... 10
Electric motors	... 20
Mechanical filter parts	... 15
Sewage aeration machinery	... 15

The average life of a plant shall be calculated in the following manner:—

Example.—Suppose the Commissioners have the plant mentioned below:—

Plant.	Cost. Rs.	Life. Yrs.	
(*a*) Heavy oil engines ..	6,210	× 20 =	1,24,200
(*b*) Centrifugal pumps ..	3,417	× 25 =	85,425
(*c*) Filter parts (including chlorinator)	10,860	× 15 =	1,62,900
Total ..	20,487		3,72,525

Therefore the average life of the whole plant would be $\frac{3,72,525}{20,487}$=18 years.

195. The amount to be deposited in the said fund shall be included in the estimate of the recurring cost for upkeep of the works.

196. The amount of annual contribution to the Depreciation Fund shall be such that the contributions together with the amount by which the fund is improved by investment shall be equal, at the end of the period the plant is expected to last, to the original cost of the plant. For the purpose of this rule the rate of improvement shall be calculated at 2½ per cent. The annual contribution shall be calculated with reference to the following table:—

Table showing the annual sum which accumulated at compound interest will amount to 1 at the end of a period (vide Archer's Table).

Average life of the plant.	Fractional annual contribution at 2½ per cent.	Average life of the plant.	Fractional annual contribution at 2½ per cent.

Example.—If the value of the plant be, say, Rs. 2,000 and the assumed life be 20 years, the annual contribution to the Depreciation Fund at 2½ per cent. rate of improvement) should be ·0401 × 2,000 rupees.

197. The contributions to the Waterworks Depreciation Fund shall at the end of each year be invested in Government securities or in postal cash certificates or kept in fixed deposits in the Imperial Bank of India, where a branch exists. Any small amount left over after such investment should be carried forward towards the investment to be made in the succeeding year. The Government promissory notes may be deposited for safe custody with the Treasury Officer.

198. When any expenditure is to be incurred out of this fund, the whole or such portion of the investment as may be required shall be realised for the purpose.

199. The interest accruing on the investment should be added to the corpus of the fund, the account of which shall be kept by the Commissioners in Form I of the Account Rules for the guidance of Administrators of Trust Funds.

200. Immediately after the close of each financial year, the Commissioners shall submit to Government, through the proper channel, and to the Chief Engineer, Public Health Department, an abstract of the accounts of the fund in Form II of the Trust Fund Rules.

201. The accounts of the Fund shall be audited by the local auditor along with the other accounts of the Commissioners and any default in the payment of the contributions or diversion of the Fund or any other irregularity shall be brought to the notice of Government through the audit report.

Appropriation Register.

Loans, Government Securities, Endowments and other Funds.

202. To watch the appropriation of funds raised by loan or special grants by Government or contributions intended for special purposes by individuals or local bodies an Appropriation Register shall be kept in Form 76. The expenditure shall be posted monthly from the Register of Works or other appropriate register. Without the sanction of Government previously obtained no portion of such funds shall be appropriated even temporarily to any object other than that for which it was intended. Separate pages or sets of pages shall be set apart for each endowment or fund. Any unspent balance of a Government grant made for expenditure in a particular year shall lapse and shall not be available for expenditure in the subsequent year except with the sanction of Government.

CHAPTER XI.

Municipal Office Accounts.

Cashier's Cash-book.

203. All money received at the municipal office shall immediately and without reservation be brought to account in the cashier's Cash-book to be kept in Form 78 under the direct supervision of the Vice-Chairman. The receipts shall be classified in the column provided according to the budget heads.

204. All receipts shall be entered daily in the Cash-book.

As regards receipt on account of collections for which separate registers are prescribed the totals only shall be entered against the appropriate account head, "Total arrears" and "Total current" being shown separately in the case of tax collections made by sarkars.

Other receipts shall be entered with full details of names and particulars.

As far as possible all receipts under the same head shall be grouped together for facility of accounting.

205. Any revenue paid direct into the treasury either by servants of the Commissioners who are authorised to collect or by other persons, will not be entered by the cashier in his Cash-book, as he need keep a record only of the money which passes through his hands. Each servant who collects miscellaneous sources of income and remits money to the treasury shall keep a cash account in such detail as is necessary; but if the collections he makes are recorded consecutively in one of the prescribed registers and he can prepare his challan direct from the register, no further account is required. For example, if the License Inspector appointed to collect the horse and carriage tax remits his collections direct to the treasury instead of through the cashier, he can prepare his challan from Form 24 without keeping a separate cash account.

Custody of the Municipal Fund.

206. Subject to the provisions of section 106, all sums received on account of the Municipal Fund shall be paid into a treasury

When moneys received or collected on account of the municipality cannot be immediately remitted to the treasury in which the Municipal Fund is deposited, they shall be kept in a strong iron-safe secured by two locks of different patterns. As an invariable rule, all the keys of the same lock shall be kept in the same person's custody and, as a general rule, the keys of one lock should be kept apart from the keys of the other lock and in a different person's custody. The custodian of one set of keys should be the Vice-Chairman or some other Commissioner or municipal officer who may be placed in charge of the cash-chest by the Commissioners in a meeting, and of the other, the cashier. The chest shall never be opened or closed without both custodians being present.

At the close of each day's transaction the cash shall be verified by actual count and the details of the cash balance shall be recorded in a bound book in Form 79.

The cash balance certificate should be signed by the cashier and the Vice-Chairman or other Commissioner or municipal officer in charge of the cash-chest. The latter officer shall verify the cash balance and see that it agrees with the balance of the cashier's Cash-book for the same day (Form 74).

Note.—The provisions of the rules in this Chapter shall apply *mutatis mutandis*, so far as possible, to accounts of those municipalities whose funds are kept in a Bank, which is not used as a Government treasury, with the approval of the Local Government.

Remittance into the treasury.

207. All moneys received on account of the Commissioners shall be remitted intact to the treasury as often as can be conveniently managed and shall on no account be appropriated towards expenditure. The collections up to the 30th March shall invariably be remitted to the Treasury on or before the 31st March and those of the 31st March shall be remitted on the same day, if possible, or on the following working day without fail.

208. All moneys paid into the treasury to the credit of the Municipal Fund whether by servants of the Commissioners or by others shall be accompanied by a challan in Form 80.

If the remittance to the Treasury are all made through the cashier, the challan shall be in duplicate and the forms shall be bound in books. The second part shall be removed from the book and retained by the Treasury office, and the original and counterfoil shall be receipted by the Treasury officials and brought back to the municipal office by the servant sent with the remittance. When remittances are made by more than one officer or by a person not in the employ of the Commissioners the challans shall be in triplicate. The first part shall be retained by the Treasury office, the second part shall be sent at once to the municipal office, and the third part shall be delivered to the person paying in the money. Commissioners of municipalities not banking with Government Treasuries may use loose challan forms.

209. The details of each remittance classified according to the different heads of revenue will appear in the cashier's Cash-book (Form 78). The challans for remittance by the cashier shall therefore record only the name of the municipality on account of which the money is sent to the Treasury and the detail of the notes and coins of which the remittance is composed.

210. When a remittance is to be made to the Treasury, (*i*) all receipts up to the time of remittance shall be entered in the Cash-book (Form 78), (*ii*) all money columns (columns 5 to 13 of Form 78) shall be totalled and the cross total of columns 5 to 12 shall be agreed with that of column 13, (*iii*) the total amount of column 13 shall be entered in column 14 and remitted to the Treasury with a chalan, and (*iv*) the number and date of the chalan shall be noted against each remittance. The Vice-Chairman shall check and initial against the total of the remittance in column 14.

A red line shall be drawn across the book below the totals after each remittance.

All amounts received after the remittance is made shall be entered below the line mentioned above, and the date in column 1 of Form 78, shall be the actual date of receipt and not of remittance.

Pass-book.

211. The Pass-book will be supplied gratis by the treasury. It is not a municipal account book, but is simply a copy of the account kept in the Treasury of the money paid in and taken out by the Commissioners. It shall therefore always be written up only by the Treasury establishment by whom the original account is kept.

No entries or marks shall under any circumstances be made in the Pass-book by any one connected with or working in the municipal office.

With the remittance shall be sent the Pass-book of the Commissioners.

Upon receipt of the money by the Treasury both sides of the Pass-book will be written up to date by the Treasury Accountant, the entries initialled by the Treasury Officer and the book returned at once to the municipal office.

At the close of each month the balance in the Pass-book will be struck by the Treasury Accountant with the amount written in words and shall be signed by the Treasury Officer.

The total of the balance and the amount of outstanding cheques shall be checked against the corresponding balance shown in the Cash-book (see rule 224). The Vice-Chairman shall not sign the Cash-book until such agreement has been effected.

Note.—If municipalities bank with the Imperial Bank instead of with the Treasury, the said bank shall furnish a statement of accounts instead of a Pass-book. The bank should be requested to furnish such statements as soon as a remittance is received and always for the last working day of each month. These statements shall be serially and chronologically filed and serve the purpose of the Pass-book. This rule, with the exception of sub-paragraph 3, shall apply *mutatis mutandis* to municipalities banking with a branch of the Imperial Bank of India.

212. The Vice-Chairman, Executive Officer or Secretary, shall once at least in every fortnight examine the cashier's Cash-book together with the Pass-book, so as to satisfy himself that all money received has duly been remitted to the treasury without delay and that the cashier does not retain in hand sums of money in excess of the security which he may have given, and that he always remits to the Treasury the whole and not part of the day's receipts and he shall initial the Cash-book in token of having made this examination. He shall further once at least in every fortnight examine the cashier's and the accountant's Cash-books with all the subsidiary forms (other than rate bill forms) and registers in which receipts are given or collections recorded with the view of testing whether all sums received are actually brought to account promptly. (See rule 230 below).

213. The Chairman, the Vice-Chairman, the Executive Officer, the Secretary or any other disbursing officer shall exercise the same vigilance in respect of all expenditure out of the Municipal Fund as a person of ordinary prudence would exercise in spending his own money. If there be any loss to the Municipal Fund, the officer who incurred the expenditure shall be liable for the same.

Payment orders and payment of claims.

214. Every bill or other claim for payment shall be presented in the first instance to the Accountant who shall check and examine it as regards arithmetical accuracy, propriety of the claim, and its admissibility with reference to sanction, order book, measurement book or other documents, and if it be found to be correct and in order, initial it and submit it for orders to the Chairman or Vice-Chairman. Wherever permissible pies involved in the total of the passed bill shall be rounded off to the nearest anna—items below 6 pies being omitted and 6 pies and above treated as one anna. If payment of the bill so presented is to be made a payment order shall be endorsed on the documents, that is to say, on the bill presented by the person who prefers the claim. The payment order shall, except as otherwise provided in rule 187, run as follows:—

"Pay (Rs.) rupee only," the amount being written in words as well as in figures and the order shall be signed by the Chairman or Vice-Chairman, if the amount to be paid does not exceed Rs. 500. If both the Chairman and Vice-Chairman be absent or be

unable to sign, no order for payment shall be made on the bill. Orders for the payment of a sum of money in excess of Rs. 500 shall be signed both by the Chairman and Vice-Chairman or by the Chairman or Vice-Chairman and another Commissioner.

Before passing a cheque the Chairman or Vice-Chairman shall satisfy himself that the amount is available against the balance of the Municipal Fund or a loan or other special fund, as the case may be, to which the amount is debitable. A reference to the appropriation register maintained under account rule 202 will show the amount of the unspent balance of the loan or other special funds. Deducting this sum from the balance of the general cash-book on any day (the receipts and expenditure being roughly totalled for the purpose of working out the figure), the available balance of the Municipal Fund proper will be obtained.

"*Note.*—The 'Special Funds' referred to above are 'grants from Government' or 'contributions by Local Bodies or individuals' for earmarked objects."

215. If the bill is to be paid out of the imprest, the Chairman or the Vice-Chairman shall sign the pay order on the bill and make it over to the cashier for payment. The accountant or cashier shall after payment stamp the voucher with the words "Paid in cash" in conspicuous type. This shall be attached as a sub-voucher to the next contingent bill (Form 52). If the bill is to be paid by cheque, it shall be made over to the accountant. The cheque shall be written out by the accountant and the bill stamped "Paid by cheque No. , dated " in conspicuous type. Both the bill and the cheque shall then be placed before the Chairman or the Vice-Chairman, or the Executive Officer, or the Secretary, authorized by the Commissioners at a meeting to sign the cheque. He shall then sign the cheque and initial (with date) the "Paid" endorsement on the bill in token of having signed the cheque for the bill.

The amount of the cheque shall be entered in the Cash-book as soon as the cheque is signed.

216. Every payment made either in cash or by cheque shall be covered by a receipt, stamped, if necessary, and signed by the person to whom the money is due. If payment is made to another person duly authorised by the payee to receive payment on his behalf, the signatures of both are necessary.

A receipt signed by any other person or by a municipal employee is invalid.

217. For payment to illiterate persons their thumb impressions shall be taken and attested by a witness in addition to the paying officer.

When the payee signs in vernacular, the paying officer shall require the payee to acknowledge the amount in the same vernacular.

218. All bills that have been paid shall be numbered consecutively for the year in order of payment, and shall be pasted in a guard book.

Sub-vouchers for payments made out of the imprest shall be filed in a separate guard book and shall be attached to the imprest bill for recoupment, a memorandum being kept in its place in the general guard book.

Unpaid Bill Register.

219. All claims which are preferred and accepted shall ordinarily be paid at the earliest possible date. If a bill is presented and payment is not made within a month of its presentation or if the claim is contested it shall be entered in the Unpaid Bill Register in Form 81.

220. The Unpaid Bill Register and the Register of Works (Form 60) being required for ascertaining the unpaid demands for which provision is to be made in the next year's budget (see rule 26), at the close of the year the unpaid amounts shall be shown in the column "Balance" and be carried forward to the register of the next year. To ensure a complete record of the liabilities in cases where bills may not have been presented, all orders for supplies or works other than those for which formal agreements have been taken and particulars of which are entered in the Register of Works shall be entered in an Indent Register (Form 66).

Where a large number of petty orders are given on any particular account, such as fodder, kerosine oil, etc., for which periodical bills are received, a separate register shall be kept for it.

The unpaid Bill Register and the Register of Works shall be reviewed by the Vice-Chairman, the Executive Officer or the Secretary at least once a month along with the relevant records, etc., to ensure their correctness at all times.

Note.—*See* rule 171.

Cash-book.

221. The Cash-book shall be kept in English in Form 83 by the accountant. It shall be a substantially bound volume, containing a sufficient number of pages to contain at least one year's transactions. It shall be carefully paged before being brought into use.

222. As soon as the Pass-book is received back from the Treasury (*see* rule 211), the accountant shall compare and verify the entries in the Pass-book with the duplicate challans and the cashier's Cash-book to ensure that all remittances have been duly brought to account in the Treasury and the accountant will then write up the receipt side of his Cash-book (Form 83) from the challans and the cashier's Cash-book.

In writing up his Cash-book the accountant shall transcribe the totals only under the various account headings in the cashier's book into his Cash-book, but at the same time he shall prove the compilation of the account and test the accuracy of the amount and the classification of the items forming the totals by referring to all the forms and registers in which receipts are given or collections recorded. All miscellaneous receipts and license book counterfoils shall thus be checked daily by the accountant, but the collections of municipal taxes should be compared only with the sarkar's collection registers after they have been duly checked without scrutinising the counterfoils of the bills.

The date of receipt to be shown in the accountant's Cash-book shall be the date on which the challan is received by the Treasury Officer as shown by his stamp and initials on the counterfoil.

Note.—Both the "arrear" and "current" collection of taxes of the 31st March, if remitted to the Treasury in April, shall be classified as "arrear" in the Accountant's Cash-book.

223. The payment side of the Cash-book shall be posted from the details of the vouchers and of the cheques drawn. The amount of each cheque shall be entered as soon as the cheque is signed.

Note.—*See* rule 229.

Closing of the Cash-book.

224. The Cash-book shall be balanced on the last working day of every month and signed by the Chairman or Vice-Chairman in token of the correctness of every entry made therein. The balance brought out shall be stated both in words and figures, and shall within three days of the close of the month be agreed with the balance shown in the Treasury Pass-book, thus:—

	Rs.	A.	P.
Balance as per Cash-book	...		
Add cheques drawn but not yet cashed	...		

	Rs.	A.	P.
No.			
No.			
Deduct value of chalans credited in the Cash-book but not appearing in the Pass-book	...		
Balance as per Pass-book	...		

When a cheque has been cancelled (*see* rule 245), it will not be entered in the list of cheques drawn but not cashed.

Where the Commissioners have transactions with a bank and a treasury or two banks the details of cheques, chalans and pass-books relating to each should be shown separately.

Vice-Chairman's Quarterly Review.

225. The Vice-Chairman shall at least once a quarter review the Register of Works (*see* rule 167), the Stores Registers (*see* rules 168 and 169), the Indent Register (*see* rule 171), the Register of Unpaid Bills (*see* rule 219) and the Register of Lands (*see* rule 256) and shall submit to the Commissioners at a meeting, a consolidated balance sheet in Form 84 showing their assets and liabilities.

The Chairman shall submit a copy of the balance sheet to the District Magistrate not later than the 20th day after the close of the quarter to which the statement relates.

Cheques.

226. Cheques drawn on a treasury shall be in Form 85. The drawing officer shall notify to the treasury upon which he draws the number of the cheque book which he from time to time brings into use.

Cheque books containing 100 cheques each will be provided by the officer in charge of the treasury. Each book will bear a number which shall be repeated upon each cheque contained in it, together

with the consecutive number of each cheque form. The drawing officer shall keep the cheque book under lock and key in his personal custody and when relieved, shall take a receipt for the correct number of cheques made over to the relieving officer, a specimen of whose signature shall at the same time be forwarded to the treasury concerned.

227. On receipt of a cheque book from the treasury, the officer to whom the duty of signing cheques is allotted shall count the cheques and shall record on the back of the cheque book: "This cheque book contains forms." The cheque book shall remain in the custody of the officer who usually signs the cheques.

228. The cheque book in use may be made over to the accountant or cashier whenever required, but it shall be returned before the office is closed for the day and shall on no account be left in the entire charge of any subordinate.

The officer in whose custody it is to remain shall satisfy himself periodically that all unused cheques are in the book and that none have been surreptitiously extracted.

229. No cheques shall ordinarily be signed unless required for immediate delivery to the person to whom the money is to be paid. The practice of retaining signed cheques in the office shall not be permitted.

230. Every cheque shall be drawn in English in favour of the person to whom the money is actually to be paid and no cheque shall be drawn in favour of one person for payment to another.

The sole exceptions permitted to this rule are in the case of a cheque issued (*a*) for a sum of money distributable as pay or wages among a number of municipal employees, and (*b*) for a sum of money due to a person residing outside the district where the treasury with which the municipality banks is situated. In the former case the cheque shall be drawn in favour of the Chairman, Vice-Chairman, Executive Officer or Secretary who will endorse the cheque by name to the person by whom the actual distribution is to be carried out, and in the latter case, the cheque shall be drawn in favour of the postmaster, if it is accepted by him, and shall be sent to him with the money-orders included in the cheque. If the cheque be not accepted by the postmaster, it shall be drawn in favour of the Chairman, Vice-Chairman, Executive Officer or Secretary who will have it cashed and the money sent to the postmaster by money-order. He shall check the money-order carbon receipts with the bills on the same day or on the following day.

The postmaster will accept the cheque and give separate receipts for each money-order in the usual way. In the case of payment of sums due to Government, the cheque shall be made payable to the officer in charge of the department concerned, when the money to be remitted is accounted for by a special department of Government apart from the treasury, such as the Income-tax or the Land Acquisition Department. In other cases the cheque shall be drawn in favour of the Treasury Officer and forwarded to him for credit to Government.

Note.—When payments are frequently to be made to firms outside the district, a second banking account may be opened with a branch of the Imperial Bank with the approval of the Local Government. Crossed cheques shall be drawn on the Imperial Bank for such payments and sent to the payee by registered post.

231. The amount of every cheque drawn shall be written in words as well as in figures both on the cheque itself and on the counterfoil which shall be initialled by the person who signs the cheque. The amount of the cheque should be so recorded as to render any alterations, interpolations or insertion quite easily noticeable; this word "only" shall be added after the amount written in words where the amount does not contain annas or annas and pies.

232. Cheques shall be signed either by the Chairman or Vice-Chairman and they may also be signed by the Executive Officer or the Secretary if the Commissioners at a meeting so direct; but in that case a copy of the resolution empowering the Secretary to sign cheques shall be sent to the Accountant-General, Bengal, and also to the treasury where the account is kept.

233. All cheques drawn in favour of the Chairman or the Vice-Chairman for payment of (1) establishment, (2) wages of sweepers, etc., (3) and others in which cases it is not possible to make direct payments by cheques in favour of the payees shall be entered by the cashier in the Register of Disbursement of cash drawn in cheques in favour of the Chairman or the Vice-Chairman (Form 82). The amounts actually disbursed shall be entered in the register daily and the closing cash balance shall be written in words across the pages at the close of every day's transaction and signed by the cashier, by the Chairman or the Executive Officer or the Secretary.

234. If the Commissioners of a municipality situated in a subdivision and banking at a sub-treasury require money to be paid at the District Treasury, a cheque may be drawn for the amount upon the sub-treasury with a request that an order may be issued for the payment of the amount from the District Treasury, and *vice versa*.

Cancellation of Cheques.

235. When a signed cheque is cancelled it shall be stamped or enfaced "Cancelled" by the drawer of the cheque.

The fact of cancellation shall be noted in red ink under the initials of the drawer of the cheque upon the counterfoil and also across the endorsement which has been enfaced upon the voucher.

Note.—The cancelled cheque will be destroyed by the Government Auditor as soon as the accounts for the month in which the cheque was drawn have been audited.

Correction of the Cash-book and Abstract Register when Cheques are cancelled.

236. If the cheque is cancelled before the cash transactions of the month in which it was issued have been totalled, the entry in the Cash-book and also in the Abstract Register shall be struck out in red ink under the initials of the Chairman or Vice-Chairman.

If, however, the Abstract Register has been totalled the amount of the cheque shall be credited in the Cash-book as a miscellaneous receipt, and if the correction is made in the year in which the cheque was issued, the amount shall be noted against the head "deduct entries" in the Adjustment Register under that head and the head of expenditure to which it was originally charged.

237. No fresh cheque shall be issued, in place of the lapsed cheque, the lapsed cheque shall simply be re-dated and the alteration initialled by the Chairman or official whose duty it would be to sign the cheques. A note of the fact of re-dating shall be entered in the Cash-book against the original transaction and upon the counterfoil of the cheque itself as the alteration will in no way affect the accounts and no further entries shall be made.

Note.—Cheques are current for three months only. After the expiration of that period payment will be refused at the treasury, and the person in whose favour the cheque was drawn will therefore have to bring it back to be re-dated.

238. When a cheque is reported as lost during the period of its currency, the Chairman shall forward to the Treasury Officer concerned a certificate in the following form for signature:—

Certified that cheque No....., dated..... for Rs....., reported by the disbursing officer to have been drawn by him on this treasury in favour of .....has not been paid and will not be paid if presented hereafter.

Treasury Officer.

Treasury,

The.....19...

239. On receipt from the Treasury Officer of the certificate signed by him a new cheque can be drawn in lieu of it and the fact of the loss and the number and date of the new cheque will be recorded on the counterfoil of the lost cheque and the number and date of the old cheque that is lost will be recorded on the counterfoil of the new one. The fact of the new cheque having been issued will be entered on the date of issue in red ink parenthetically in the Cash-book but not in the column for payment. A note will also be made against the original entry in the Cash-book.

Abstract Registers of Receipts and Expenditure.

240. All the entries on the receipt side of the Cash-book (Form 83), shall be posted by the accountant one by one direct from the Cash-book into the Abstract Register of receipts (Form 86), and all the entries on the payment side of the Cash-book shall be similarly posted into the Abstract Register of expenditure (Form 87).

When transactions under any head are very numerous, it will be best to open two or more columns with the same headings, and the headings under which there can be no transactions may be omitted.

241. The Abstract Registers shall be kept in English and shall be posted as often as may be convenient, but in no case later than 10 days after the close of the month to which the account relates.

242. The cash transactions in the Abstract Registers shall be totalled every month and the grand totals of the different heads of receipts and expenditure must necessarily be equal to and shall be compared by the Vice-Chairman, Executive Officer or Secretary with the total receipts and payments in the Cash-book. He shall initial the Abstract Registers in token of having made this comparison.

Adjustments.

243. The adjustments in the Abstract Registers shall represent the totals in the Register of Adjustments described below.

For the record of transactions other than cash a Register of Adjustments shall be opened in Form 88.

244. The chief adjustments are—

(1) Rectifications of errors in classification.

(2) The adjustment of a bill against an advance.

(3) The charge to a head of expenditure by credit to deposits of a sum due on a contractor's bill which sum is retained as security deposit.

(4) Adjustment due to refunds of income or recoveries of expenditure.

These transactions shall be entered item by item in the Register of Adjustments whence the total shall pass into the Abstract Registers of receipts and expenditure, but before the postings are made in the Abstract Registers, the net total of the receipt heads shall be agreed with the net total of the payment heads.

245. The methods of entry in the Register of Adjustments shall be as follows:—

In case (1) the adjustment shall be made by entering the amount in the space for "add entries" in the column for the head to which the amount is to be added, and again in red ink in the space for "deduct entries" in the column for the head from which the amount is to be deducted. Both entries will be made on the receipt side, if the amount is to be transferred from one head of receipt to another; and both will be made on the expenditure side if the amount is to be transferred from one head of expenditure to another.

In case (2) the adjustment shall be made by entering the amount in the space for "add entries" in the column of the expenditure side for the head to which charges on account of the particular expenditure incurred are to be taken and on the receipt side in the space for "add entries" under the head "advances recovered." A corresponding entry shall be made on receipt or credit side of the Advance Ledger (Form 70) of the person by whom the expenditure was incurred and to whom the amount adjusted was originally advanced.

In case (3) the adjustment shall be made by entering the amount on the expenditure side in the space for "add entries" in the column for the head to which the balance of the charges of the bill from which the deduction has been made has been taken, and on the receipt side in the space for "add entries" under "deposits received."

In case (4) an adjustment shall be made only when the income was originally received or the expenditure incurred in the same year in which the refund or recovery is made. When income is refunded the refund shall be charged to the major head of expenditure corresponding to the major head of receipt to which it was originally credited, or if there be no such head to "Miscellaneous." The amount shall then be deducted in the Adjustment Register from both the head of receipt to which it was originally credited and the head of expenditure to which the refund is charged. When expenditure is recovered the amount shall be credited to the major head of receipt corresponding to the major head of expenditure to which it was originally charged or if there be no such head to "Miscellaneous." The amount shall then be deducted in

the Adjustment Register from both the heads of expenditure to which it was originally charged and the head of receipt to which the recovery is credited.

Note.—Adjustments affecting the advance and deposit heads shall be made even after the close of the year.

246. Adjustments made by deduction in the Abstract Registers shall always be written in red ink.

Quarterly and Annual Account.

247. At the close of every month the totals under the various heads of account recorded in the Abstract Registers (Forms 86 and 87) shall be entered in English by the accountant in the separate registers in Forms 89 and 90 against the corresponding heads under the appropriate month.

If it is desired to show the expenditure in greater detail than according to the prescribed budget heads additional detailed heads may be inserted in the Register of Expenditure.

The particulars of the charges to be posted under those heads can be obtained from the Cash-book or vouchers. An account showing the receipts and expenditure during the year in Form 91 and duly balanced shall be prepared immediately, after the close of each year and published at the municipal office.

248. As soon as possible after the close of the year and not later than the 15th April following the totals of the receipts and expenditure of the year as worked out in the last columns of the registers (Forms 89 and 90) shall be posted in English by the accountant into the annual account in Form 91.

249. A copy of this account shall be sent not later than the 30th April following to the Commissioner of the Division through the District Magistrate.

250. To enable the Commissioner of the Division to effect a comparison between the estimate and the actual receipts and expenditure of the municipality, the amounts by which the actual figures fall short of or exceed the estimated figure shall be shown in the two separate columns provided for the purpose within the body of Form 91.

Office Order Book.

251. An Office Order Book shall be kept by the Commissioners in which all appointments, promotions, leave, suspensions, fines and office arrangements and orders generally shall be noted. The Vice-Chairman or the Executive Officer shall see that this Order Book is kept in a correct and complete manner.

Establishment Check Register.

252. The whole establishment of the Commissioners shall be recorded in the Establishment Check Register (Form 92) in which every appointment as made shall be entered. When any revision of the establishment is made the details of the revision shall be noted in the register, the number and date of the resolution or order being quoted in column 1 thereof. The original scale as well as all subsequent changes shall be authenicated by the Chairman or Vice-Chairman or Executive Officer with a quotation of the number and date of the sanction in support.

253. Details of every establishment bill after it is checked by the Accountant shall be posted into the Establishment Check Register (Form 92). Pay shall be recorded under the month for which it is due and not under that in which it is disbursed.

Temporary Establishment.

254. Temporary establishment shall be entered in the Establishment Check Register (Form 92) at the end of the space allotted for the permanent establishment and shall not be mixed up with it. The period for which the temporary establishment is sanctioned shall be distinctly specified in the second column below the details of appointments sanctioned, and lines shall be drawn across the columns of the months previous and subsequent to such period, so as to prevent admission by oversight of pay for a period in excess of sanction.

Other Recurring Charges.

255. When the Commissioners incur recurring charges (other than loans) on account of scholarships, contributions, rents, etc., payments on account thereof shall be recorded and checked in the same manner as establishment charges. The Establishment Check Register (Form 92) shall be used for the purpose, separate pages being opened therein for these charges.

Register of Lands.

256. A proper record of all lands including roads, lands on road sides, sites of buildings, tanks, etc., in the possession of the Commissioners shall be kept in Form 93.

If any plot of land shown in the register is sold or is otherwise transferred from the possession of the Commissioners, the entry for it shall be struck off and the facts in connection with the transfer stated in the column for remarks under the initials of the Chairman or the Vice-Chairman. This register shall be annually examined by the Chairman and attested with his signature and date.

Register of Tools and Plant.

257. All property which is not recorded in the municipal stock books (Form 62) or in the Register of Lands (Form 93), *e.g.*, tools and plant, conservancy or watering carts, road rollers, lamps, lamp-posts, ladders, scales, weights, etc., shall be recorded in a Register of Tools and Plant in Form 94. When any such property is subsequently disposed of by sale or in any other manner, the details of disposal shall be entered in column 7 by the officer in charge. This officer shall be responsible that the register is a complete record of the municipal tools and plants which should be shown therein.

Annual verification of Property.

258. The Chairman, or one or more representatives of the Commissioners appointed by him in this behalf, shall verify such percentage of the municipal property referred to in these rules as the Chairman may decide, provided that not less than 10 per cent. of the property entered in each of the registers of stock books prescribed by the rules abovementioned shall be verified each year.

259. The verifying officer shall initial each entry which he has verified and shall sign a certificate that he has personally verified the existence of whatever percentage he may have checked of the articles entered in the register of stock book.

260. The verification of the entries in each separate register or stock book shall be so far as possible be completed in one day.

It is not necessary that all the registers and stock books should be verified on the same day or at one time of the year. It will in fact ordinarily be safer if the various checks are carried out at irregular times.

261. The date on which each item of stores was actually counted shall be entered in the Stock Register or the half-yearly balance return.

Destruction of Vouchers and other Records.

262. Vouchers, registers and other accounts and forms prescribed for the use of Commissioners shall not be weeded or destroyed otherwise than in accordance with the Appendix to these rules.

The Chairman or the Vice-Chairman shall give the necessary orders for destruction after personal inspection.

The registers, vouchers and other documents which have been ordered to be destroyed shall be entered in detail in a register and attested by the Chairman, Vice-Chairman, Executive Officer or Secretary after verification.

CHAPTER XII.

Legal Proceedings.

263. The municipal rates, taxes, license fees, rents, etc., shall ordinarily be realised by the collecting sarkars or by issue of distraint warrants, as provided in the Act. In exceptional cases, where civil suits are to be filed for the recovery of the municipal dues, sanction of the Commissioners at a meeting shall be obtained for filing them.

264. All suits filed on behalf of or against the Commissioners, shall be entered in the Register of Civil Suits (Form 95) and costs incurred in conducting the suits and in execution of decrees shall be noted in the register against each suit to work out the total dues. The pleader entrusted with the case on behalf of the municipality shall be requested to send a report every month showing the action taken by him, progress of the case, the Court's order, if any, and the amount deposited in Court, if any. The amounts recovered and credited in the Municipal Fund shall be noted in the register with the number and date of the chalan by which they were credited. The register shall be examined by the Chairman or the Vice-Chairman every month.

265. No suit shall be compromised without the sanction of the Commissioners at a meeting.

266. All prosecutions filed under the Bengal Municipal Act, 1932, the Bengal Food Adulteration Act, 1919, or any other Act, shall be entered in the Prosecution Register (Form 96). The order of the court, the amount of fine imposed and the number and date of the chalan in which the fine is credited shall be noted against each.

4. The occupier or manager of a factory shall furnish any information that an Inspector may require for the purpose of satisfying himself whether any provision of the Act has been complied with or whether any order of an Inspector has been duly carried out. Certifying Surgeons.

7. The Chief Inspector shall fix the number of visits to be paid annually to any factory by a Certifying Surgeon.

(*2*) A "provisional" certificate shall not be deemed to have been confirmed unless it has been impressed in the presence of the Certifying Surgeon with the left thumb mark of the person in respect of whom it has been granted, and the word "provisional" has been scored out and the certificate signed by the Certifying Surgeon.

13. A certifying surgeon revoking a certificate under sub-section (*3*) of section 52, shall cause the word "revoked" to be clearly stamped or written in red ink on the foil and counterfoil and shall sign and date such revocation.

CHAPTER IV.

Cleanliness, Drinking water and Sanitation.

14. (*1*) The inside surface of all walls of the rooms of a factory and all the ceilings or tops of those rooms (whether those walls, ceilings or tops are plastered or not) and all passages and staircases of a factory, if they have not

been painted or varnished as provided for under sub-rule (*2*) of this rule, shall be lime-washed or colour-washed once at least within every twelve months, to date from the time when they were last lime-washed or colour-washed ; and shall be maintained in a cleanly state.

(*2*) All columns, beams, rafters, doors, window-frames and other structures within a factory, shall, if not lime-washed or colour-washed as provided for under sub-rule (*1*) of this rule, be painted or varnished at least once in every five years, to date from the time when they were last painted or varnished, and shall be maintained in a cleanly state.

Provided that, in order to allow the use of alternative methods of treatment of surfaces, or in order to allow an extension of the period between successive treatments where, in his opinion, surfaces are in good preservation and in a clean and sanitary condition, the Inspector may, in any particular instance, by order in writing, relax the above provisions to such extent and subject to such conditions as he may think fit.

15. The manager of a factory not wholly exempted from the provisions of rule 14 under the proviso thereto shall maintain a register in Form No. 4 in the schedule annexed to these rules showing the dates on which the different parts of the factory have been lime-washed, colour-washed, painted, varnished or otherwise treated.

16. The floors of the rooms of a factory and the precincts surrounding a factory shall be kept in a strictly sanitary and cleanly condition, and all drains carrying waste or sullage water shall be constructed in masonry or other impervious material.

17. No rubbish, filth or debris shall be allowed to accumulate or to remain on the premises of a factory in such a position that effluvia or any other nuisance therefrom can arise within the factory.

18. (*1*) In every factory a supply of water fit for drinking, and consisting of at least as many gallons as there are persons employed in the factory, shall be provided daily free of cost. It shall be derived from an efficiently filtered drinking water supply or from one or more wells or specially reserved tanks so situated as not to be liable to pollution by organic matter or other impurities.

(*2*) When the drinking water is obtained from an intermittent supply, the factory shall be provided with a storage tank or tanks having a total capacity of not less than one gallon per worker employed.

(*3*) The Inspector or any other person authorised by the Local Government in this behalf may, at any time, in order to satisfy himself that the water supplied is fit for drinking, take samples for analysis.

19. The area around any place where drinking water is supplied to the operatives shall be maintained in a clean and drained condition.

20. In every factory in which any process involving contact by the workers with an injurious or obnoxious substance is carried on, there shall be provided and maintained in a cleanly state and in good repair for the use of all workers employed in such process, the following :—

(*1*) (*a*) A trough with a smooth impervious surface, fitted with a waste-pipe without plug, and of such length as to allow at least two feet for every five such persons employed at any one time, and having a constant supply of water from taps or jets above the trough at intervals of not more than two feet ; or

(*b*) at least one wash-basin for every five such workers employed at any one time, fitted with a waste-pipe and plug and having a constant supply of water laid on, and

(*2*) A sufficient supply of soap and a nail brush at each tap, jet or wash-basin.

21. In every factory in which washing facilities in accordance with the requirements of rule 20 are provided for workers employed in any process involving contact with an injurious or obnoxious substance, each such worker shall be allowed, for washing, before each of his rest intervals and before the end of his day's work, at least five minutes in addition to his specified rest intervals, and a notice to this effect, in English and in the language of the majority of the workers, shall be affixed in a conspicuous position in each department concerned.

22. Every factory shall be provided with latrines and urinals on the following scale :—

(*1*) Where females are employed there shall be one sanitary convenience for every 25 females.

(*2*) Where males are employed there shall be one sanitary convenience for every 25 males ; provided that where the number of males employed exceeds 100 it shall be sufficient if there is one sanitary convenience for every 25 males up to the first 100, and one for every 50 thereafter.

(3) Where the number of males employed exceeds 50 there shall be one urinal for every 100 males.

In calculating the number of conveniences required under this rule, any odd number of workers less than 25, 50 or 100, as the case may be, shall be reckoned as 25, 50 or 100.

23. (*1*) The design of every sanitary convenience for a factory shall be subject to the approval of the Director of Public Health, and its construction subject to the approval of the Chief Inspector.

(*2*) The site or situation of every sanitary convenience shall be such that no effluvia therefrom can arise within the rooms of the factory.

(*3*) No sanitary convenience shall communicate with any work room except through the open air or through an intervening ventilated space.

(*4*) Sanitary conveniences and urinals shall be so located that every worker may have ready access thereto.

(*5*) Every sanitary convenience in a factory shall be under cover and so partitioned off as to secure privacy, and if for the use of females shall have a proper door and fastenings.

(*6*) Where workers of both sexes are employed, separate conveniences shall be provided for each sex and outside each latrine, at the entrance, there shall be displayed in a conspicuous position, an approved sign or a notice in the vernacular, clearly indicating the sex for which the latrine is provided. All latrines intended for females shall be so placed or so screened that the interior shall not be visible even when the door of any convenience is open, from any place where persons of the other sex have to work or pass, and, if the conveniences for one sex adjoin those for the other sex, the approaches shall be separate.

(*7*) Every sanitary convenience and urinal in a factory shall be kept in a clean and sanitary state, and shall be maintained in a manner approved by the Inspector.

24. In any factory in which the number of workers employed exceeds 500, hand-service latrines of the dry-bucket type shall not be permitted except with the previous permission of the Local Government. This rule shall take effect on and from the 1st January 1937.

25. Where septic tank latrines are installed :—

(*1*) A notice-board showing the maximum number of persons for whom the tank is designed shall be fixed in a prominent position on each latrine.

(*2*) An efficient automatic recording turnstile or turnstiles shall be provided for ensuring that the total number of users admitted on any day does not exceed the number of persons for whom the tank is designed and a register shall be maintained showing the number of users daily.

(*3*) The effluent therefrom shall conform to such standards as the Local Government may prescribe by notification in the local official Gazette.

(*4*) For the satisfactory disposal of the sludge or other solid matters, a pit of cubical capacity equal to the total flow of not less than an hour shall be provided to receive the solid matter. When the pit becomes full, the valves shall be closed and the solid matter and sludge shall be allowed time to settle. The effluent shall then be drawn off and sterilised, and the solid matter and sludge shall be trenched or burnt.

Provided that where the Chief Inspector is satisfied that, in respect of any septic tank, the requirements of sub-clause (*2*) of this rule are not necessary, he may, by order in writing, grant exemption from that sub-clause on such conditions, if any, as he may impose.

Explanation.—In this rule "septic tank latrine" means a sanitary convenience of the septic tank type together with its filter beds, and also activated sludge latrines and aero-bacterial latrines.

26. An Inspector of Septic Tanks appointed by the Local Government may inspect any septic tank latrine or any part of it, and may collect samples of any effluent or effluents required by him.

CHAPTER V.

Ventilation.

27. In every factory, there shall be provided for each worker employed at one time in any room a breathing space of at least 500 cubic feet. For the purpose of this calculation, no height above 15 feet from the floor of such room shall be taken into consideration.

28. The manager of every factory shall maintain a register in Form No. 5 in the schedule annexed to these rules showing the measurements and cubic capacity of each room in the factory, the cubic space in each room occupied by the machinery or other fixtures and the area provided for ventilating openings.

29. Every part of every factory where workers are employed shall be adequately ventilated to the approval of the Inspector.

30. If in a factory engaged in the manufacture of tea the discharge into the drying room of exhaust air from a drying machine would raise the temperature of the drying room above that which would otherwise obtain therein, such exhaust air shall not be discharged into any room of the factory other than a withering room but shall be conducted directly to a withering room or to the outer air:

Provided that the Chief Inspector may, on such conditions, if any, as he thinks fit, by an order in writing grant exemption from the provisions of this rule to any factory in respect of which he is satisfied that the temperature of the drying room is, notwithstanding the discharge therein of exhaust air, ordinarily such as to make the provisions of this rule unnecessary.

CHAPTER VI.

Artificial Humidification.

[The rules in this chapter apply to cotton mills in which the humidity of the air is artificially increased.]

31. There shall be no artificial humidification in any room of a cotton mill whenever the wet bulb reading of the hygrometer is higher than that specified in the following schedule in relation to the dry bulb reading of the hygrometer at that time; or as regards a dry bulb reading intermediate between any two

dry bulb readings indicated consecutively in the schedule, when the dry bulb reading does not exceed the wet bulb reading to the extent indicated in relation to the lower of those two dry bulb readings :—

89·0	84·0	120·0	95·0
90·0	84·5		

Provided however that this rule shall not apply when the difference between the wet bulb temperature as indicated by the hygrometer in the room concerned, and the wet bulb temperature taken with a hygrometer outside in the shade is less than 3·5 degrees.

32. No steam shall be used for the purpose of producing artificial humidification in any room of a cotton mill the dry bulb temperature of which exceeds 85 degrees.

33. The pipes used for the introduction of steam into the atmosphere of any room of a cotton mill shall, so far as they are within the room, be as small, both in diameter and length, as is reasonably practicable and shall be effectively covered with non-conducting material to the satisfaction of the Inspector so as to minimise the amount of heat thrown off by them into the room.

34. (*1*) In all rooms of a cotton mill wherein artificial humidification is adopted, hygrometers shall be provided and maintained in such positions as are approved by the Inspector. The number of hygrometers shall be regulated according to the following scale :—

(*a*) *Weaving Department.*—One hygrometer for rooms with less than 500 looms, and one additional hygrometer for every 500 or part of 500 looms in excess of 500.

(*b*) *Other Departments.*—One hygrometer for each room of less than 300,000 cubic feet capacity, and one extra hygrometer for each 200,000 cubic feet, or part thereof, in excess of this.

(*2*) One hygrometer shall be provided and maintained outside each cotton spinning and weaving factory wherein artificial humidification is adopted, in a position approved by the Inspector, for taking hygrometer shade readings.

35. When satisfied that the limits of humidity allowed by the schedule to rule 31 are never exceeded, the Inspector may, by order in writing, grant exemption from the provisions of rule 34 in respect of any room other than a room in the Weaving Department.

36. A legible copy of the schedule to rule 31 shall be affixed near each hygrometer.

37. At each hygrometer maintained in accordance with rule 34 correct wet and dry bulb temperatures shall be recorded thrice daily during each working day by competent persons nominated by the manager and approved by the Inspector. The temperatures shall be taken between 7 a.m. and 9 a.m., between 11 a.m. and 2 p.m. (but not in the rest interval), and between 4 p.m. and 5-30 p.m. In exceptional circumstances, such additional readings and between such hours as the Inspector may specify, shall be taken. The temperatures shall be entered in a Humidity Register in Form No. 6 in the schedule annexed to these rules. At the end of each month the persons who have taken the readings shall sign the register and certify the correctness of the entries. The register shall always be available for inspection by the Inspector.

38. (*1*) Each hygrometer shall comprise two mercurial thermometers, one wet bulb and one dry bulb, of similar construction, and equal in dimensions, scale and divisions of scale. They shall be mounted on a frame with a suitable reservoir containing water.

(*2*) The wet bulb shall be closely covered with a single layer of muslin, kept wet by means of wick attached to it and dipping into the water in the reservoir.

The muslin covering and the wick shall be suitable for the purpose, clean and free from size or grease.

(*3*) No part of the wet bulb shall be within 3 inches of the dry bulb or less than 1 inch from the surface of the water in the reservoir and the water reservoir shall be below it, on the side of it away from the dry bulb.

(*4*) The bulbs shall be spherical and of suitable dimensions and shall be freely exposed on all sides to the air.

(*5*) The bores of stems shall be such that the position of the top of the mercury column shall be readily distinguishable from a distance of 2 feet.

(*6*) Each thermometer shall be graduated so that accurate readings may be taken between 50 and 120 degrees.

(*7*) Every degree from 50 degrees up to 120 degrees shall be clearly marked by horizontal lines on the stem ; each fifth and tenth degree shall be marked by longer marks than the intermediate degrees and the temperature marked opposite each tenth degree, *i.e.*, 50, 60, 70, 80, 90, 100, 110 and 120.

(*8*) The markings as above shall be accurate, that is to say at no temperature between 50 and 120 degrees shall the indicated reading be in error by more than two-tenths of a degree.

(*9*) A distinctive number shall be indelibly marked upon each thermometer.

(*10*) The accuracy of each thermometer shall be certified by the National Physical Laboratory, London, the Mathematical Instruments Office, Calcutta, or such other authority as may be appointed by the Local Government, and such certificate shall be attached to the Humidity Register.

39. Each thermometer shall be maintained at all times during the period of employment in efficient working order, so as to give accurate indications and in particular :—

(*a*) The wick and the muslin covering of the wet bulb shall be renewed once a week.

FIRST AID

[Rules 60 and 61 of the Bengal Factories Rules, 1935.]

TREATMENT OF MINOR INJURIES.

A SCRATCH OR SLIGHT WOUND.

Treat every scratch or slight wound *immediately*.

Apply the Iodine Solution* over the broken surface *once* and allow to dry.

Do not attempt to wash the wound at all.

Apply a "*Sterilised Dressing*."† A bandage can be applied over this dressing if necessary. Do not touch the part of the sterilised dressing which is put next to the wound.

Blood poisoning or septic infection of a wound is caused by introducing germs into it. A sterilised dressing should, therefore, always be used as it is free from germs.

Iodine sterilises the wound and makes any dirt harmless.

Hands are never free from germs, and should never touch the wound or the part of the dressing to be applied to the wound.

A BURN OR SCALD.

Cover the injured part with a dry "Sterilised Burn Dressing."‡ *Note*—Ointment or oil, such as carron oil, should not be used for a First Aid Dressing. Carron oil is not sterile. Its use may also interfere with any subsequent treatment by a doctor or in the ambulance room.

Do not prick a blister, except under medical advice; it is no part of the First Aid Treatment.

AN ACID BURN.

Flood the burn with cold water.

Sprinkle it (after flooding) with powdered Bicarbonate of Soda.

Apply a "Sterilised Dressing" of suitable size.

Iodine should *never* be used for *Burns* or *Dermatitis*.

---

* A 2 per cent. solution of Iodine in Rectified Spirit B.P.

† "Sterilised Dressing." A dressing put up in a separate packet and rendered free from germs by a special process.

‡ "Sterilised Burn Dressing." A similar dressing as above prepared specially for burns.

EYE INJURIES.

Prevention is better than cure.

Therefore, if your work entails danger to the eyes, *wear goggles*. Goggles have saved hundreds of eyes ; *thousands* have been lost for want of them.

A Foreign Body in the Eye.

Apply two or three eye drops* to the affected eye-ball.

Cover with an eye-shade.

Go to a doctor *at once*.

Do not try to remove any particle which cannot be brushed away.

Note.—The treatment recommended should be carried out *immediately*. The longer the delay the greater the risk of Blood Poisoning.

It is First Aid treatment and is not intended to replace any subsequent treatment which may be necessary by a doctor or in the ambulance room.

---

* Eye Drops—

Cocaine †	..	0·5 per cent.
Hyd. Perchlor. in castor oil ..	..	1 in 3,000.

Instructions to chemist for making eye drops :—Weigh 95 grammes of castor oil into a flask capable of holding twice the quantity. Add 0·5 gramme of powdered cocaine. Warm on a water bath till dissolved. While the solution is still warm (but not hot) add one cubic centimetre of a solution containing 3·3 grammes of mercuric chloride in 100 cubic centimetres of absolute alcohol. Mix the solutions by rotating the flask.

About half an ounce, or 15 c.c., of this solution should be supplied in a bottle from the cork of which a camel-hair brush is pendent in the fluid.

†First Aid boxes as obtained from the suppliers will not contain the eye drops, as a cocaine preparation can only be dispensed under prescription from a registered medical practitioner. It will be necessary, therefore, for the factory manager to obtain a prescription from the Civil Surgeon or other registered medical practitioner, and to purchase the eye drops separately.

APPORTIONMENT ORDER.

Rangpur.—No.18206L.R.—26th November 1935.—Under section 114 of the Bengal Tenancy Act, 1885 (Act VIII of 1885), the Governor in Council has determined that in the police-stations Kaunia, Pirgacha, Sundarganj, Gaibandha, Fulchuri, Shaghata and parts of Sadullapur, Ulipur, Kurigaon and Nageshwari of Rangpur where the preparation of a record-of-rights has been undertaken under notification No. 9474L.R., dated the 1st August 1931, the landlords' and tenants' share of cost for the survey and preparation of record-of-rights, including the estimated cost of maintenance of boundary marks for a period of fifteen years, shall be apportioned and recovered as specified below:—

(1) The rate of Re. 1-9 shall be levied per acre, of which the raiyats including persons holding non-agricultural tenancies shall pay annas 12-6 pies and their landlords of all grades together annas 12-6 pies per acre.

Common lands such as rivers, roads khals, burning ghats, etc., shall be excluded from assessment but not tanks even if used for irrigation.

(2) Landlords shall pay the raiyats' share for lands in their khas possession and raiyats shall pay full raiyati rate for lands covered by their holdings.

(3) Rent-free holders, whether of the degree of raiyats or tenure-holders shall pay the whole of the landlords' share for their lands.

(4) As between the different grades of landlords, the landlords' share shall be apportioned thus:—

(*a*) permanent tenure-holders whose rent is fixed in perpetuity shall pay their own share of the cost and that of the landlords superior to them;

(*b*) other permanent tenure-holders and temporary tenure-holders whose lease has over fifteen years to run shall pay 3/4ths of the landlords' share and their landlords shall pay the remaining 1/4th;

(*c*) temporary tenure-holders whose lease has fifteen years to run shall pay 15/16ths of the share which they would pay in accordance with (*b*) above, if they were permanent tenure-holders; and so on proportionately according to the number of years of the lease to run; and

(*d*) temporary tenure-holders who do not hold on a lease or for a fixed term shall pay half of the landlords' share.

Explanation.—The calculation shall be made from the lowest grade of landlords immediately above the raiyats, the period for which the lease of the tenure or under-tenure is to run is to be reckoned in each case from the close of the agricultural year in which the record is finally published.

(5) Under-raiyats having a right of occupancy or protected by section 48(*c*) (*e*) (*i*) (*1*) and (*2*) shall pay at the rate of annas 12-6 pies per acre, while other under-raiyats will pay at annas 6 for a tenancy or part of a tenancy recorded in one village.

(6) Jalkardar shall pay at the rate of ½ anna per rupee of rent multiplied by the number of years the jalkar has to run divided by 16. In jalkars having more than fifteen years to run and in permanent jalkar the rate shall be ½ anna per rupee. The minimum charge for a jalkar khatian shall be 4 annas.

(7) Usufructuary mortgagees shall pay the costs if the mortgage has sixteen years to run or more. If less than sixteen years the cost will be divided proportionately to the number of years out of sixteen to run between mortgager and mortgagee.

(8) The calculation shall be made:—

(*a*) to the nearest anna;

(*b*) areas less than 1 acre shall be charged for as 1 acre;

(*c*) for broken areas over 1 acre, there shall be no charge for the broken portion if less than half an acre; but if the broken portion be half an acre or upwards, it shall be taken as a full acre; and

(*d*) the minimum charge for any tenancy or part of a tenancy recorded in one village shall be 4 annas only.

NOTIFICATIONS.

24-Parganas-Khulna-Bakarganj.—No. 18258L.R. —27th November 1935.—The following rules are prescribed for the settlement of waste lands, in the Sundarbans, in the districts of the 24-Parganas, Khulna and Bakarganj, in modification of the rules published under notifications No. 1601L.R., dated the 15th February 1919 and No. 861T.R., dated the 29th May 1916, published at pages 306-311 and 974-979, Part I, respectively, of the *Calcutta Gazette* of the 19th February 1919 and 31st May 1916, in respect of the Sundarbans in the districts of the 24-Parganas and Khulna and of the district of Bakarganj, respectively:—

Sundarbans settlements in the districts of Bakarganj, Khulna and 24-Parganas.

Meaning of "Sundarbans."

1. The word "Sundarbans" is commonly used with reference to all or any of the deltaic lands in the south of the districts of 24-Parganas, Khulna and Bakarganj, but in its technical or revenue sense it means those lands which were declared under Regulation III of 1828 never to have been the subject of a permanent settlement. Section 13 (First) of Regulation III of 1828 runs as follows:—

"*First.*—The uninhabited tract known by the name of the Sundarbans has ever been, and is hereby declared still to be, the property of the State: the same not having been alienated or assigned to *zamindars*, or included in any way in the arrangements of the perpetual settlement, it shall, therefore, be competent to the [Local Government] to make, as heretofore, grants, assignments and leases of any part of the said Sundarbans, and to take such measures for the clearance and cultivation of the tract as [it] may deem proper and expedient.

All parties to whom such grants, leases or assignments shall have been made, or to whom they may hereafter be made, shall be entitled to hold or to take possession of any tract of Sundarban *jungle* so granted or assigned without question or opposition, and all public officers shall aid and assist the same:

Provided also that if any *zamindar, talukdar* or other sadar malguzar or any other person owning and occupying or collecting the rent or revenue of cultivated land in the neighbourhood of the land so granted, leased or assigned shall sue in any Court of Adalat * * * to contest the validity of the title or the right of possession of any such lessee or grantee under such grant, lease or assignment, then if the land aforesaid shall be proved to be, or to have been, or be not denied to be or to have been, when so granted, leased or assigned, within the limit of the unoccupied *jungle* so named and described, the suit shall be dismissed with costs:

Provided, however, that if any *zamindar, talukdar* or other person aforesaid shall claim to possess a valuable interest in any part of the Sundarbans, by virtue of authority to collect money or other valuable thing from the persons engaged in gathering wax, or cutting wood or obtaining other *jungle* products of the tract, or by virtue of any other similar privilege or advantage which may have been recognized as part of the assets on which the assessed revenue of his *zamindari, talukdari* or other tenure was adjusted at the time of farming the perpetual settlement of the district, and the collection of which was not subsequently

stopped and due compensation made under the rules relative to the collection of *sair* revenue or other similar arrangement, such *zamindar*, *talukdar* or proprietor shall be entitled to receive from Government compensation for any diminution in the value of such interest and advantage consequent on the arrangements adopted for the cultivation of the Sundarbans; the same being duly established after an investigation conducted under the rules of Regulation 2, 1819, as modified by this Regulation."

A line of demarcation was laid down by Hodge in 1829.

Object of Regulation III of 1828.

2. The reason for passing Regulation III of 1828 was that after the permanent settlement there were many encroachments by the neighbouring zamindars and their subordinate tenants who tried to include areas cleared by Mugh squatters and others in their own estates or tenures. Hence the regulation was passed to re-establish and confirm Government's proprietary right in the lands which had not been the subject of a valid settlement before 1870.

Fishery rights reserved by Government.

3. Government has reserved all rights of fishery in the rivers of the Sundarbans. It has control of all channels and streams as custodian of the public.

Maintenance of reserved forest.

4. In the 24-Parganas and Khulna districts there are extensive Reserved Forests near the sea face, which it is the policy of Government to maintain till the tidal spill has built up the land and raised it to such an extent that it can be cultivated in the ordinary course without being protected by high embankments. These forests also serve as a protection against the inroads of the sea into areas which have already been reclaimed.

Premature reclamation with embankments along the river courses results in raising the bed of the river above that of the reclaimed country which thus becomes liable to inundation when any damage occurs to the embankment. In the Sundarbans the water of the river is saline and an inundation renders the land unfertile for several years. The "famine area" in police-station Assasuni, Khulna, is the result of such premature reclamation.

In Bakarganj practically the entire Sundarbans area has been settled.

History of Sundarbans Administration.

5. (*a*) The History of Sundarbans Administration has been dealt with fully in the Pargiter's Revenue History of the Sundarbans (1765-1870), in the Settlement Reports of the districts of 24-Parganas, Khulna and Bakarganj and in Mr. Ascoli's History of the Sundarbans (1870 to 1920).

(*b*) Before 1905 when the present system of colonization (i.e., raiyatwari settlements) became the rule, settlements were always made with persons who claimed that they had capital which they were willing to spend on making the land fit for cultivation and introducing tenants. These settlements were usually made rent-free for a number of years and then on gradually increasing rents for a long term of years on condition that a certain proportion of the land should be reclaimed within a fixed period.

(*c*) The *howlas* in the Barisal Sundarbans are exceptions to this statement: they were as a rule *ex post facto* recognition of interests obtained by trespassers. (They are dealt with in rules 18 and 19.)

6. The most important types of settlement prior to the introduction of the system of settlement by colonization are:— **Types of settlements.**

(1) the 99 years' leases;

(2) malguzari leases;

(3) talukdari leases;

(4) large capitalist leases;

(5) small capitalist leases;

(6) leases under the Waste Lands Rules of 1825-29; and

(7) the redeemed grants of 1863.

In Saugor Island there are some special types:—

(*a*) Grants revenue-free subject to the observance of certain strict obligations in respect of protective works under rules of 1871.

(*b*) Grants under rules of 1897.

(*c*) Fee simple grants.

7. With the exception of items (6) and (7) of the previous rule, the other leases are described in rules 10 to 19 and forms for renewal given in Appendices A to D, pages 11 to 20.

Rules 20-40 deal with the system of colonization now in vogue.

8. The malguzari and talukdari leases were granted originally between 1830-40, in the estates that were resumed in the Sundarbans in virtue of Regulation II of 1819 and Regulation III of 1828: Government's title being established, these tenures were created in favour of the persons found in possession. **Malguzari and talukdari leases.**

Note.—The talukdars were the abadkars introduced by zamindars of neighbouring estates who encroached on the Sundarbans. They undertook clearance of jungle and embankments before subletting to the settlers. The malguzars were middlemen introduced by the zamindars as aforesaid who themselves took no part in the reclamation of the lots, *cf.* Khulna Settlement Report, paragraph 151.

9. The chief difference between the malguzar and the talukdar is that the former has no right of transfer or sub-letting, and his right to renewal is not unconditional. Both these rights the talukdar possesses. Both malguzars and talukdars are permanent tenure-holders. The forms for renewal are given at pages 11 to 15 and the rent is assessable in accordance with rule 492 of the Survey and Settlement Manual.

10. The conditions for reclamation in the rules of 1829 were so strict and the permanently-settled revenue of 8 annas per bigha so heavy, that the grants were not taken up in sufficient numbers and the reclamation by which it was hoped to improve the health of Calcutta did not proceed very fast. Government, therefore, in 1853 introduced a policy of giving leases for 99 years and permitted the former lease-holders to convert these permanently-settled grants into leases under these new rules. **Origin of the waste land rules of 1853.**

These rules were again superseded by the rules of 1863 in which Government encouraged the lessees to redeem their lots by a lump payment of 8·8 to 20 times the annual revenue according to the year of the grant in which redemption was made.

Under the Waste Lands Rules of 1853.

The most important conditions of the grants from a revenue point of view are as follow:—

(1) One-fourth of the area of the entire grant was for ever exempted from assessment, in lieu of an allowance for water-courses, embankments, tanks and roads, etc.;

(2) after a rent-free period of 20 years, a graduated assessment for the next 30 years would be imposed and for the remaining 49 years the maximum rent of 2 annas per bigha would be charged;

(3) one-eighth, one-quarter, one-half and three-quarters of the grant had to be cleared before the end of the 5th, 10th, 20th, 30th years, respectively. Failure to comply with this condition entailed forfeiture of the grant; and

(4) on expiry of the lease, the grant would be liable to survey and resettlement and such moderate assessment as might seem proper to the Government of the day, the proprietary right in the grant and the right of engagement with Government remaining to the grantee and his heirs, etc.

Permission was given to the lessees holding under the previous rules of 1825-1830 to commute the grants according to the new terms.

11. The grants conferred a proprietary title in the land; and, subject to the special conditions regarding revenue, these 99 years grants are to be treated as temporarily-settled estates (the proprietors having the right to malikana on recusancy). The form of renewed lease is given at page 15. The Government orders in No. 1006L.R. of 19th January 1932 may be seen.

The revenue at re-settlement may be fixed as high as 45 per cent. of the raiyatwari assets of three-quarters of the area of the grant. In view of the low percentage of revenue fixed no separate embankment charge will be allowed. In comparison with the terms ordinarily given to proprietors of temporarily-settled estates this is a moderate assessment.

12. The method of calculation of Government revenue adopted by the Settlement Officer of 24-Parganas in 1929-31 for the three-fourth area was as follows:—

(*a*) Where the area actually under cultivation exceeds three-fourths of the total area, the cultivated area up to 75 per cent. of the lot was assessed at the raiyati rate.

(*b*) Where the total cultivated area was less than three-quarters of the total area of the lot, the whole of the cultivated area was taken *plus* an area of culturable waste and jungle to make up the total equivalent to 75 per cent. of the lot's area, but the latter portions were assessed at reduced rates.

The embankments, channels, creeks, towpaths, etc., were deducted and included in the quarter area exempted from assessment in both cases.

Large and small capitalists rules of 1879.

13. With the issue of the Large Capitalist and Small Capitalist Rules of 1879, the policy of proprietary settlements was abandoned (in favour of leasing or farming).

The chief conditions of the large capitalist leases were as follows:— **Terms and conditions.**

(*a*) the area must be more than 200 bighas but less than 5,000 bighas;

(*b*) the term of the lease was for 40 years with a rent-free period of ten years, after which the rents were to be progressively enhanced till the maximum was reached after 20 years (the rate of rent was not uniform);

(*c*) one-fourth of the area was exempt from assessment;

(*d*) clearing of a certain percentage had to be done within a certain period; and

(*e*) the lease was to be renewed for a period of 30 years at a rate not higher than that paid by the cultivators of the neighbourhood less 30 per cent. for collections.

14. As the lease contained the statement that it conferred a hereditary and transferable occupancy right, it has been held that the lease conferred the status of a tenure with the right to successive renewals, for periods of 30 years.

Government, however, has reserved the right to terminate the lease at any time if the lessee or his tenants by neglect or otherwise render the land unfit for cultivation or do not maintain the embankment, sluices, etc., in an efficient condition.

15. The terms to be offered for such renewals are in the discretion of Government. At present Government has ordered that the rent be fixed at 65 per cent. of the assets of the three-fourths of the grants less an additional allowance of between 5 and 15 per cent. for the upkeep of the embankments according to circumstances. This allowance can only be claimed if the embankments are maintained.

16. The form of renewed lease is given on page 17 and the revenue will be fixed in accordance with the terms of the lease as given in rule 15.

17. Under the small capitalist rules for grants of less than 200 bighas there were two forms of leases, viz., one howladari, the other raiyati. None of the latter seem to have been used. **Grants under the small capitalists rules of 1879.**

18. The howladari lease was for 30 years with provision for perpetual renewal for similar periods. The rent was progressively enhanced after a rent-free period of two years and the lessee was at liberty to bring under cultivation any quantity of land adjoining his holding which he might find *bona fide* unoccupied subject to the payment of additional rent on measurement. **Howladari leases.**

19. The lease conferred a non-permanent tenure right which is heritable and transferable. On renewal, rent will be assessed under the ordinary rules of the Survey and Settlement Manual.

The form of renewed howladari lease is the same as the talukdari renewal form given on page 13.

20. Raiyatwari settlement in the Sundarbans will not be piecemeal as in other districts. With the sanction of Government "lots" of considerable extent will be made available for settlement on colonization. Ordinarily a special Colonization Officer will be appointed for the purpose. There will be a special establishment of surveyor, amin, overseer or embankment officer, clerks, forest guards, etc., who will work under the orders and control of the Collector of the district. **Raiyatwari settlements.**

Duties of Colonization Officer.

21. The chief duties of the Colonization Officer and his staff are to guide and assist the settlers; to watch the progress of jungle clearance and the erection of bunds; to supervise the construction of embankments and the excavation of tanks; and to expedite jungle-clearances. The Colonization Officer must also see that loans are distributed judiciously and repaid in due time and that steps are taken for the removal of those who prove themselves undesirable. He will assist in the initiation of co-operative banks or co-operative development and produce societies.

If necessary, a special works establishment may be sanctioned.

Irrigation and Forest Departments should be consulted.

22. Before any area in the Sundarbans is made available for settlement, the Irrigation and Forest Departments must be consulted as to the expediency of the proposal, and unless the Irrigation Department report that the reclamation can be safely undertaken, no settlement should be made.

Procedure to be followed in colonization.

23. Before any lot can be colonized, embankments may have to be made at Government cost. The estimates and plans for the embankments must be checked by the Irrigation Department. The embankments should be at such distance from the river bank as the Irrigation Department prescribes.

The estimates and plan will be prepared in the first instance by the Colonization Officer, who will block out on the plan roughly the area that he means to take up for embanking. He will, before work begins, make a rough examination of the area and where necessary, cut lines in the jungle for the purpose. No detailed plans and estimates will be required before work is begun, but only specification of the dimensions to which the embankment is to conform.

Contracts shall be at the rate of so much per 100 c. ft. and payment shall be by measurement. Part payment can be made in advance up to 80 per cent. of the total bill, provided that there is in all cases previous measurement of the work done. The sub-overseer must measure the work in full and the Colonization Officer shall check at least 30 per cent. of the measurement before any payment is made. The Subdivisional Officer, in addition, shall check 10 per cent. of the pits available whenever he visits the estates.

24. After a block has been enclosed with marginal protective embankments, a plane table survey of the area will be made showing the boundary embankments and other embankments, if any. The area may then be marked out in the map into plots, ordinarily of 10 bighas each. The map will also provide for lines or openings to be utilised for drainage or for communication.

Sites will be set apart for tanks for drinking water, for villages, hats and grazing.

Construction of tanks for drinking water will be taken in hand from the outset as it takes some years for the water to become sweet.

Assessment of rent will be made in the fourth year and the Colonization Officer will immediately afterwards submit a final report of the settlement, including details of the settlers and the assessment, for the Collector's sanction.

25. Generally speaking the maximum area of a holding should be 75 bighas and the minimum 10 bighas. The holding should be of such area that the settler can bring it under cultivation by the labour of his own family members within the next few years. It should not be too small to support him and his family in decent comfort. Better class cultivators who can afford hired labourers may receive larger holdings, but tenancies cultivated by hired labourers are apt to develop into tenures, and the system of raiyatwari settlement means that, whenever possible, settlement should be made with people who will cultivate the land themselves. A settlement such as these rules provide for is a matter of continual adjustment and it is much easier to add to a raiyat's holding than to take away from it. The original area allotted should be, therefore, strictly limited to the applicant's means of cultivation and probable requirement as measured by the number of working members of his family.

Settlement with bhadralok.

26. A settlement with a bhadralok who is willing to undergo an agricultural training and to labour like an ordinary cultivator may be made on the same terms and conditions as with an ordinary cultivating raiyat on a non-occupancy raiyati kabuliyat for not more than ten years. His interest will be non-transferable and he can be ejected if he fails to fulfil the conditions of his lease.

Assessment.

27. Assessment will take place from the fourth year and the Colonization Officer will immediately afterwards submit his final report on the settlement including details of the settlers and of the assessment for the Collector's sanction. There may be a rent-free period of three years to compensate the settler for his labour in clearing the jungle.

After this period the rent should be fixed on the basis of the rents which are being paid for similar lands in neighbouring mahals.

28. The holdings should be demarcated by artificial boundary marks if natural boundaries are not sufficiently clear. The raiyat will be made responsible for the upkeep of these boundary marks.

The maps prepared should be sufficiently accurate to afford a record in case of boundary marks being removed and disputes arising.

When the lot is covered with scrub jungle, the plan may be divided into block sheets or other convenient sheets, and rough working sheets may first be used to sketch in the allotments proposed and more accurate maps of the holdings as they are effectively occupied and cultivated and finally confirmed may afterwards be prepared.

Settlers' register.

29. Subject to the general or special orders of the Collector, the Colonization Officer will select suitable settlers, ordinarily from among applicants entered in Register 16. He will indicate to the selected settlers the plots allotted to them and will take from them kabuliyats in the prescribed form. He will then enter their names in the Settlers' Register, which will show—

(1) serial number of holding,
(2) name of settler and father's name,
(3) name of village and thana from which he has come,
(4) date of giving possession of allotment,
(5) block and plot numbers,
(6) area of each plot, and
(7) date by which the land is to be brought under cultivation, which may from time to time be prescribed.

Loans to approved settlers.

30. To approved settlers, loans without interest may be given. They may be given in cash or in grain. Great care must be taken in granting such loans which usually cannot be expected to be secured. A certain amount of safety will be obtained if a group of settlers take a loan on joint and separate liability, and this should be secured, if possible. But ordinarily all the security there will be for the loan, will consist of the value of such improvements as the borrower may make to his holding and of the value of any homestead he may erect. It will be a safeguard if loans are advanced gradually as it is seen that the applicant is improving his holding and building his homestead. Settlers who expend labour in this way are also less likely to abscond and may, therefore, be expected to repay their loan in due course.

Unpaid instalments can be recovered as a public demand.

31. An instalment bond will be taken for the repayment of these loans. Repayment should begin from the fifth year and should be completed by the end of the eleventh year. Any instalment not paid on the due date may be recovered, with interest from that date, at 6¼ per cent. per annum, as a public demand.

32. All settlers will execute a lease for a term of years not exceeding 10 in the form given on page 18 and must agree to reclaim and cultivate their holdings with due diligence within a term to be specified in the kabuliyat. Government reserves the right to resume any lands which are not cultivated within such time and to settle them with other tenants.

33. At the end of this period the holding must be inspected, and if the settler has not reclaimed the land or brought it adequately under cultivation or is a habitual defaulter, or has damaged the embankments, or is in any other respects an undesirable tenant, steps should be taken for his ejectment. To ensure check on expiry, the lease should be noted in a register in the form of Khas Mahal Register X—Register and Return Manual.

Settler must reside in or near to his lot.

34. Every settler must reside in his lot, or within such distance thereof as the Collector may approve. If he fails to do so within five years of taking the grant, the Collector may terminate his lease. This rule is not intended to prohibit temporary absence from the lot for the purpose of securing labour—it is merely aimed at preventing the growth of a class of absentee raiyats.

35. The interest of the settler in his holding for the first 12 years is that of a non-occupancy raiyat. It is, therefore, not transferable: and in the case of any transfer within that period Government has the right to eject the transferee or make such arrangements as it thinks fit.

The Collector may in special cases authorise such transfers, provided that his previous consent is taken, when the transferee is already or has become a cultivating raiyat and that his total holding in the estate does not thereby exceed 100 bighas.

On the completion of 12 years the settler acquires occupancy rights and the holding is transferable under the Bengal Tenancy Act.

In the case of the Mughs in Bakarganj and Sonthals in the 24-Parganas section 49A, Bengal Tenancy Act, has been applied and their rights of alienation are restricted.

Exchange of lands permitted with the consent of Collector.

36. Exchange of lands between the raiyats of the estate will ordinarily be permitted, but will be subject to the consent of the Collector in writing.

37. During the first 12 years the settler has no right to sublet the lands of his holding: and if any case of subletting comes to the notice of the Colonization Officer, he should determine the lease, provided the subletting has not been due to the death of the original settler, whose heirs, as minors or females are unable to cultivate themselves. **No subletting allowed during the first twelve years.**

38. No tenant may cut, or do anything to impair any dam or any embankment constructed by Government without the permission of the Collector or the Colonization Officer. If any tenant transgresses this rule, he will be called upon to repair the dam or embankment at his own cost to the satisfaction of the Collector, and if he fails to do so, the Collector may repair the dam or embankment and recover the cost from the tenant as a public demand. In certain cases it may be wiser to eject the tenant. **Embankment.**

Improvements made by Government should be registered under section 80 of the Bengal Tenancy Act.

39. If there is danger of an imminent breach of any dam or embankment constructed by Government, due to a high tide or to a defect in the dam or embankment or to any other cause, the tenant, whose land adjoins the spot, will be responsible for sending information at once to the nearest Government officer and, in the meantime, for taking all steps within his power to stop the breach temporarily until help can be obtained. **Tenants to give information of imminent breach of dam or embankment.**

40. The raiyat must pay his rent on the due dates. If he fails to do so, the rent will be recovered under the law in force for the time being for the recovery of public demands. **Rents must be paid on due dates.**

41. The forms and registers for collections and returns will be the same as the forms and registers of the Government Estates Manual.

42. In addition to these registers a register should be kept in the form given on page 19. A page will be devoted to each lot and it will show the annual total, capital and recurring expenditure on account of improvements, etc., on the one hand, and on the other, the collections on account of salami on first settlement, rent and other miscellaneous collections. These figures will be entered from Return No. II at the end of each year.

APPENDIX A.

Form of Kabuliyat to be executed by the malguzar of temporarily-settled Government estates.

In whose favour executed—

Secretary of State for India.

Name, parentage and residence of the person executing the kabuliyat—

I take the malguzari settlement of Government estate in the district—bearing tauzi No. for years from 1st April to 31st March at an annual net rent of Rs. subject to the following conditions:—

1. Without the sanction of the Collector previously obtained in writing I have not the power to transfer by gift, public or private sale, mortgage or in any other manner my rights or make another a co-sharer with me as a malguzar of the estate. I have not the power to sublet the tenure or any portion thereof to any ijaradar, chakdar or other person or to grant any leases whatsoever creating any tenure between myself and the raiyat cultivator. No sub-lease or other incumbrance created by me in contravention of the terms of this clause shall be in any way binding on Government.

2. I shall respect the rights recorded in the settlement papers as possessed by tenants of all grades, village headmen and others in the said estate.

3. I shall not collect higher rents than are recorded in the settlement papers as demandable from the tenants of any class or grade, but I may collect rents for waste lands cultivated through my own exertions.

4. I shall not collect or attempt to collect any illegal cess or abwabs or exact forced labour, nor shall I collect the legal cess at a rate higher than that laid down in the laws regarding cess, and I shall pay the aforesaid amount of Government rent according to the instalments noted at the foot of this engagement. If I fail to pay the rent as herein provided, the arrears shall be recoverable as land revenue under the law for the time being in force for the recovery of such arrears.

5. At the end of the aforesaid period of settlement and of each successive settlement for which I or my heirs or successors in interest shall engage, I or my heirs or successors in interest shall, subject to having observed all the conditions of the engagement which we entered into with Government in respect of this estate but not otherwise, have the right to a renewal of the settlement at such rent and on such conditions as may then be determined by Government, and the decision of the highest Revenue Authority shall be final in the matter. But in the event of my or my heirs or successors in interest once ceasing for any lawful reason, whether of our own will or against our will to hold the settlement, all rights or interests which I or they hold in the estate shall entirely cease and I or they shall have no claim either to malikana or any future settlement of the estate.

6. In the event of my or my heirs or successors in interest holding on after the expiration of the term of settlement specified in this kabuliyat, I or they shall be held responsible on account of any year subsequent to the expiry of such term of settlement for any enhanced rent as may be then assessed and shall not require from Government any notice of its intention to revise the settlement.

7. On the occurrence of any agricultural calamity when Government has suspended or remitted the whole or any portion of my rent for any period, I shall suspend or remit rents payable to me by tenants in the same proportion as the rent is suspended or remitted and for the same period, and if I fail to do so the Collector shall be at liberty to withdraw the suspension or remission granted.

8. If any waste land in the estate be brought under cultivation through my exertions, my right to receive the rents derivable therefrom without any increase of rent due to Government shall continue during the currency of this settlement.

9. I shall file any measurement, collection or other papers that may be from time to time called for from me by the Collector in such public office as may be prescribed and shall observe the instructions laid down by the Board of Revenue or Government for the maintenance and correction of the survey and settlement record without any objection so long as this lease continues in force.

10. I shall not permit any encroachment to be made on lands reserved according to the settlement record for common village use such as grazing ground, cremation or burial ground or fuel reserves.

11. I bind myself year by year to repair and keep up all boundary marks within the estate and these marks shall be liable to inspection at any time by the Collector of the district without any notice whatsoever.

12. If the Collector, in consultation with local officers of the Irrigation Department, declare that construction of new or repairs to any existing outer embankments, cross-bunds or dams or both or provision of sluices or other means of draining off surplus water are necessary for the protection of tenants, I, on receipt of a notice in writing to that effect from the Collector, shall, subject to a right of appeal within seven days from the receipt of the notice aforesaid to the Superior Revenue Authorities whose decision shall be accepted as final, make such construction or repairs according to the dimensions and specifications approved by the Collector, and shall maintain the works in proper repair to the satisfaction of the Collector, who shall have power to inspect them himself or through an officer duly authorised by him.

13. In the event of my violating any of the conditions of the lease or if I become insolvent or allow my lease to be sold in execution of a decree or fail to comply with the provisions of the law relating to grant of rent receipts, the provisions of the law bearing on the matter may be resorted to, to enforce compliance with its conditions, or the Collector may cancel the lease and take steps to enter into direct possession of the estate.

If on receipt of due notice from the Collector, I fail to construct or keep in proper repair any embankment, cross-bunds or dams or sluices or means of draining off surplus water declared by the Collector to be necessary under clause 12 above, the Collector shall have power to execute such works and to recover the cost thereof from me under the law for the time being in force for the recovery of public demands.

14. Neither I nor my heirs or successors in interest shall be at liberty to raise any objection to the remeasurement of the estate and the reassessment of the rent due to Government for the same after this settlement has expired.

15. I admit that the State has reserved to itself all rights in minerals with full liberty to search for the same and that in case minerals are found, that the State is entitled to them and to rights of way and other reasonable facilities for working and carrying away such minerals. The State has also the right to grant similar powers to the assignees of its mineral rights, provided that whenever in the exercise of any such right of the State the rights of any persons are infringed by the occupation or disturbance of the surface of any land, the State or its assignees shall pay to such persons such amount of compensation for the damages so caused as may be determined by the officers of Government specially deputed for the purpose.

16. This settlement has been made with me in anticipation of and subject to the sanction of the Competent Revenue Authorities whose orders, if any, shall be carried out by me with effect from the commencement of this lease. This settlement shall not be valid if it is set aside by such authorities.

Provided that such superior revenue authorities' powers shall only be exercised in respect of the determination of amount of assessment payable under this settlement and of the person or persons with whom the settlement is made:

Jalpaiguri.—No. 18259L.R.—27th November 1935.—The folowing rules for the grant of leases for the reclamation of arable waste lands in the western Duars in the district of Jalpaiguri are published for general information, in supersession of the rules published under notification No. 883T.R., dated the 28th July 1917, at pages 1102-1115, Part I of the *Calcutta Gazette* of the 1st August 1917, as subsequently modified:—

Settlements in Jalpaiguri.

Lands available for lease.

1. The lands to which these rules apply lie in the district of Jalpaiguri within the tract known as the Western Duars, which was annexed to the Crown in 1865, and extend from the east bank of the river Teesta to the west bank of the river Sankos. Areas which have been declared a reserved forest under the Indian Forest Act (XVII of 1927) are excluded from the operation of these rules.

Present policy of Government is to give preference to settlement with cultivators.

2. Up to 1915 the rules for the grant of leases of waste lands seem to have contemplated settlement with small capitalists or jotedars. There was nothing against this policy in the first Waste Lands Rules published in the *Calcutta Gazette*, dated 23rd June 1875, and the revised rules published on 10th May 1888. The rules published in the Gazette of 1st August 1917 are in accordance with the present policy of Government to give preference to settlements concluded with actual cultivators.

3. The following rules for settlement supersede all previous rules.

Lists of lands available for settlement should be kept in Khas Mahal Register VIII.

4. A list of lands available for new settlements under the rules will be maintained in each of the tahsil offices in the form of Register VIII, Government Estates Manual.

Lands not available for settlement.

As a rule no settlement should be made of land within 60 feet on either side of any public road or within 100 feet on either side of any considerable stream or water-course.

Application for lease.

5. Every person desirous of obtaining a grant of land shall present an application with court-fee stamps of annas 12 to the tahsildar, giving all the particulars required by Register 16 in which his application will be noted.

The application shall specify—

(*a*) The name, father's name and address of the applicant.
(*b*) The area, situation and boundaries of the land applied for, as far as they can be ascertained without a detailed survey.
(*c*) Whether the land or any part of it is, or has ever been, cultivated in any manner.
(*d*) A declaration as regards the particulars of lands (if any) already held by the applicant in the Western Duars.

Limit of area.

6. As a general rule no application for areas more than 25 or less than 5 acres should be considered.

Cost of survey and enquiry.

7. When the tahsildar has decided that the application is in order and that there is no objection to granting it, he shall require the applicant to pay a sum of four annas an acre on the area applied for to cover the cost of survey. No further sum shall be required except the actual cost of the work prescribed in rule 8. If the land for which the survey fee is paid is not ultimately surveyed, the applicant shall be entitled to a refund of the survey fee under the orders of the Deputy Commissioner.

Method of survey.

8. An amin should then be deputed to fix the boundary and survey it, placing mounds of earth or stone not less than 3 feet high at each bend in the boundary and at every point where two plots of waste or other properties meet. The survey will be shown in red upon a copy or trace of that part of the cadastral map which covers the area of the proposed holding and should be connected with at least two places on the map which can always be identified without difficulty on the ground.

Report of case to Deputy Commissioner.

9. After verifying the map on the ground the tahsildar will then report to the Deputy Commissioner his recommendations for settlement stating the quality of the land, the rent paid for similar lands in the neighbourhood, and whether a rent-free period is desirable.

Grant or refusal of lease.

10. The Deputy Commissioner shall consider the report and pass final orders granting or refusing the lease. Generally no lease should be granted if the applicant holds other lands in the Western Duars, or does not intend to reside permanently with his family in or near the holding.

Rate of assessment.

11. No rent shall be charged for the year of entry, i.e., from the actual date of entry to 31st March following. Thereafter and until the Western Duars jotes next come under re-settlement, the rates of rent per acre shall be fixed so as to correspond more or less with the rates fixed for lands with similar advantages in the latest revisional operations by the Settlement Officer:

Provided that in any case in which the Deputy Commissioner is satisfied that the applicant will not be able to get a full crop from the land in the first complete year of settlement, he may fix half the rate for one or more of the first four complete years.

Appeal to Commissioner or to the Board of Revenue.

12. No appeal shall lie against any order passed by the Deputy Commissioner granting or refusing settlement under these rules. In other cases an appeal lies to Commissioner whose decision is final unless it differs from Deputy Commissioner's decision, in which case, with the consent of the Board, a second appeal can be made to the Board.

Grant of lease.

13. On receipt of an order to grant a lease, the tahsildar shall deliver to the applicant a lease in Form A on page 25 together with a copy of the map, and shall place him in possession by planting bamboo, or in any other way locally recognised. New settlements will be noted in Register II. The lease in Form A shall be applicable to the Sonthal Colony with the restriction that transfers shall be permitted to Sonthals only.

Encroachments.

14. If the holder of a lease in Form A is at any time found by survey or otherwise to be in possession of land in excess of the area described in his lease, the tahsildar shall report particulars to the Deputy Commissioner with a view to action under clause 21 of the lease for the assessment of rent on the excess area and for decision whether the lessee shall be ejected from the excess area or shall be permitted to continue in occupation and to have his lease altered in accordance with clause 21 of the lease. When reporting to the Deputy Commissioner in such cases the tahsildar shall state the total area of land held by the lessee in the Western Duars.

Transfer of application not allowed.

15. There will be no transfer of applications If the land applied for is not granted to the applicant, the application will be rejected and any other candidate for the land must submit a fresh application.

Inspection of jotes by Deputy Commissioner.

16. The Deputy Commissioner shall arrange for a detailed inspection of the jote during the course of the fourth complete year of each settlement made under these rules with a view to ascertaining whether the jote has been brought under cultivation in the manner prescribed in clause 22 of the lease in Form A. To ensure that this inspection is regularly carried out, he shall maintain in a special part of Register X a record of the dates on which four years will have expired from the date of each lease, and of the dates and results of inspections.

Instructions for maintaining the conditions of leases.

17. The tahsildar will ascertain from time to time whether the lessees with whom settlement is made under these rules are adhering to the conditions prescribed in clauses 5, 7, 8, 10, 13, 18, 19, 20 and 21 of the lease and will report to the Deputy Commissioner who will take necessary action under clause 23 of the lease.

Period of settlement.

18. All settlements will be made in the first place up to the year in which the existing settlement of the surrounding lands expires so that resettlement operations may be due at the same time for all lands in the same pargana.

Provisions of the Bengal Tenancy Act apply to old maljotes to a limited extent.

19. The Tenancy Act does not apply to any lands in the Western Duars leased under the Waste Lands Rules of 1875 onwards (*vide* Proviso III of notification No. 964 T. R. of the 5th November 1898 and the revised notification No. 14007 L. R. of the 1st December 1933). The Tenancy Act, therefore, applies only to jotes already in existence when the British took possession from Bhutan and to these only to a very limited extent. The rights and liabilities of the lessees are governed by the terms of their leases and not by the Tenancy Act when these conflict (*vide* Proviso IV of the same notifications). The jotes to which Tenancy Act applies are called Old Maljotes.

NOTE.—Mr. Sunder (*vide* paragraph 113 of Mr. Milligan's Settlement Report, Volume I) gave one form of lease to all jotes irrespective of origin. There is now no distinction between the original maljotes, i.e., jotes found in existence at the time of the annexation of the Duars from Bhutan and the jotes settled by Mr. Sunder in maljote form both of which were renewed after Mr. Milligan's Settlement in the old maljote lease form.

Types of leases.

20. There are, therefore, the following types of leases under the Waste Lands Rules:—

(1) Jotes granted under the rules of 1875 renewable in Form F because they have the same conditions as the original maljotes.

(2) Jotes under the rules of 1888 renewable in Form D.

(3) Restricted maljotes, i.e., jotes granted under the Waste Lands Rules of 1888 but wrongly renewed on the maljote form (F). Henceforth they will be renewable in Form E.

(4) Jotes created under the rules of 1917 still held under a preliminary lease "A."

(5) Jotes of class 4 resettled under a lease in Form "Ar." (The history and description of the jotes is given in Milligan's Settlement Report, page 132.)

21. The Renewal Form for Maljote Leases is given on page 38 (Form F). The form for the renewal leases under the rules of 1888 will be found on page 32 (Form D), for the restricted maljotes on page 25 (Form E), for preliminary leases under the rules of 1917 and the current rules on page 35 (Form A) and the renewal lease for the same on page 29 (Form Ar.).

Rights of lessees.

22. The lessees mentioned in rule 20 have hereditary rights with powers of transfer limited in various ways by the different forms of lease. Their tenancies are transferable as a whole, but no part transfer will be binding on Government. If in any case the Deputy Commissioner finds that there is no objection to the transfer of a portion, he may accept surrender of the portion and settle it with the transferee.

Rent to be paid on renewal of lease.

23. For revision of the assessment of the arable waste lands jotes a survey will be made in pursuance of a notification under the Survey Act and settlement of the rent will be made under Executive Notification declaring that settlement will be made in accordance with the terms of the leases. The rates of rent to be adopted will, subject to any general or special orders of Government, be fixed by the Board of Revenue on the report of the Deputy Commissioner and the Commissioner, but shall not exceed the highest rates of rent actually paid in the neighbourhood for the best lands by the actual cultivators to the jotedars or their immediate superiors in interest.

Term of renewal.

The period of renewal at revisional settlements will be 20 years.

Waste lands not cultivated may be included in the renewed lease and assessed as cultivated land.

24. Waste lands which ought to have been brought under cultivation according to the terms of the old lease but which have not been so reclaimed may be again included in the lease and, if so included, should be assessed at the rate for cultivated land.

Deputy Commissioner can] assess] excess land or evict the occupier.

25. If during the currency of a lease a tenant is found to be in occupation of excess land, the Deputy Commissioner can assess extra rent from the date of occupation or evict the occupant as a trespasser.

26. Where there is a residence clause in the lease, the Deputy Commissioner may, in special cases of leases of 200 acres or less, and in all cases of leases of greater area, alter the terms of the lease so as to allow a lessee to manage his land by an authorised agent. In such cases, the agent must reside on or near to the land, and be provided with full legal power to act on behalf of his principal in all matters concerning it. **Management of land by agent.**

27. Applications for mutation by jotedars and chukanidars will be presented to the tahsildar and entered in the register of applications for mutation in the forms which are prescribed by the Government Estates Manual. **Application for mutation.**

A mutation fee of one anna per acre has been prescribed in the various leases. Failure to apply for mutation is a breach of the conditions of the lease and should invariably be punished by fine. **Fees for mutation.**

The Deputy Commissioner should have a scale of fines which, though not excessive, should be sufficient to ensure that the record of the jotedars is kept up to date. **Deputy Commissioner to have a scale of fines.**

28. The prescribed registers for the entry of grazing dues, capitation tax and fishery settlements are Forms B, C and G respectively appended to these rules. Receipts for grazing fees will be granted in Form H. **Registers.**

29. Any tenant of Government requiring for his own private use, and not for sale, gift or barter, timber or other produce from the khas lands in the Duars shall, on payment of its value, take out a permit, in the form appended to these rules, from the Deputy Commissioner or his authorised subordinate. **Forest produce.**

30. The rules for the management of hats under the Western Duars Market Fund are to be found in a Government publication called "Western Duars Market Fund Rules." **Western Duars Market Fund Rules.**

In the event of you or any of your tenants contravening any part of this condition, the Deputy Commissioner will be entitled to take such steps as seem to him necessary to avert any consequence of such unauthorised actions and to recover the cost of so doing from you and your tenants under the Public Demands Recovery Act.

12. All markets and hats in the Western Duars being the exclusive property of Government, no right to establish such market or hat is granted to you, and you are absolutely prohibited from establishing any market or hat on land covered by this lease. If any hat or market be established in contravention of this condition, the Deputy Commissioner shall be entitled under clause 15 to resume the land on which such market or hat is held.

13. A public right of way is reserved over twenty feet on either bank of every navigable river or stream at all times of the year for the boat traffic, and all lands lying within a distance of sixty feet on either side from the centre of any public road or thoroughfare which shall have been or may hereafter be constructed and kept in repair from public funds are liable to be used for ordinary repairs of such roads.

14. Public access shall be allowed at all times to any springs of water on the lands leased, whenever such access is, in the opinion of the Deputy Commissioner, necessary for the convenient supply of good water to persons residing in the vicinity and the lessee is bound not to injure the springs or allow others to do so.

15. If any of the lands covered by this lease be required for a public purpose, the Deputy Commissioner shall be entitled to resume the same and at once to take possession thereof. You will be granted an abatement of rent for all lands so resumed, calculated on the basis of the classification and rates by which your rent has been assessed. Compensation for buildings, standing crops or trees, for which a valuation has been paid to Government, will be awarded to you by the Deputy Commissioner, but no compensation is due to you for the land itself.

16. All rights to minerals or quarries of all kinds are reserved to Government, together with such rights of way and other reasonable facilities as may be requisite for working, getting out and carrying away such minerals.

17. When required to do so by the Deputy Commissioner, you are bound to furnish information regarding all particulars of your jote, the changes made from time to time in your tenancy and the crops grown on it.

18. No tea may be cultivated on any land covered by this lease unless the previous sanction of Government has been obtained in the manner prescribed in Section II of Chapter 5, Part II of the Bengal Waste Lands Manual, 1934.

19. If you are at any time found by survey or otherwise to be in possession of lands in excess of the area described in your lease, you shall be liable to pay full rent for the excess area from the date of the commencement of the period of your lease. But if the Deputy Commissioner is satisfied that the encroachment took place at a date later than the commencement of the period of your lease, he will be at liberty to remit the rent for the excess area for the period prior to the date of the encroachment. Such unauthorised occupation of land and the payment of rent for it shall give you no right to continued occupation and the Deputy Commissioner shall be entitled to eject you from the excess area, provided that if within three months after the Deputy Commissioner has recorded an order declaring the amount of the excess area and the amount of the rent due thereof, he shall not record an order refusing to agree to your continued occupation of the excess area, he shall be deemed to have so agreed and your lease shall thereupon be corrected under the signature of the Deputy Commissioner so as to show the area and rent as revised.

20. If during the currency of this lease you are found to have contravened any of the conditions hereinabove specified, your lease is liable to be cancelled by the Deputy Commissioner, and all your right, title or interest in the lands covered by the lease will thereupon be extinguished, or if the Deputy Commissioner sees fit, he may inflict a fine not exceeding Rs. 500 in lieu of cancelling your lease, such fines will be recoverable under the Public Demands Recovery Act.

In consideration of your agreement to pay the following rents, namely:—

From	to	per annum
From	to	ditto
From	to	ditto

payable in two kists annually, namely—

a 6-anna kist on 30th November, and
a 10-anna kist on 28th February,

this lease of the lands described as aforesaid is granted to you for a period of 20 years from A.D. corresponding to B.S. on conditions specified below:—

Conditions.

1. After expiration of the term of this your present lease, you will receive, subject to the provisions of clause 18, a renewed lease at such rates and on such conditions as may then be determined on by Government.

2. You shall pay the rent and cesses to the khas tahsildar of the tahsil within whose jurisdiction your jote is situated on or before the days specified above or such other days as the Local Government may appoint for the purpose; and you will be given a receipt for all payment made by you on this account, which receipt shall be the only proof of payment that will be admitted. The lands settled with you shall be subject to any cesses, such as road and public works cesses or any other cesses which may hereafter be imposed by law in addition to the rent assessed.

3. No claims for remission on account of failure of crops, absconding of raiyats or the non-payment of their rents to you will be attended to.

In the event of you, your successors or representatives failing to pay the rent or cesses according to the aforesaid instalment on aforesaid dates, all arrears shall be realised by sale of your property, according to the provisions of the law for realisation of arrears of Government revenue or any other law for the time being in force for recovery of the public demands.

4. (*a*) During the terms of your lease you are permitted to transfer your jotedari right or any share or interest therein by sale, gift or otherwise, provided that—

(1) the transferee is domiciled in the district of Jalpaiguri and derives his income mainly from landed interests or is carrying on tea cultivation in the district on a lease granted by the Deputy Commissioner; and

(2) the transfer is registered in the Deputy Commissioner's office within *six* months of the date of its being made and a registration fee at the rate of one anna for every acre of the jote or share thereof transferred is paid.

(*b*) No transfer which does not fulfil these conditions will be recognised or convey any right to the transferee unless made with the sanction of the Deputy Commissioner previously obtained in writing, but such sanction will not ordinarily be withheld if the transferee *bona fide* intends to reside on or near the jote.

(*c*) If a share only of a jote is involved, whether the transfer falls under sub-clause (*a*) or sub-clause (*b*), no partition of the lands or rental of the jote shall be allowed without the sanction of the Deputy Commissioner previously obtained in writing. In the absence of such sanction, the entire jote will remain liable for the entire rent and cesses or any share thereof and will be sold in accordance with the provision of clause 3 of your lease.

(*d*) Subject to the above provisions, the transferee will have the same rights and privileges as you have and will be liable to the same obligations as you are.

5. Your heirs will succeed to this jote by inheritance, provided that every such succession shall be registered in the tahsil office within *six* months of the rights to such succession occurring and they will be held responsible in the same manner as you are.

6 You, your heirs, successors, representatives and assigns are entitled to sublet the whole or part of the lands covered by this lease to chukanidars, provided they are *bona fide* cultivators and reside on or near the jote, but to no other class of tenant. In the event of your violating this condition, the tenancy you have irregularly created shall be liable to be annulled by the Deputy Commissioner and you will be liable to the penalties set forth in condition 18, *provided that a lease may be granted to a non-agriculturist for a specific purpose with the permission of the Deputy Commissioner previously obtained in writing.*

7. You shall grant to all existing chukanidars and to all chukanidars hereafter created by you in accordance with the permission contained in condition 6 above a registered lease in the form authorised by Government and on the terms contained therein.

8. You are forbidden to enhance the rents recorded in the settlement papers finally published in as payable by your existing chukanidars during the currency of this lease.

You shall calculate the rent of all chukanidars whom you hereafter create during the currency of this lease, on the basis of the classifications of land used by the Settlement Department and at rates which shall not exceed the rates fixed for each class by the Settlement Officer for chukanidars at the time this settlement was made with you.

You shall realise from your Chukanidars no sum in excess of the rent, as defined in this condition and legal cesses.

9. You shall keep all boundary lines or marks in good order and repair and clear of jungle to the satisfaction of the Deputy Commissioner of Jalpaiguri or such other officer who may be appointed to look after the Duars Government estates. You will make all boundary marks which you may be required to do by an order in writing from the Deputy Commissioner. If you fail to do so, the Deputy Commissioner or other officer who may be appointed for this purpose may cause the boundary to be made, and recover the cost thereof under the Public Demands Recovery Act.

10. No right of fishery in any river is granted to you by this lease.

11. You are forbidden to erect any embankment or bund on the bank or in the bed of any river or stream without the express permission of the Deputy Commissioner previously obtained in writing, and you are likewise forbidden to cut any canal or water-course in or leading from the bed of any river or stream or to do any act which will cause or tend to cause any river or stream to change its course or to alter the distribution of the water within its bed without the express permission of the Deputy Commissioner previously obtained in writing. Should it be necessary in the interests of public safety or for the conservancy of any stream or river to remove any such bund or to close any such water-course, you are to do so immediately on receipt of the order of the Deputy Commissioner.

In the event of you or any of your tenants contravening any part of this condition, the Deputy Commissioner will be entitled to take such steps as seem to him necessary to avert any consequences of such unauthorised actions, and to recover the cost of so doing from you or your tenants under the Public Demands Recovery Act.

12. All markets and hats in the Western Duars being the exclusive property of Government, no right to establish such market or hat is granted to you, and you are absolutely prohibited from establishing any market or hat on the land covered by this lease. If any hat or market be established in contravention of this condition, the Deputy Commissioner shall be entitled under clause 15 to resume the land on which market or hat is held.

13. A public right of way is reserved over 20 feet on either bank of every navigable river or stream at all times of the year for the boat traffic, and all lands lying within a distance of sixty feet on either side from the centre of any public road or thoroughfare which shall have been or may hereafter be constructed and kept in repair from public funds are liable to be used for ordinary repairs of such roads.

14. Public access shall be allowed at all times to any springs of water on the lands leased, whenever such access is, in the opinion of the Deputy Commissioner, necessary for the convenient supply of good water to persons residing in the vicinity and the lessee is bound not to injure the springs or allow others to do so.

15. If any of the lands covered by this lease be required for a public purpose, the Deputy Commissioner shall be entitled to resume the same and at once to take possession thereof. You will be granted an abatement of rent for all lands so resumed calculated on the basis of the classification and rates by which your rent has been assessed. Compensation for building, standing crops or trees, for which a valuation has been paid to Government, will be awarded to you by the Deputy Commissioner, but no compensation is due to you for the land itself.

16. All rights to minerals or quarries of all kinds are reserved to Government, together with such rights of way and other reasonable facilities as may be requisite for working, getting out and carrying away such minerals.

17. When required to do so by the Deputy Commissioner, you are bound to furnish information regarding all particulars of your jote, the changes made from time to time in your tenancy and the crops grown on it.

18. If during currency of this lease you are found to have contravened any of the conditions hereinabove specified, your lease is liable to be cancelled by the Deputy Commissioner and all your right, title or interest in the lands covered by the lease will thereupon be extinguished or if the Deputy Commissioner sees fit, he may inflict a fine not exceeding Rs. 500 in lieu of cancelling your lease; such fine will be recoverable under the Public Demands Recovery Act.

Jalpaiguri-Darjeeling. —No. 18261L.R. —27th November 1935. — The following rules for the grant of leases of waste lands for tea cultivation in the districts of Jalpaiguri and Darjeeling are published for general information, in supersession of the rules published under notification No. 639T.R., dated the 10th June 1919, at pages 950-64, Part I of the *Calcutta Gazette* of the 18th idem, as subsequently modified :—

Tea leases.

SECTION I.

Rules for the grant of preliminary leases.

Lands available for lease.

1. It is understood that all waste lands in Darjeeling have been exhausted. The lands that are generally available under these rules in the district of Jalpaiguri are the unsettled lands, excepting reserved forests, which lie within that tract of country, bounded on the North by Darjeeling and Bhutan, West by the Tista river, South by the State of Cooch Behar and East by the Sankos river. Any lots of waste land belonging to Government which lie in any other parts of the district of Jalpaiguri, and which are not reserved for other purposes, may also be made available for tea cultivation under these rules.

NOTE.—Only the lands included in the list referred to in rule 4, Chapter 4 will be available for settlement.

Specific exclusion of areas. Power of Government.

2. The Local Government reserves to itself the right to exclude any particular area (whether before or after an application is made) from the system of free grant and to sell grants in that area by auction on such terms of sale and in such manner as the Local Government may determine.

Application for conversion of jote lands.

3. Applications which involve the conversion of jote lands must be dealt with under the provisions of section II of this Chapter (rules 34 to 40).

Applications for leases.

Application for lease.

4. Every person, company, or association, or promoter of a company or association, desirous of obtaining a grant of land under these rules, must, in person or by a duly authorised agent, present an application on stamped paper of the value of 12 annas to the Deputy Commissioner.

All such applications must be entered on receipt in Register 16.

Particulars thereof.

5. The application must specify (*a*) the name or names, and address or addresses of the applicant or applicants, and of his or their authorised agent, if any, (*b*) the area, situation and boundaries of the land applied for, as far as they can be ascertained without a detailed survey, (*c*) whether the land, or any part of it, is, or has ever been, cultivated in any manner, and must be accompanied by such evidence or guarantees as shall satisfy the Deputy Commissioner and superior revenue authorities that the applicant has *bona fide* at his command sufficient capital to enable him to open out the grant.

Compactness of land.

6. Every lot applied for must be compact, and capable of being enclosed in a ring fence; the exact boundaries will, however, be determined by the Deputy Commissioner with due regard to the provisions of the Note to rule 1 and the public interest generally.

Limit as to area.

7. Grants for areas up to 1,500 acres may be sanctioned by the Deputy Commissioner. When more than 1,500 acres are applied for, the applicant must set forth specifically the grounds for such application. Grants up to 2,000 acres may be sanctioned by the Commissioner; those up to 3,000 acres can be sanctioned by the Board and those for areas exceeding that will require the sanction of Government.

Procedure on receipt of application.

8. On receipt of an application, the Deputy Commissioner must satisfy himself, so far as lies in his power, that the requirements of the rules have been complied with. If he considers that the application should be rejected, he will record an order to that effect, giving his reasons for such rejection. An appeal will lie from such order of rejection to the Commissioner of the Division, if preferred within 60 days from the date of the order.

Holder of a grant may apply for a second grant.

9. The Deputy Commissioner is empowered to accept applications for a second grant from the holder of an existing grant, provided that he is satisfied that the applicant has *bona fide* at his command sufficient capital to warrant the concession, that he has fulfilled all the conditions attaching to his existing grant and that the total area of the existing grant and the grant applied for does not exceed 1,500 acres. If the total area exceeds 1,500 acres, the sanction of the Commissioner, Board of Revenue or Government, as the case may be, will be required, as laid down in rule 7.

Application when to be struck off.

10. If an applicant shall fail to comply with any requisition of the Deputy Commissioner made in accordance with the rules, or fail to deposit any sums of money (other than the cost of survey under rule 11) for which the applicant is liable under the rules, within two months after notice in writing shall have been given to him by the Deputy Commissioner, the application may be struck off.

Deposit of cost of survey, demarcation, etc.

11. On the Deputy Commissioner's entertaining an application for a grant of 1,500 acres or less, or on receipt of Commissioner's, Board's or Government's sanction in the case of applications for larger areas, the applicant or his agent will be required to deposit the estimated cost of enquiry and costs of survey and demarcation calculated at one rupee per acre of the total area applied for. If the area is afterwards ascertained to be greater, costs at the same rate on such excess areas must be realised before a preliminary lease is granted. Payments under this rule do not cover the cost of erecting permanent boundary marks under rule 28.

Refund of survey fee.

12. In the event of no survey being made, either on account of the withdrawal of the application or for any other reason, the applicant shall be entitled to a refund of the survey fee deposited by him subject to a deduction of the expenditure incurred on the enquiry (if any) under rule 14.

Failure to pay survey fee.

13. If the cost of survey is not paid within one month of demand, the application shall be struck off.

Enquiries into condition of land.

14. On receipt of the sum payable under rule 11 and of an agreement signed by the applicant, or by his authorised agent, to pay such further sum as may be required for the purpose above mentioned, the Deputy Commissioner will record an order appointing an officer to visit the land and to make a full and detailed enquiry into its condition and circumstances.

Object of enquiry.

15. The general object of such enquiry shall be to ascertain whether or not the land applied for can be granted under the rules in force; but the Deputy Commissioner may instruct the officer making the enquiry to furnish him with such other specific and detailed information as may seem to him to be necessary.

Value of forest trees standing on land.

16. In order to ascertain whether there are trees growing on the land which it is undesirable to include in the grant on account of their value either commercially or as fuel to the neighbourhood and also in order to ascertain the value of any trees standing on those portions of the land which are recommended for inclusion within the grant, the Deputy Commissioner shall at once send a copy of the order under rule 14 to the Conservator of Forests who will depute an officer to make a detailed report after examining the land preferably in conjunction with the Revenue Officer appointed under rule 14. The report, a copy of which will be allowed to the applicant, will state whether any areas should be excluded from the grant on account of the trees growing in such areas and, as regards the rest of the grant, will suggest the average rate per acre at which payment should be made for the standing trees. Such officer, in valuing the timber, shall have regard to its present market value on the spot and to the local circumstances of the case, the accessibility of the grant and the prospect of markets for timber becoming available during the currency of the lease.

The Conservator will carefully examine the report and forward it to the Deputy Commissioner with such remarks and alterations as he may think necessary. If the Deputy Commissioner on receipt of the Conservator's report has reason to object to the proposal for exclusion of any areas or to the proposed rate per acre, he may refer the matter to the Commissioner who shall refer to the Board of Revenue any point on which he may eventually differ from the Conservator. If the Board agrees with the Commissioner, the orders of Government shall be taken.

Proceedings on completion of enquiry.

17. (*i*) On completion of the enquiry ordered in rule 14, the officer making it will record the result thereof, and submit a report for the orders of the Deputy Commissioner. If the Deputy Commissioner, after considering the report, and after calling for such further explanations, oral or written as he may deem necessary, shall be of opinion that the land applied for cannot be granted under the rules, and should not, therefore, be surveyed, he will record an order to that effect. An appeal will lie from such order to the Commissioner of the Division, if preferred within 60 days from the date of the order.

Order for survey.

(*ii*) If the Deputy Commissioner decides that the land applied for can be granted under the rules, and should, therefore, be surveyed, he will record an order to that effect.

Survey how to be made.

18. When an order for survey has been passed under rule 17 (*ii*), the officer who made the enquiry provided for by rules 14, 15 and 17 will proceed to point out to the surveyor the boundaries of the land applied for, and such prominent features in it as may be useful for the

purposes of the survey, and which should, in his opinion, be entered in the preliminary lease as hereinafter provided. These will be entered in a list which will be made over to the surveyor under the officer's signature.

Preparation of map.

19. The surveyor will then proceed to make the survey and put up such temporary boundary marks as are necessary for that purpose. He must prepare a map showing—

(*a*) All natural features of the country lying within the boundaries as fixed by the officer who made the enquiry under rule 14, e.g., *bils*, streams, forest clumps, etc.

(*b*) Such features of the country lying outside the boundary of the land to be surveyed as may serve to identify the latter and connect it with the revenue survey or other existing map.

(*c*) The total area within the boundaries after deduction of areas for roads or other Government reserves, jotes, etc., and the net area of the grant,

(*d*) Points at which permanent or other marks should be erected by the lessee.

The surveyor is bound to bring to the notice of the Deputy Commissioner any fact which may come to his knowledge in the course of the survey rendering it advisable that the land he is surveying should not be granted under these rules. He is particularly bound to bring to notice any need for public roads across the lands he surveys and if the Deputy Commissioner concurs with the surveyor in this matter, the road or roads should be marked off on the ground and on the map, and the area to be occupied thereby should be deducted from the rent-paying area of the grant.

Scale of map.

20. The map should ordinarily be on a scale of 16 inches to the mile. If possible, the surveyor's field book should be copied at the back of it. If not, a copy of the field book should be attached to or accompany the map. If the map be made originally in the vernacular, the Deputy Commissioner will cause it to be translated into English.

Checking of map.

21. On the map being completed, it must be checked by an officer appointed by the Deputy Commissioner for the purpose. If found to be incorrect, it will be amended by the surveyor in conjunction with the officer above mentioned. If found to be correct, it will be laid before the Deputy Commissioner with the report of the officer who made the preliminary enquiry under rule 14 and with all other papers connected with the case, and will be signed by the Deputy Commissioner and the applicant.

Consideration of application after survey.

22. The Deputy Commissioner will then proceed to consider the application. A date for the purpose must be previously fixed by him, and due notice of it given to the applicant or to his authorised agent.

The Deputy Commissioner shall have power to fix salami, provided it is not less than five times the annual rent in which case the sanction of the Commissioner must be taken. The applicant or his authorised agent shall be informed of this.

23. The Deputy Commissioner shall have power to reject an application at any stage of the proceedings under the rules, if he sees reason to do so, refunding in such case to the applicant the deposit made by him on account of survey, *minus* such an amount as it may seem to the Deputy Commissioner fair to retain in consideration of the expenses incurred. The Deputy Commissioner is authorised to reject an application when he does not consider that there is a *bona fide* intention on the part of the applicant to cultivate tea in the land applied for, or when it appears desirable to reserve the land for cultivation other than tea, or to preserve any forest standing on it. An appeal against every such order of rejection shall lie to the Commissioner of the Division, if preferred within 60 days of the date of the order. **Rejection of application and refund of deposit for survey.**

Preliminary leases.

24. If the Deputy Commissioner grants the application, he will without delay grant the applicant a lease in Form B annexed and call upon him to execute a counterpart thereof, which must be registered, and to pay for forest trees the sum assessed under rule 16 and to pay also such salami for the grant of the land as may be fixed by the Deputy Commissioner. Payment of these sums may be made by instalments with the sanction of the Deputy Commissioner, which will only be given when he is fully satisfied of the good faith and solvency of the applicant. In such cases the dates and amounts of the instalments shall be endorsed upon the lease, and the lessee must covenant that, in the event of his surrendering or abandoning the lease, all outstanding instalments shall be forthwith recoverable from him, whether the timber on the grant has been cut by him or not; but he shall have no further right to fell or remove timber from the grant. **Grant of preliminary lease and payment for forest trees.**

25. The Board reserves to itself the right— **Rights reserved by the Board.**

(*a*) to enter conditions in the lease controlling the establishment and management of markets and *hats* within the area leased;

(*b*) to enter conditions in the lease prohibiting forms of cultivation in specific areas which might endanger the stability of the soil;

(*c*) to sanction such changes in or additions to the prescribed form of lease as may be necessary for any specific case;

(*d*) to dispense with preliminary leases in special cases or for special areas.

26. No rent shall be charged for the year of entry, i.e., from the actual date of entry to 31st March following. Thereafter and until the grants next come under resettlement the rates of rent per acre shall be fixed so as to correspond more or less with the rates fixed for lands with similar advantages in the latest revisional operations by the Settlement Officer: **Rates of rent.**

Provided that in any case in which the Deputy Commissioner is satisfied that the applicant will not be able to get a full crop from the land in the first complete year of settlement, he may fix half the rate for one or more of the first four complete years.

Entry of lease in the Tauzi Roll and Register 32.

27. Every lease granted, except as covered by the rules for the amalgamation of grants, shall be entered as a separate Government estate in the Tauzi Roll and in Register 32, Part III.

Demarcation and erection of boundary marks.

Erection of boundary marks.

28. When granting the lease, the Deputy Commissioner shall also direct the lessee to mark out the land leased within three months of the granting of the lease in such manner as may be directed, and by erecting boundary marks at the points indicated on the map. These boundary marks may be made of brick, stone, concrete or iron of such shape and dimensions as the Deputy Commissioner may direct and may not be made of wood.

Their rectification.

29. On the expiry of three months from the date of granting the lease, the surveyor shall test the correctness of the boundary lines, and ascertain whether the boundary marks have been erected and are in their proper places, and report the result to the Deputy Commissioner, at the same time pointing out to the lessee or his representative, by written notice, any mistakes or omissions that may be found. If the mistakes or omissions are not rectified or supplied by the lessee or his representative within 60 days of the receipt of such notice, the lessee or his representative shall be liable to a fine, not exceeding Rs. 50 per day, from the date of the expiry of such notice till the requirements of the notice have been complied with. If, at the expiration of 30 more days, he fails to rectify the mistakes and omissions, the Deputy Commissioner may direct that such rectification shall be carried out, and may recover from the lessee the cost of so doing.

Preliminary possession.

Preliminary possession to grantee.

30. Whenever, after receipt of an application, as provided for in rule 4 and after making the enquiries prescribed in rules 14 and 16, the Deputy Commisisoner shall be of opinion that there is no *prima facie* objection whatever to the grant under the rules of the land applied for, he may put the appilcant in preliminary and provisionnl possession of any area not exceeding one-half of the estimated area of the land applied for, with the object of enabling the applicant to make preparation for commencing cultivation and getting the land in order: provided that the applicant, before obtaining such preliminary possession, shall have cleared the boundaries and erected such temporary boundary marks round the whole of the area applied for as the Deputy Commissioner may direct, and that the amount of all estimated charges incurred in connection with such preliminary occupation shall have been deposited by the applicant: provided further, that the applicant shall engage in writing to pay the cost of any trees felled at such rate as may be determined by the Forest Department after inspection of the land under rule 16: and provided further, that the applicant shall take on himself all risk of loss occasioned by other claims being preferred to the land or by his application being eventually rejected or from any other cause whatsoever. Such preliminary and provisional possession is not to be regarded as fixing the date of entry upon the grant.

Order for giving preliminary occupation.

31. The order for and conditions of such preliminary occupation shall be in Form A annexed, and shall be addressed to an officer appointed by the Deputy Commissioner. A copy of the order shall be delivered to the applicant at the time of giving preliminary possession by the officer who gives it, the officer signing and dating in then and there. The original order shall be signed by the applicant on the date he receives possession in acknowledgment thereof, and shall be forwarded by the officer with his report written on the back to the Deputy Commissioner for record in his office.

Transfer of Application.

Transfer of application.

32. If any transfer of an application for land is desired before the grant of the preliminary lease, and if such a transfer is allowed, it must be registered in the Deputy Commissioner's office within 21 days of the issue of the order allowing the transfer, or within three months if the deed be executed out of India, and a fee of one rupee an acre must be paid by the transferee. No transfer, however, will be allowed unless the transferee would be eligible as an applicant under rule 5 or as holder of a second grant under rule 9.

Recovery of costs, etc.

Fines, etc., how to be recovered.

33. Fines, costs, or any other money that may become due from applicants or lessees to Government under rules 14, 24, 29 and 32 shall be realisable as public demands.

SECTION II.

Conversion of jote lands for tea cultivation.

[NOTE.—This section applies to all jotes except the Old Mal Jotes.]

Application for conversion.

34. No application which involves the conversion of jote lands shall be entertained unless the applicant has obtained the previous sanction of Government through the Board of Revenue to the purchase and amalgamation of the jotes. The application for such sanction shall be submitted, with a court-fee stamp of Rs. 1-8 affixed, to the Board of Revenue through the Deputy Commissioner and the Commissioner, and it shall specify the following particulars:—

(*a*) The name or names and address or addresses of the applicant or applicants, and of his or their authorised agent, if any.

(*b*) The area, situation and boundaries of the jotes whose amalgamation is applied for. A copy of the last settlement map of the jotes in question shall be furnished.

(*c*) If the jotes to be amalgamated are intended to form part of an existing tea grant, the tauzi number of the grant and its distance from the jotes should be mentioned.

(*d*) The name or names of the parties from whom the applicants intend to purchase the jotes should be mentioned, specifying the reason why the former are selling them.

Enquiry by the Deputy Commissioner.

35. On receipt of such an application the Deputy Commissioner shall make a full and detailed enquiry as to the following matters:—

(*a*) the suitability of the land for tea cultivation;

(*b*) whether the applicants have sufficient capital at their disposal to start a tea garden;

(*c*) whether the proposed transfer is a voluntary or forced transaction;

(*d*) whether the price which the applicants propose to pay for the land is fair;

(*e*) whether adequate compensation will be paid to the sub-tenants on the land, if any;

(*f*) whether there is any specific objection to the establishment of a tea garden in the locality.

Application for purchase and settlement.

36. Where the application takes the form of a request to sanction the purchase of jote lands combined with a request to settle other neighbouring khas lands with the applicants, the Deputy Commissioner's enquiry should be on the same lines as those described in the previous rule.

Report to Board.

37. After completing his enquiry the Deputy Commissioner will submit a detailed report along with the application to the Board of Revenue through the Commissioner. The orders of the Board or Government will similarly be conveyed to the Deputy Commissioner through the Commissioner.

Procedure when the application is sanctioned.

38. When sanction under rule 37 has been obtained and the applicant has purchased the jote lands for the conversion of which sanction has been given, the applicant shall submit an application to the Deputy Commissioner—

(*a*) for the formation of a tea grant and the issue of a tea lease, or,

(*b*) for the amalgamation of the purchased lands with an existing grant and the issue of a revised lease.

The application shall bear a court-fee stamp of annas twelve and shall contain the number and date of the Government order sanctioning the purchase and amalgamation of the jotes.

In the case of the formation of a separate grant.

39. (*a*) If the application is for the formation of a separate grant, the procedure laid down for the lease of waste lands for tea cultivation shall be followed in its entirety, except that the inquiry under rule 14 may be omitted. The lease shall be in the renewed lease form and the rate of rent shall be fixed by the Board of Revenue on the report of the Deputy Commissioner and shall not be less than the rent paid before conversion.

In the case of an amalgamation with existing grant.

(*b*) If the application is for amalgamation of the jotes with an existing grant, the applicant shall surrender his lease for the existing grant and a new lease will be given to him in place of the old, showing the changes in the area and the increase of revenue payable in consequence thereof. The new lease will be in the same form as the surrendered lease and its term will be the unexpired portion of the surrendered lease. The rent of the area covered by the surrendered lease will not be changed. The rent of the converted jote land will be fixed as in sub-clause (*a*) above.

Tauzi procedure.

40. If the converted jote lands are amalgamated with an existing grant, intimation shall be conveyed to the Tauzi Department of the alteration in the revenue of the grant and to the proper Revenue Officer for abatement of rent due on account of the converted jotes.

If the converted jote lands form a new grant, intimation shall be conveyed to the Tauzi Department for assigning a tauzi number to the new grant in the tauzi roll and to the proper Revenue Officer for abatement of rent due on account of the converted jotes.

SECTION III.

Maintenance and renewal of tea leases, transfer and amalgamation.

Sanction and regulation.

41. Lessees are not permitted to transfer, club or amalgamate their grants without the formal sanction of the Deputy Commissioner: no transfer shall, however, be sanctioned unless the clearance conditions of the lease have been fully carried out by the transferor. All such transfers or amalgamations of titles must be registered in the Deputy Commissioner's office under the provisions of section 42 of the Bengal Land Registration Act, VII of 1876 (*vide* rule 20, Chapter IV, page 159, Bengal Land Registration Manual, 1927, and Part I, Chapter I, rule 10, page 2 of this Manual).

Entry of amalgamated grant in tauzi roll.

42. When two or more grants are amalgamated, they will appear on the tauzi roll under one entry, retaining the tauzi number of the largest grant [*vide* rule 19(*vi*), Bengal Tauzi Manual, 1918.]

Conditions of amalgamation.

43. When an amalgamation of grants held under preliminary leases has been sanctioned by the Deputy Commissioner and duly registered, the percentage of clearance required by the terms of the lease shall be calculated on the amalgamated area. Unauthorised amalgamations shall subject the lessees to forfeiture of all rights in the lands so amalgamated.

Preservation of boundary marks.

Maintenance of boundary.

44. The lessee shall maintain the boundaries of the grant clear of jungle and all the boundary marks in good repair; he shall clear the boundaries of jungle at least once a year, not later than the end of February.

Preservation of boundary marks.

45. If upon any inspection being made it shall be found that owing to the neglect of the lessee, the boundary lines and boundary marks of his grant have either never been cleared and erected in accordance with instructions received by him, or have been allowed to fall out of repair or become covered with jungle in such a manner that, without a re-survey of the entire boundary line or a portion thereof, the exact position of such boundary marks or lines cannot be ascertained, the Deputy Commissioner may direct that such re-survey be made and may recover from the lessee such sum, not exceeding one rupee eight annas per acre of the grant, as may suffice to defray the cost of such re-survey.

Inspection of boundary marks.

46. The Deputy Commissioner shall himself occasionally inspect and shall arrange for the regular inspection of all boundary lines and marks required to be maintained and erected under the terms of the lease. The result of these inspections and the general condition of the boundary lines and marks shall be reported in the Land Revenue Administration Report.

Repair of boundary marks.

47. Should any boundary lines or marks be found out of order, the Deputy Commissioner shall issue a notice on the lessee or his representative, requiring him to place the same in order within 30 days of the receipt of the said notice; on his failing to do so, the Deputy Commissioner shall cause the same to be put in order, and shall recover from the lessee or his representative the cost of so doing.

Surveys.

Excess area.

48. If the lessee is at any time found by survey or otherwise to be in possession of land in excess of the area for which he has paid rent, he shall pay rent at the rates payable by him for the grant itself for such excess land whether it be within or without the boundaries described in the lease or map from one year after he entered on the occupation of the grant or any portion of it unless it is established to the satisfaction of the Deputy Commissioner that no possession of the excess land was taken until after the grant of the renewed lease; in the latter case rent shall be payable from the date of the expiry of the preliminary lease, provided, however, that such unauthorised occupation of excess land and payment of rent therefor shall give the trespasser no right to continued occupation and the Deputy Commissioner shall be entitled to recover possession of the excess area. In deciding whether the trespasser should be left in occupation, he should pay particular attention to the provisions of the Note to rule 1, Section I of this chapter.

Resurvey on re-settlement.

49. In the absence of specific orders of the Board of Revenue to the contrary, the renewal of a grant shall always be preceded by a detailed survey of the boundaries and the preparation of a new map on which all boundary lines and marks shall be clearly shown; such further details as the Deputy Commissioner may think necessary shall also be shown on the map. The full cost of such survey and map shall be borne by the lessee who shall deposit the estimated cost in advance at a rate not exceeding Re. 1 per acre. The Board of Revenue will not ordinarily require a fresh survey where no alterations of boundary have been reported and where the boundary marks are in proper order, provided that a map already exists, prepared under the authority of Government within the last 15 years.

Recoveries of costs, etc.

Realisation of costs and fines, etc.

50. All costs or fines payable under rules 45, 47 and 49 that may become due from lessees or their representatives shall be realisable as public demands.

Preliminary procedure for resettlement.

Maintenance of Register 32.

51. Under the provision of rule 27 all leases for tea cultivation are entered under separate tauzi numbers in Register 32, Part III; the rules for the maintenance of this register must be strictly followed, as it enables the Deputy Commissioner to see on what date the lease of each grant in his district expires.

Procedure to ensure resettlement on expiry.

52. Resettlement of all tea grants, whether under the present or former rules, shall be included in the annual programme and estimates for resettlements. The Deputy Commissioner shall be responsible for taking steps in due time either for the termination of tea grant leases

on their expiry or for resettlement in accordance with the rules in force. It must not be forgotten that a resettlement necessitates a fresh survey and the appointment of additional staff and accordingly requires time.

Summary settlements.

53. If for any reason the proceedings for resettlement cannot be concluded before the date fixed for payment of the first instalment of the revenue after the expiry of current lease, the existing lease should be renewed summarily for a period of one year provided that the delay is not due to the neglect or obstruction of the lessee. The reason for the failure to renew the lease in due time should be reported to the Commissioner.

Renewal of leases.

Term of the lease.

54. The ordinary term of renewal of tea leases shall be for a period of 30 years.

Conditions of former lease to be maintained.

55. The terms of resettlement of tea grants must be based on the conditions laid down in the existing leases, provided that nothing shall be held to prevent the addition of such clauses in the renewed lease as may be deemed necessary and are not inconsistent with the law and rules or the express conditions of the grant. Such additional clauses, however, shall not have retrospective effect.

Type of renewal lease.

56. A standard form of renewal lease is given in Form C. This form must be used invariably in the case of renewals of preliminary leases granted under the rules of 1919, and should be adopted with necessary modifications for the renewal of leases originally granted under earlier rules. The counterpart, which the lessee should be called upon to execute, must be registered under the Indian Registration Act.

Rate of rent.

57. For leases granted prior to the issue of the rules of 1919, the rate of rent for land under tea shall not exceed the rate of rent per acre paid in the neighbourhood at the time of renewal for the highest class of land under ordinary cultivation, provided the average rate of rent shall be not less than Re. 1-4 per acre:

Provided also that when a lease is renewed for a grant on which there is a hat or market, the Deputy Commissioner will enquire into the income of the hat or market and the cost of maintaining it and the net profit and that in such cases a percentage of the net profit derived by the lessee from the hat or market may be added to the rent assessed under first part of this rule and the total will be the rent of the grant for the whole period of the lease.

NOTE.—The "rate of rent per acre paid in the neighbourhood at the time of renewal for the highest class of land under ordinary cultivations" does not refer to the rent paid by jotedars or any particular grade of tenants but to the rate which any chukandar or actual cultivator can, as experience has shown, afford to pay for the most fertile land growing rice, sugarcane or any other staple crop.

Refusal of renewal on breach of conditions.

58. When the lessee or his representative has failed to observe any of the essential conditions of the lease, he is not entitled as of right to resettlement. The clearance of the percentage of area as required by clause 4 of the preliminary lease (Form B) is one such essential condition and resettlement should not be allowed where there has been a failure to observe the clearance clauses, as companies and individuals cannot be permitted to take up large quantities of land merely to hold until it suits them to cultivate.

Condonement of breach of conditions.

59. Where the breach of any essential condition of the lease has been condoned, the lessee shall not be entitled to the benefit of any special conditions or privileges contained in his lease or renewal, but shall be required to accept the terms and conditions in the prescribed form of renewal lease (Form C).

Respect of special conditions.

60. Where all the essential conditions of the lease have been observed, the lessee is entitled to the benefit of any special privileges due to him on renewal according to the terms of his lease, even though they are inconsistent with the terms of the standard form of renewal lease. These privileges must be duly respected, but in drawing up the new form of lease regard must be had to the provisions of rules 55 and 56 above.

Sanction for renewal of leases.

61. Renewals should be sanctioned by the same authority as sanctioned the preliminary lease. When taking sanction of superior authorities, the Deputy Commissioner should report in the following form:—

(*a*) Description of survey required under rule 49.

(*b*) Report on condition of boundary lines and marks.

(*c*) Steps taken to ensure renewal of lease in due time (rules 52 and 53).

(*d*) Proposed rate of rent and method of assessment.

(*e*) Copy of existing form of lease.

(*f*) Proposed renewal form of lease (if not in prescribed form).

(*g*) Reasons for action taken for breach of condition of lease (rules 58 and 59).

(*h*) Explanation of clauses in proposed lease differing from the prescribed form.

At the time of sanctioning renewal or while submitting his report for obtaining the sanction of the superior authorities, as the case may be, the Deputy Commissioner should send a draft of the new lease containing the proposed rent, together with an explanation of the methods of assessment, to the lessee or his agent, intimating that the objections to the draft lease will be received within 30 days. On receipt of any objection the Deputy Commissioner may give the lessee an opportunity of being heard in support of his objections and will decide the objections himself if the sanction of the grant is within his competence or otherwise will forward his recommendations thereon to the higher authorities for consideration.

Appeals.

62. An appeal may be made to the Commissioner against any order of the Deputy Commissioner inflicting a fine or other penalty for a breach of the preliminary or renewal lease and an appeal may be made to the Board of Revenue against any order of the Commissioner ordering resumption of the land or the forfeiture of the lease.

SECTION IIIA.

Classification of leases.

63. The tea leases in Darjeeling can be classed in two broad divisions governed by the time when the grants were originally created:—

(*i*) Those created under ordinary cultivation leases with consequential modifications.

(*ii*) Those created under the tea lease rules of 1875 which were extended to Darjeeling in 1878.

The leases falling under class (*i*) do not restrict Government in the matter of assessment which must merely be at fair rates and the order of the Government of India that the rate of rent shall not exceed the rate paid in the neighbourhood at the time of renewal for the highest class of land under ordinary cultivation does not apply.

At the expiration of three years, all rights in the lands

(18) The lessee shall subscribe to the Labour Rules either of the Dooars Planters' Association or of the Indian Tea Planters' Association and the Memorandum of Agreement between the two Associations regarding the said Rules (which Rules and Agreement shall be those embodied in the copies filed in the Deputy Commissioner's office on——, subject to any modifications that may from time to time be made in them by the joint decision of the two Associations), and shall not withdraw from submission to the said Rules and Agreement before the end of the fifth year after the date of signature of this lease.

(19) And it is hereby agreed and declared that if within a period to be fixed by the Deputy Commissioner the lessee fail to subscribe to the said Rules and Agreement or if before the end of the fifth year from the date of signature of this lease, the lessee withdraw from submission to the said Rules and Agreement, the lessor may forthwith determine this lease, or, provided that the lessee within one month from the date fixed for subscribing to the said Rules and Agreement or from the date of withdrawal from submission thereto, subscribe to the said Rules and Agreement with retrospective effect, the Deputy Commissioner may impose such pecuniary penalty as with the sanction of the Commissioner he may think fit in lieu of the determination of the lease and the lessee shall forthwith on demand pay to the Deputy Commissioner the penalty so imposed.

(Any number of instalments may be entered, at the Magistrate's option, not exceeding twelve a year). But if at any time before the expiry of the period for which the ferry has been leased to me, I be removed therefrom for any beach of the terms and conditions of the lease, or for any wilful breach of any of the rules under section 15 of the Act, I shall be liable to pay rent up to and including the instalment due next after my removal. Provided that, if after my removal the ferry is leased to another person, or managed in any other way, and if thereupon any sum less than the amount originally due from me for the whole year shall have been recovered by the end of the year, I shall be liable for the difference between the amount originally due from me and the total amount recovered by the end of the year.

8. If the rates of toll are reduced during the currency of my lease, or the exemptions from the payment of it are extended, this agreement is to be modified accordingly. I shall be given a fair opportunity of satisfying the Magistrate as to the effect of the change, and if the terms proposed by him thereafter are not such as I can reasonably accept, I will, according to the law, immediately carry into effect the order reducing the rates of toll, or extending the exemption from payment of it, but will at the same time state that amount of rent I may be willing to pay under the altered circumstances of the case. Should my offer appear to the Magistrate to be inadequate, it shall be competent to him to remove me and place another person in charge of the ferry, and for such time as I remain in charge of the ferry after the issue of the order reducing the rates of tolls, or extending the exemption from payment of it, I shall pay rent only at the rate tendered by me.

9. If I make default in the payment of the rent for the ferry, or of any penalty which may be lawfully imposed or if I do not observe and perform the covenants herein contained, it shall be lawful for the Magistrate to remove me from the charge of the ferry and to settle the same with some other person. After such removal, I shall not be entitled to any part of the proceeds of the ferry or to levy any toll therefor. And if the rent on re-letting the ferry fall short of the amount at which it was leased to me, and the Government thereby incur loss, I shall be held responsible for such difference or loss, the amount of which may be deducted from my deposit. If the deposit does not cover the loss incurred, the rent due from me, and the amount of tolls refunded by the Magistrate under rule 21 of the rules under section 15 of the Act, the total amount which is deficient shall be recoverable in the manner set forth in section 12 of the Act.

10. I will not assign, sublet or part with the possession of the ferry without the previous consent, in writing, of the Magistrate.

11. I shall not claim any compensation on account of roads being closed for repairs, or being in bad order, or on account of inundations, or the breaking down of bridges, or the lowness of the river.

12. I.....do hereby execute the document on accepting the terms and conditions recited above.

STATEMENT OF OBJECTS AND REASONS.

The object of the present Bill for amendment of the Bengal Municipal Act, 1932, is mainly to remove certain anomalies to which attention of Government has been drawn from time to time. The Bill also incorporates some of the amendments proposed by certain non-official members of the Legislative Council in the Bills introduced by them in the Council during the last two years. Besides introducing a few important changes in regard to franchise qualifications and the term of the body of the appointed commissioners of newly created municipalities, and providing for a right of appeal with respect to the preparation of the electoral roll, provision has been made for allowing certain concession in regard to the payment of the conservancy rate to mills and factories, etc., contributing towards the cost of a sewerage scheme. Practical experience having shown that the provisions of section 465 are unworkable without a provision for the licensing of dogs, it is proposed to permit municipalities to levy a tax on dogs at their discretion, to prescribe the compulsory wearing of tokens by licensed dogs and to destroy, subject to appropriate safeguards, dogs not wearing tokens. The Bill also incorporates provisions on the lines of sections 100A, 100B and 100D of the Bengal Local Self-Government Act, 1885, for the proper control of fairs and *melas* within municipalities.

Opportunity has also been taken to remove certain practical difficulties experienced in the working of the Act.

B. P. SINGH ROY,

Member-in-charge.

CALCUTTA:

The 16th November, 1935.

NOTES ON CLAUSES.

Clause 2.—The amendment in section 3(*54*) is designed to make the intention clearer.

Clause 3(i).—The alteration in proviso (*2*) of section 16 is necessitated by the fact that the term of one year happens to be too short for the preparation of electoral rolls and for other preliminaries in connection with a general election for the re-constitution of a municipality.

Clause 3(ii).—The change in proviso (*3*) to section 16 is intended to remove a practical difficulty by making it clear that a commissioner may be appointed if he possesses the qualifications mentioned in section 23(*2*) even if his name does not appear on the electoral roll.

Clause 4.—The alterations in sub-sections (*1*) and (*2*) of section 18 are to make it clear that when the Local Government decides to increase the number of appointed commissioners to secure proper representation of industry and of labour, the appointments to the extra seats only should be made from persons directly concerned in or connected with such industry or industries and the labour employed therein.

The other change is designed to bring together the second part of clause (*i*) and clause (*ii*) as being more suitable.

Clause 5.—The amendments in section 23 are intended (*i*) to extend the franchise to persons paying cart-registration fees and (*ii*) to provide that in the case of the Municipality of Howrah payment of any sum as consolidated rate under the Calcutta Municipal Act, 1923, as extended to that municipality, will qualify a person to be a voter within that municipality.

Clause 6.—The change in section 25 (*3*) is designed to prevent the forfeiture of deposit made by a successful candidate who has failed to poll over ten per cent. of votes.

Clause 7.—The necessity of the proposed new section 25A is obvious. Through inadvertance an ineligible person may be elected a commissioner.

Clause 8.—The amendment in section 28 is to prevent attempts to procure an improper entry in the electoral roll.

Clauses 9 and 10.—The amendment in sections 30 and 36 are with a view to make the intention clearer.

Clauses 11, 12 and 13.—The amendments in sections 37 to 39 are intended to remove certain obscurities pointed out by the District Judge of the 24-Parganas.

Clause 14.—New section 39A is to make it clear that the Judge is authorized to confirm an election in certain cases.

New section 39B reproduces existing sub-section (*4*) of section 37 with a consequential amendment required by the enactment of proposed new section 39A.

Clause 15.—The amendment in section 57 will remove a practical difficulty.

Clause 16.—This amendment is intended to make sub-section (*3*) consistent with sub-section (*1*) of section 82.

Clause 17.—The omission will enable municipal fund to be applied to the training of medical practitioners in general.

Clauses 18 to 22.—These amendments reproduce existing sections 112, 113 and 114 with certain rearrangements to make the intention clearer.

In section 112 "three months" have been altered to "two months" so that nine months' actual may be available at the time of framing the budget.

Clause 23.—The addition proposed to clause (*a*) of section 122 which is based on clause (*ii*) of section 69B of the Bengal Municipal Act, 1884, will remove a want now felt.

Clause 25.—This amendment is to prevent a hardship now felt by certain mills who have contributed largely towards the cost of sewerage schemes.

The amendment in proposed clause (*iv*) of the proviso to section 126 (*3*) is designed to prevent double concession being allowed in any case.

Clause 27.—The amendment in section 136 is to avoid the necessity of appointing an assessor for intermediate assessments which may be made every year. It is only necessary to appoint an assessor for preparing new valuation lists once in every five years under section 137 (*1*).

Clause 29.—New section 144A is to provide that provisions of section 144 will apply to cases of succession by inheritance.

Clause 30.—The amendment in section 145(*2*) is to remove the difficulty of finding an impartial assessor who is at the same time familiar with local conditions.

Clause 33.—New section 198A is to include a provision authorizing the commissioners to frame rules for management of ferries.

Clause 34.—This amendment is to correct a clerical error.

Clause 35.—The amendment in section 250 is to make the intention clearer.

Clause 36.—The amendment in section 370(*1*) (*xii*) is to restrict the application of this provision to factories under the Indian Factories Act, 1911.

Clause 37.—New Chapter XVIIA contains provisions regarding control of fairs or *melas* on the lines of sections 100A, 100B and 100D of the Bengal Local Self-Government Act of 1885.

Clause 38.—This amendment is to remove a defect by taking power to frame rules for the maintenance and management of schools.

Clause 39.—This amendment will enable Government to extend the Calcutta Survey Act, 1887, to a municipality.

Clause 41.—New section 464A and the amendment in section 465 are designed to exercise more effective control over mad and stray dogs. The provisions of existing section 465 have been found to be unworkable in practice.

Clause 42.—The proposed amendment in section 500 provides suitable penalties for breaches of provisions of sections 144A, 182, 182B, 414A, 414B and 464A.

Clause 44.—New section 529A provides an appeal to the District Magistrate from the decisions of the committee appointed under section 21 (*1*). Complaints regarding unfair preparation of electoral roll have been bitter and common.

NOTIFICATION.

No. 4420 L.C.—2nd December, 1935.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 25th November, 1935, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE CALCUTTA MUNICIPAL (AMENDMENT) BILL, 1935.

A
BILL

further to amend the Calcutta Municipal Act, 1923.

WHEREAS it is expedient further to amend the Calcutta Municipal Act, 1923, in the manner hereinafter appearing; Ben. Act III of 1923.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Calcutta Municipal (Amendment) Act, 1935.

Amendment of section 20 of Bengal Act III of 1923.

2. In section 20 of the Calcutta Municipal Act, 1923,—

(*a*) after clause (*a*) of sub-section (*1*) the following clause shall be inserted, namely :—

"(*aa*) being or having been a person who keeps for use a motor vehicle for carrying passengers which is liable to the tax under the Bengal Motor Vehicles Tax Act, 1932, has paid to the Local Government a sum not less than twelve rupees in respect of such tax : Ben. Act I of 1932.

Provided that such payment has been made during and in respect of the year (or portion of the year) last preceding the year in which the election is held; or " and

(*b*) in sub-section (*2*) after the word, brackets and letter "clauses (*a*) " the brackets and letters "(*aa*)" shall be inserted.

Special provisions for general election to be held in 1936.

3. Notwithstanding anything contained in the Calcutta Municipal Act, 1923, or the rules made thereunder, the provisions of this Act shall apply to the general election to be held under the Calcutta Municipal Act, 1923, in the year 1936 and the Local Government may issue such orders as it may consider necessary to give effect to the provisions of this section.

STATEMENT OF OBJECTS AND REASONS.

Before the enactment of the Bengal Motor Vehicles Tax Act, 1932, a tax had to be paid to the Corporation on all carriages (which included motor vehicles ordinarily used for the conveyance of human beings) specified in Schedule VIII to the Calcutta Municipal Act, 1923; and under section 20(*1*)(*a*) of the Act every owner or person in charge of any carriage liable to the tax under Chapter XI, who had paid directly to the Corporation a sum not less than twelve rupees as such tax during and in respect of the year (or any portion of the year) last preceding the year in which the election is held, was qualified as an elector of a general constituency. This franchise has been taken away by the Bengal Motor Vehicles Tax Act, 1932, under which motor vehicles are no longer liable to the tax under the Calcutta Municipal Act, 1923. It is proposed to amend section 20 of the Calcutta Municipal Act, 1923, so as to restore this franchise, with effect from the general election to be held in the year 1936.

PART VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 26th September, 1935:—

L. A. Bill No. 34 of 1935.

A Bill to provide for the removal of Social Disabilities among certain classes of Hindus.

Whereas it is increasingly felt by the Hindu community that the disabilities, which are imposed by social custom and usage on certain classes of Hindus commonly known as Harijans, Untouchables, Backward communities and Depressed Classes, and which have been in certain matters even legally recognised in the adjudication of rights and duties in civil and criminal proceedings, are repugnant to modern conditions and ideas of justice and social solidarity and should no longer be recognised by law or otherwise enforced, but should be severely discouraged;

It is hereby enacted as follows:—

Short title and extent.

1. (*1*) This Act may be called the Removal of Civic Disabilities Act, 19 .

(*2*) It shall apply to the whole of British India.

*The Governor General has been pleased to accord the sanction required by section 67(*2*) of the Government of India Act.

Social disabilities not to be recognised by law.

2. Notwithstanding any law, custom, usage or prescription, to the contrary, no subject of His Majesty resident in British India shall, by reason merely of his belonging to any particular community or class among the Hindus known as Harijans, Untouchables, Depressed Class or Backward class or the like, be prevented or disabled from being appointed to any public office or enjoying or having access to any stream, river, public well, tank, pathway, convenience, or transport or any other service which the general public belonging to all other classes of Hindus have a right to enjoy or have access to or which is dedicated or maintained or licensed for the use of the general public, or which is maintained or paid for out of the funds of the State or local statutory authority.

And no Civil, Criminal or Revenue Court or public or local authority shall in adjudicating any matter or executing any order or carrying on the affairs entrusted to such authority recognise any usage or prescription under which it is sought to impose any civic disability or penalty on any person by reason of his belonging to any of the communities aforesaid, or by reason of any acts or omissions on the part of such person which would not furnish grounds for such penalty or disability if he did not belong to such community.

STATEMENT OF OBJECTS AND REASONS.

The custom of segregation of certain Hindu classes as outcaste and untouchable and the social and other disabilities they suffer under in consequence of such custom, have been the subject matter of universal condemnation. There has been continuous agitation on the part of the leaders of these Depressed Classes as they have been commonly called, as well as on the part of the reformers among the main body of Hindus to put an end to this custom of untouchability and to the disabilities arising therefrom. Recent events have brought this agitation to a head and there is at present a great wave of feeling throughout India for the removal of the disabilities of these Depressed Classes which in the interest of humanity and general welfare advantage should be taken of by the State. It is therefore desirable that a general law should be passed prohibiting the recognition of any rights, or disabilities arising out of the usage regarding untouchability, either in civil or criminal Courts.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 26th September, 1935:—

L. A. BILL No. 36 OF 1935.

A Bill to recognise and remove doubts as to the validity of inter-marriages current among Arya Samajists.

WHEREAS it is expedient to recognise and place beyond doubt the validity of inter-marriages of Arya Samajists; It is hereby enacted as follows:—

Short title and extent.

1. (*1*) This Act may be called the Arya Marriage Validation Act, 193 .

(*2*) It shall apply to the whole of British India and shall apply to all cases that may come up for decision after the passing of this Act whether the marriage in question took place before or after the passing of this Act.

Definition.

2. For the purpose of this Act "Arya Samajist" means a person who:—

(*a*) is a member of any Arya Samaj; or

(*b*) within five years of the passing of this Act or within one year of his marriage (whichever period expires last) executes a written document declaring himself to be Arya Samajist or in terms equivalent thereto; or

(*c*) is a member of the family of, or a relative dependent on, or a person under the guardianship of, any person mentioned in clause (*a*) or clause (*b*).

Explanation.—Where a document mentioned in clause (*b*) is registered under the Indian Registration Act, 1908, it shall be conclusive evidence of the fact of his being an Arya Samajist and no evidence shall be admissible to prove the contrary. XVI of 1908.

Marriage between Arya Samajists not to be invalid.

3. No marriage between Arya Samajists shall be invalid or shall be deemed ever to have been invalid by reason of the parties having belonged to different castes or sub-castes of Hindus or to different religions, any law or usage or custom to the contrary notwithstanding.

Succession.

4. For purposes of succession all inter-marriages referred to in section 3 of this Act shall be deemed to be marriages between persons of the same caste of (Dwijas) the twice born Hindus.

---

*The Governor General has been pleased to accord the sanction required by section 67 (*2*) (*b*) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

As the Arya Samajists who form quite an appreciable number of the Indian population conscientiously believe that the present caste system is not in accordance with their scriptures, the Vedas and the sacred Shastras and as according to the law as administered at present marriages between parties belonging by birth to different castes or sub-castes are considered invalid and there is a fear of the issue of such marriages being declared illegitimate and as quite a large number of such marriages have taken place and more would have taken place had there been no such obstacle, it is necessary to have a law which would give relief to the Arya Samajists. Hence the above law is proposed.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 26th September, 1935:—

L. A. BILL No. 37 OF 1935.

A Bill to validate marriages between different castes of Hindus.

WHEREAS it is expedient to validate marriages between Hindus of different castes for the purposes hereinafter appearing; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Hindu Marriage Validity Act, 19 .

Validity of marriages among Hindus.

2. No marriage among Hindus shall be invalid by reason that the parties thereto do not belong to the same caste, any custom or any interpretation of Hindu Law to the contrary notwithstanding.

*The Governor General has been pleased to accord the sanction required by section 67 (2) (*b*) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

Under the Hindu Law as interpreted, marriages between Hindus of different castes are held illegal. This interpretation, besides being open to question, has caused serious hardship in individual cases and is calculated to retard the progress of the community. The Bill, therefore, seeks to provide that such marriages shall not be invalid.

The following Bill* was introduced in the Legislative Assembly on the 26th September, 1935:—

Short title.

1. This Act may be called the Child Marriage Restraint (Amendment) Act, 1935.

Amendment of section 2, Act XIX of 1929.

2. In clause (*c*) of section 2 of the Child Marriage Restraint Act, 1929 (hereinafter referred to as the said Act), between the words "is" and "thereby" the words "or is about to be" shall be inserted. XIX of 1929.

3. For section 9 of the said Act, the following shall be substituted, namely:—

"9. (*ii*) sub-section (*2*) shall be omitted.

Insertion of new sections 12, 13 and 14 in Act XIX of 1929.

5. The following sections shall be added as sections 12, 13, and 14 of the said Act, namely:—

"12. (*1*) Notwithstanding anything to the contrary contained in this Act, the Court may, if satisfied from information laid before it through a complaint or otherwise, that a child marriage in contravention of this Act has been arranged or is about to be solemnised, issue an injunction against any of the persons mentioned in sections, 3, 4, 5 and 6 of this Act prohibiting such marriage.

---

*The Governor General has been pleased to accord the sanction required by section 67 (2) (*b*) of the Government of India Act,

(*2*) Whoever knowing that an injunction has been issued against him under sub-section (*1*) of this section disobeys such injunction shall be punished with imprisonment of either description for a term which may extend to three months or with a fine which may extend to one thousand rupees or with both.

13. Upon conviction under this Act and in addition to the penalties provided therein, the Court may require the husband of a female child (or, if he be a minor, the person having charge of him in any capacity whatsoever) to furnish a bond, with or without sureties, for the separate living, custody and maintenance of the wife and for preventing the consummation of the marriage until she ceases to be a child or until such later date as the Court may appoint.

14. A bond taken under section 11 or section 13 of this Act shall be deemed to be a bond taken under the Code of Criminal Procedure, 1898, and the provisions of Chapter XLII of that Code shall apply accordingly." V of 1898.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to amend the Act towhich it refers (commonly known as the Sarda Act) by three provisions aimed at facilitating the more effective enforcement of the Act:—

First by putting it beyond question that the Courts empowered to take proceedings under the Act may at their discretion issue an injunction prohibiting a marriage arrnaged in contravention of the Act.

Already Civil Courts in Bombay Presidency are known in several cases to have issued injunction orders against marriages known to have been arranged in contravention of the Act. It is not known whether similar action has been taken in any other Province. But since doubts have been thrown upon the legality or practicability of this method, it seems desirable to remove such doubts by providing for it directly through the proposed amendment. The draft Bill proposes to impose a higher maximum penalty for the breach of such an injunction than the penalty provided in the Act in the case of prosecutions after the marriage has already taken place, on the ground that breach of a Court injunction involves contempt of Court.

Secondly, by permitting the Court to take proceedings under the Act upon its own motion, without requiring the execution of a bond or taking security.

It is known that one of the principal impediments to the enforcement of the Sarda Act at present lies in the obligation placed upon the complainant to incur the publicity of a formal complaint and, if required by the Court to excute a bond, to incur also the risk of losing the sum mentioned in the bond. The proposed amendment would enable the Court to proceed upon information obtained privately after taking such steps as it might think necessary to satisfy itself of the correctness of the information.

Thirdly, by enabling the Court to require the husband of a child wife (or if he is a minor, his guardian) to make provision for the separate custody and maintenance of the child wife and to refrain from consummating the marriage until she reaches the legal age for marriage, or until a later date if it thinks necessary.

A provision of this kind was recommended by the Age of Consent Committee (commonly called the Joshi Committee), page 198, paragraph 23. In default of such a provision, those who have the welfare of an illegally married child wife at heart are often deterred from prosecuting the offenders by the knowledge that the prosecution, even if successful, will not rescue the child from the dangers of premature marital intercourse and may actually cause her to be maltreated by the husband or his family in revenge for the prosecution.

The following Bill* was introduced in the Legislative Assembly on the 26th September, 1935:—

L. A. BILL No. 39 OF 1935.

A Bill to make provision for the application of the Moslem Personal Law (Shariat) *to Moslems in British India.*

WHEREAS it is expedient to make provision for the application of the Moslem Personal Law (*Shariat*) to Moslems in British India; It is hereby enacted as follows:—

Short title and extent.

1. (*1*) This Act may be called the Moslem Personal Law (*Shariat*) Application Act, 1935.

(*2*) It shall extend to the whole of British India including British Baluchistan.

Application of Personal Law to Moslems.

2. Notwithstanding any custom, usage or law to the contrary, in all questions regarding succession, special property of females, betrothal, marriage, divorce, maintenance, dower, adoption, guardianship, minority, bastardy, family relations, wills, legacies, gifts, partitions, any religious usage or institution including *Wakf* (trust and trust property), the rule of decision in cases where the parties are Moslems shall be the Moslem Personal Law (*Shariat*).

*The Governor General has been pleased to accord the sanction required by section 67 (*2*) (*b*) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

For several years past it has been the cherished desire of the Muslims of British India that Customary Law should in no case take the place of Muslim Personal Law. The matter has been repeatedly agitated in the press as well as on the platform. The Jámiat-ul-Ulema-i-Hind, the greatest Moslem religious body has supported the demand and invited the attention of all concerned to the urgent necessity of introducing a measure to this effect. Customary Law is a misnomer inasmuch as it has not any sound basis to stand upon and is very much liable to frequent changes and cannot be expected to attain at any time in the future that certainty and definiteness which must be the characteristic of all laws. The status of Muslim women under the so-called Customary Law is simply disgraceful. All the Muslim Women Organisations have therefore condemned the Customary Law as it adversely affects their rights. They demand that the Muslim Personal Law (*Shariat*) should be made applicable to them. The introduction of Muslim Personal Law will automatically raise them to the position to which they are naturally entitled. In addition to this the present measure, if enacted, would have very salutary effect on society because it would ensure certainty and definiteness in the mutual rights and obligations of the public. Muslim Personal Law (*Shariat*) exists in the form of a veritable code and is too well known to admit of any doubt or to entail any great labour in the shape of research, which is the chief feature of Customary Law.
